

## Baasha 154

# Baasha Vintage Reclining Barber Chair Model 154 Instruction Manual

Your guide to assembly, operation, and care.

## 1. INTRODUCTION

---

Thank you for choosing the Baasha Vintage Reclining Barber Chair Model 154. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new barber chair. Please read all instructions carefully before use and retain this manual for future reference.

## 2. SAFETY INFORMATION

---

**WARNING: Failure to follow these safety instructions may result in injury or damage to the product.**

- Do not exceed the maximum weight capacity of 300 pounds.
- Improper use of the 360° swivel function may result in injury. Ensure the chair is stable before use.
- Keep hands and feet clear of moving parts during adjustments.
- Ensure all components are securely fastened before allowing a client to use the chair.
- Use only genuine Baasha replacement parts if repairs are necessary.

## 3. PACKAGE CONTENTS

---

Verify that all components are present before beginning assembly:

- 1 x Baasha Vintage Reclining Barber Chair (disassembled)
- 1 x Instruction Manual
- 1 x Set of Assembly Tools

This image displays the fully assembled Baasha Vintage Reclining Barber Chair Model 154, showcasing its black and gold design, adjustable headrest, and footrest. It represents the complete product after successful assembly.

## **4. SETUP**

---

The Baasha Vintage Reclining Barber Chair requires assembly. Please follow the included instructions and tools for proper setup. It is recommended to have two people for assembly.

