

Faber 106.0708.173

Faber 4 Burner 63cm Cooktop (Model 106.0708.173) User Manual

Your guide to safe installation, operation, and maintenance.

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before using this appliance. Failure to follow these instructions may result in fire, electric shock, or personal injury. Keep this manual for future reference.

- Ensure proper ventilation in the kitchen area during operation.
- Do not store flammable materials near the cooktop.
- Keep children away from the appliance during use.
- Do not use the cooktop if the glass surface is cracked or broken.
- Always use appropriate cookware for the burner size.
- Turn off all burners and the gas supply when not in use.
- Installation must be performed by a qualified technician in accordance with local regulations.

3. SETUP AND INSTALLATION

This section outlines the steps for unpacking and installing your Faber cooktop. Professional installation is recommended.

3.1 Unpacking

1. Carefully remove the cooktop from its packaging.
2. Inspect the appliance for any damage incurred during transit. Report any damage to your retailer immediately.
3. Ensure all included components are present: 1 Gas Stove, 1 Warranty Card, 1 User Manual, Cleaning Pin, Batti Stand.

3.2 Installation Requirements

- The cooktop requires a stable, level surface for installation.
- Ensure adequate clearance from walls and overhead cabinets as per local safety standards.
- A certified gas connection point must be available.
- The kitchen area must have proper ventilation.

Image 3.1: Overhead view of the cooktop indicating approximate dimensions: 635mm width, 500mm depth, and 110mm height.

4. OPERATING INSTRUCTIONS

Follow these steps to safely operate your Faber cooktop.

4.1 Lighting a Burner

1. Place your cookware centrally on the pan support over the desired burner.
2. Push down and turn the corresponding control knob counter-clockwise to the "Ignite" or "High" position.
3. Hold the knob down for a few seconds until the flame ignites. If the flame does not ignite, release the knob and repeat the process.
4. Once ignited, adjust the flame to the desired intensity by turning the knob between the "High" and "Simmer" positions.

4.2 Turning Off a Burner

To turn off a burner, turn the control knob clockwise until it clicks into the "OFF" position. Ensure the flame is

completely extinguished.

5. MAINTENANCE AND CLEANING

Regular cleaning and maintenance will ensure the longevity and optimal performance of your cooktop.

5.1 Daily Cleaning

- Allow the cooktop to cool completely before cleaning.
- Wipe the glass surface with a soft cloth and a mild detergent or glass cleaner. Avoid abrasive cleaners.
- Remove and clean the SS drip trays and pan supports with warm soapy water. Dry thoroughly before replacing.

5.2 Burner Maintenance

- Periodically remove the burner caps and crowns. Clean them with warm soapy water and a soft brush.
- Ensure the burner ports are clear of food debris. Use the provided cleaning pin if necessary.
- Ensure all burner components are completely dry before reassembling them. Incorrect reassembly can lead to improper flame.
