Torondo floor-A

Torondo Dimmable LED Floor Lamp (Model: floor-A) Instruction Manual

Your guide to assembly, operation, and care.

INTRODUCTION

Thank you for choosing the Torondo Dimmable LED Floor Lamp. This modern arc floor lamp is designed to provide versatile and comfortable lighting for various indoor environments. Featuring adjustable brightness, three color temperatures, and convenient control options, it enhances your space with both functionality and style.

SAFETY INSTRUCTIONS

- Ensure the power supply voltage matches the lamp's requirements (110 Volts AC).
- Do not disassemble or modify the lamp. Refer to qualified personnel for repairs.
- Keep the lamp away from water and moisture. It is not water resistant.

- Place the lamp on a stable, level surface to prevent tipping. The weighted metal base is designed for stability, but caution is advised.
- Avoid looking directly into the LED light source for extended periods.
- Unplug the lamp from the power outlet before cleaning or performing any maintenance.

PACKAGE CONTENTS

Verify that all components are present before assembly:

- LED Arc Floor Lamp (main body in multiple pieces)
- Weighted Metal Base
- Remote Control
- Power Adapter
- Assembly Tools (wrench, screws)
- Instruction Manual

SETUP AND ASSEMBLY

Follow these steps to assemble your Torondo LED Floor Lamp:

1. **Attach the Base:** Loosen the two screws on the lamp pole. Align the lamp pole with the weighted metal base and tighten the two screws securely.
2. **Connect LED Sections:** Insert the LED light section into the main pole and tighten any connecting screws.
3. **Connect Power Adapter:** Connect the power adapter to the lamp's power input and then plug it into a standard 110V AC wall outlet.

OPERATING INSTRUCTIONS

Your Torondo LED Floor Lamp offers multiple ways to control its lighting features:

Remote Control

The included remote control allows you to adjust the lamp from a distance of up to 98.4 feet. It provides comprehensive control over brightness, color temperature, and various lighting modes.

- **Power On/Off:** Use the 'ON' and 'OFF' buttons.
- **Brightness Adjustment:** Use the sun icon buttons (brighter/dimmer) for stepless dimming from 0-100%.
- **Color Temperature Selection:** Use the snowflake (cool white), sun (warm white), or moon (natural white) icons to cycle through 3000K (Warm White), 4000K (Natural White), and 6000K (Daylight White).
- **Preset Modes:** The remote may include preset modes for reading, working, mood setting, or sleeping.

Foot Switch Control

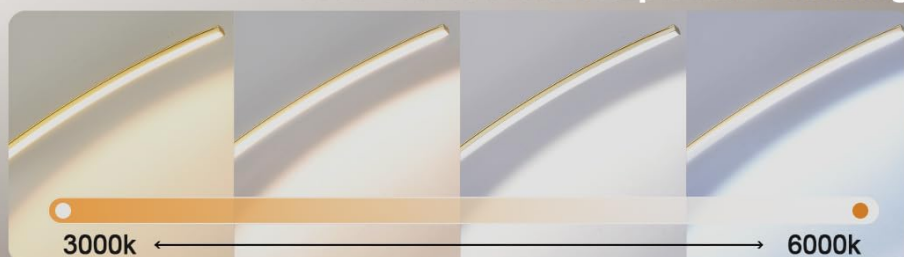

For quick and easy operation, the lamp features a convenient foot pedal switch on the power cord. Simply step on the switch to turn the lamp on or off.

Dimming and Color Temperature

The lamp offers stepless dimming from 0-100% and three color temperature options (3000K-6000K) to suit your preferences and activities. These adjustments are primarily made via the remote control.

STEPLESS DIMMABLE

3000-6000K Color Temperature Dimming

10%-100% Stepless Brightness Dimming

FEATURES

- **Ultra Bright Lighting:** Provides up to 2000 lumens, suitable for reading and working.
- **Eye Protection:** Soft, flicker-free lights reduce glare and dazzling, offering a comfortable experience for extended use.
- **Modern Design:** Features smooth, curved lines and a space-saving design that complements various interior styles.
- **Sturdy and Secure:** Equipped with a weighted metal base and anti-skid pad to prevent accidental tipping.
- **Magnetic Remote Control:** The remote can be magnetically attached to the lamp pole for convenient storage.

MAINTENANCE

- **Cleaning:** Wipe the lamp with a soft, dry cloth. Do not use abrasive cleaners or solvents, as they may damage the finish.
- **Bulb Replacement:** The LED light source is integrated and designed for a long lifespan (50,000 hours), eliminating the need for frequent bulb replacements.
- **Cord Care:** Regularly inspect the power cord and plug for any damage. If damaged, discontinue use and contact customer support.

TROUBLESHOOTING

- **Lamp Not Turning On:**
 - Ensure the power adapter is securely plugged into both the lamp and a working wall outlet.
 - Check if the wall outlet is functional by plugging in another device.
 - Verify that the remote control batteries are correctly inserted and not depleted.
- **Remote Control Not Responding:**
 - Ensure there are no obstructions between the remote and the lamp.
 - Replace the remote control batteries if necessary.
 - Ensure you are within the effective range (up to 98.4ft).
- **Light Flickering or Uneven:**
 - Check for loose connections in the lamp assembly.
 - If the issue persists, contact customer support.

WARRANTY AND SUPPORT

Torondo proudly offers a **36-month service warranty** for this product. If your standing lamp has any defects or stops working within 3 years of purchase, we will assist with troubleshooting or provide a replacement product.

For any assistance, please contact our customer support team. We are committed to responding to your inquiries within 24 hours.

Contact information can typically be found on the product packaging or the official Torondo website.