### **Step-by-Step Assembly:**

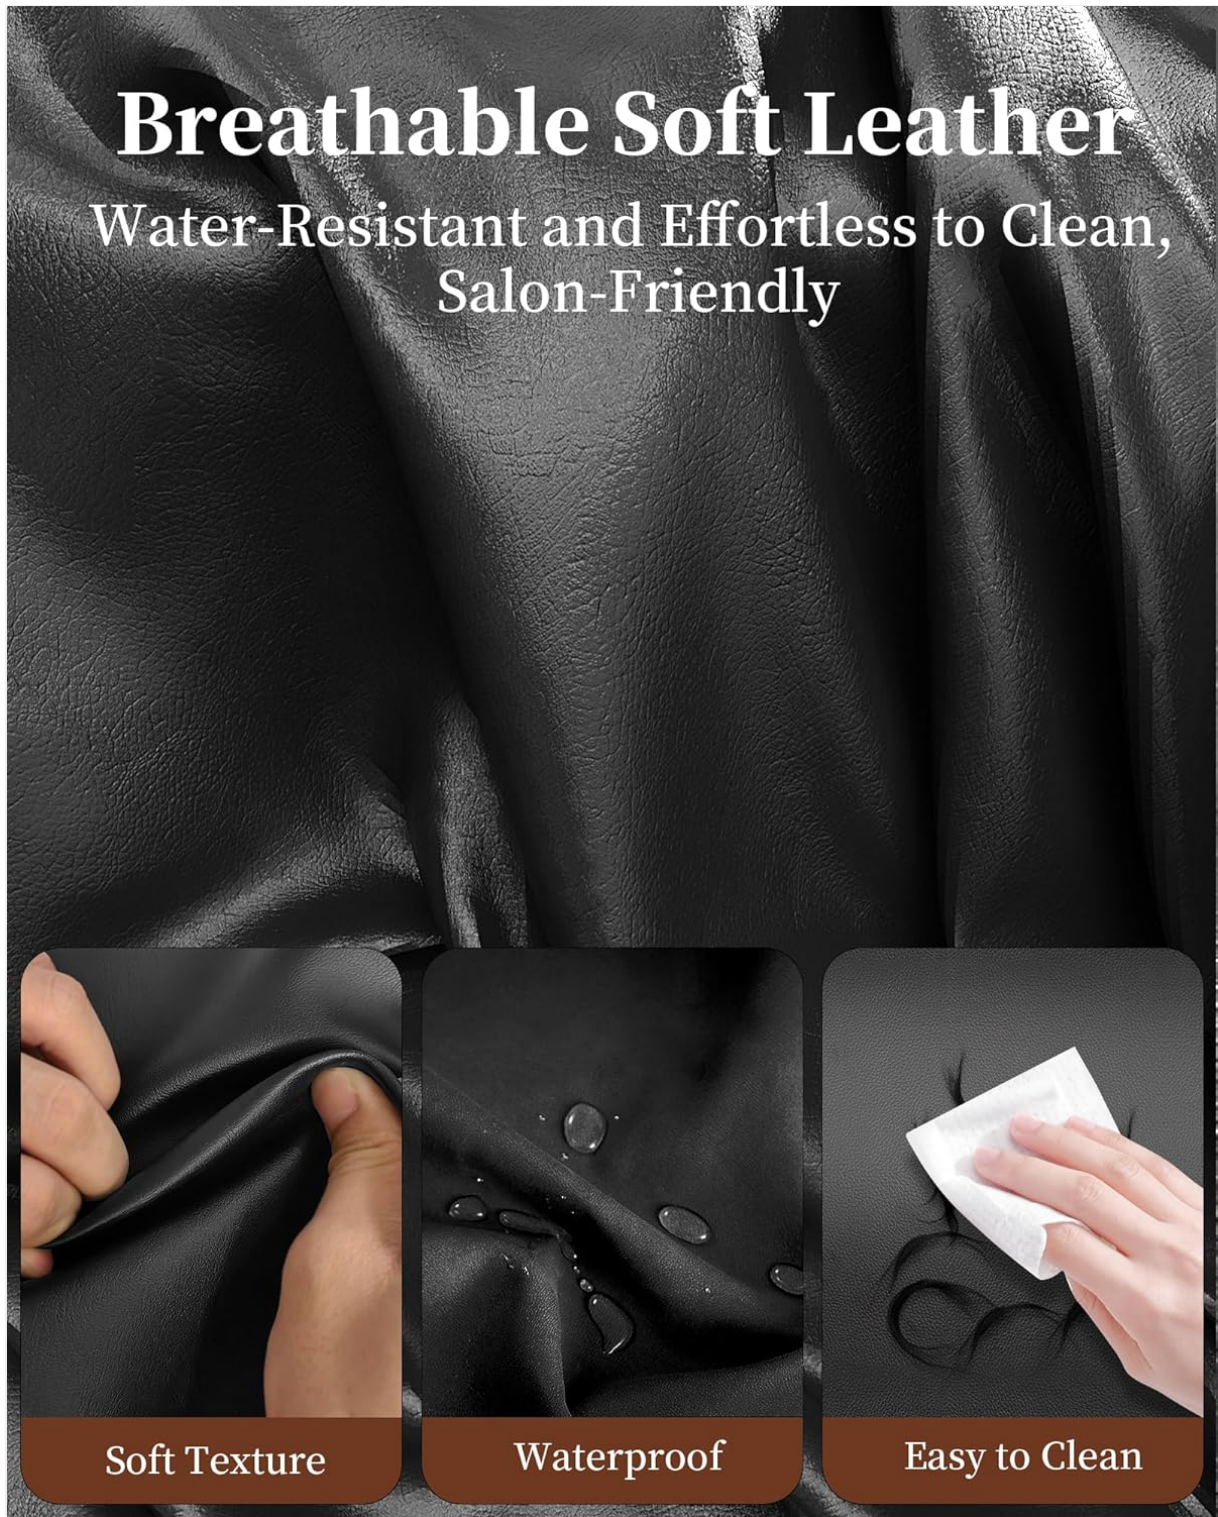

1. Unpack all components and lay them out on a clean, flat surface.
2. Attach the chair base to the hydraulic pump.
3. Secure the seat frame to the hydraulic pump.
4. Install the backrest onto the seat frame.

5. Attach the armrests to the chair.
6. Assemble and attach the footrest and leg rest components.
7. Insert the adjustable headrest into its slot.
8. Verify all bolts and connections are tight and secure.

This image provides a visual representation of the chair's dimensions, including height, width, and depth, which can be helpful during the assembly process to ensure proper spacing and fit within your salon environment.

*Figure 4.2: Detail of the heavy-duty hydraulic pump and base.*

This image highlights the robust stainless steel foundation, including the heavy-duty hydraulic pump and oversized base, which are crucial for the chair's stability and durability. Proper installation of these components is vital for safe operation.

## 5. OPERATING INSTRUCTIONS

---

The Baasha Vintage Reclining Barber Chair offers multiple adjustments for client comfort and service versatility.

### Adjusting the Chair:

- **Height Adjustment:** Use the hydraulic pump lever located on the side of the chair to raise or lower the seat to the desired height.
- **Reclining Back:** The backrest can recline up to 165°. Use the recline lever (typically on the side) to adjust the angle. Ensure the client is properly seated before reclining.
- **360° Swivel:** The chair features a full 360° swivel. To lock the swivel, engage the locking mechanism (refer to specific lever in assembly diagram).
- **Adjustable Headrest:** The headrest is removable and adjustable to accommodate various client heights and service needs. Simply slide it up or down, or remove it completely.

# Smooth Lifts, Unparalleled Safety

Heavy-duty Hydraulic Pump Withstand **440 lbs**

## 6. MAINTENANCE

---

Proper maintenance ensures the longevity and optimal performance of your Baasha Barber Chair.

- **Cleaning:** The chair features soft, breathable, waterproof leather upholstery. Wipe down surfaces regularly with a damp cloth and mild soap. Avoid harsh chemicals or abrasive cleaners.
- **Hydraulic System:** Periodically check the hydraulic pump for smooth operation. If resistance is felt, consult a qualified technician.
- **Fasteners:** Regularly inspect all bolts and screws to ensure they are tight. Tighten any loose fasteners to prevent instability.
- **Moving Parts:** Lubricate moving parts (e.g., recline mechanism, swivel base) as needed with a silicone-based lubricant to ensure smooth operation.

*Figure 6.1: Close-up of the breathable soft leather upholstery.*

This image provides a close-up view of the chair's breathable soft leather, demonstrating its texture and highlighting its water-resistant and easy-to-clean properties, which are beneficial for maintenance.

## 7. TROUBLESHOOTING

---

If you encounter issues with your Baasha Barber Chair, refer to the following common problems and solutions:

- **Chair is unstable or wobbly:** Check all assembly bolts and ensure they are securely tightened. Verify the base is on a flat, even surface.
- **Hydraulic pump not raising/lowering:** Ensure the hydraulic lever is fully engaged. Check for any

obstructions or damage to the pump mechanism. If the issue persists, professional service may be required.

- **Recline mechanism is stiff:** Apply a small amount of lubricant to the recline joints. Ensure no debris is obstructing the mechanism.
- **Footrest not moving smoothly:** Check for obstructions and lubricate hinges if necessary.

## 8. SPECIFICATIONS

---
