

Aheaplus D3C1

Aheaplus Wood Clothes Rack Wardrobe Closets Instruction Manual

Model: D3C1

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Aheaplus Wood Clothes Rack Wardrobe Closets. Please read carefully before beginning assembly.

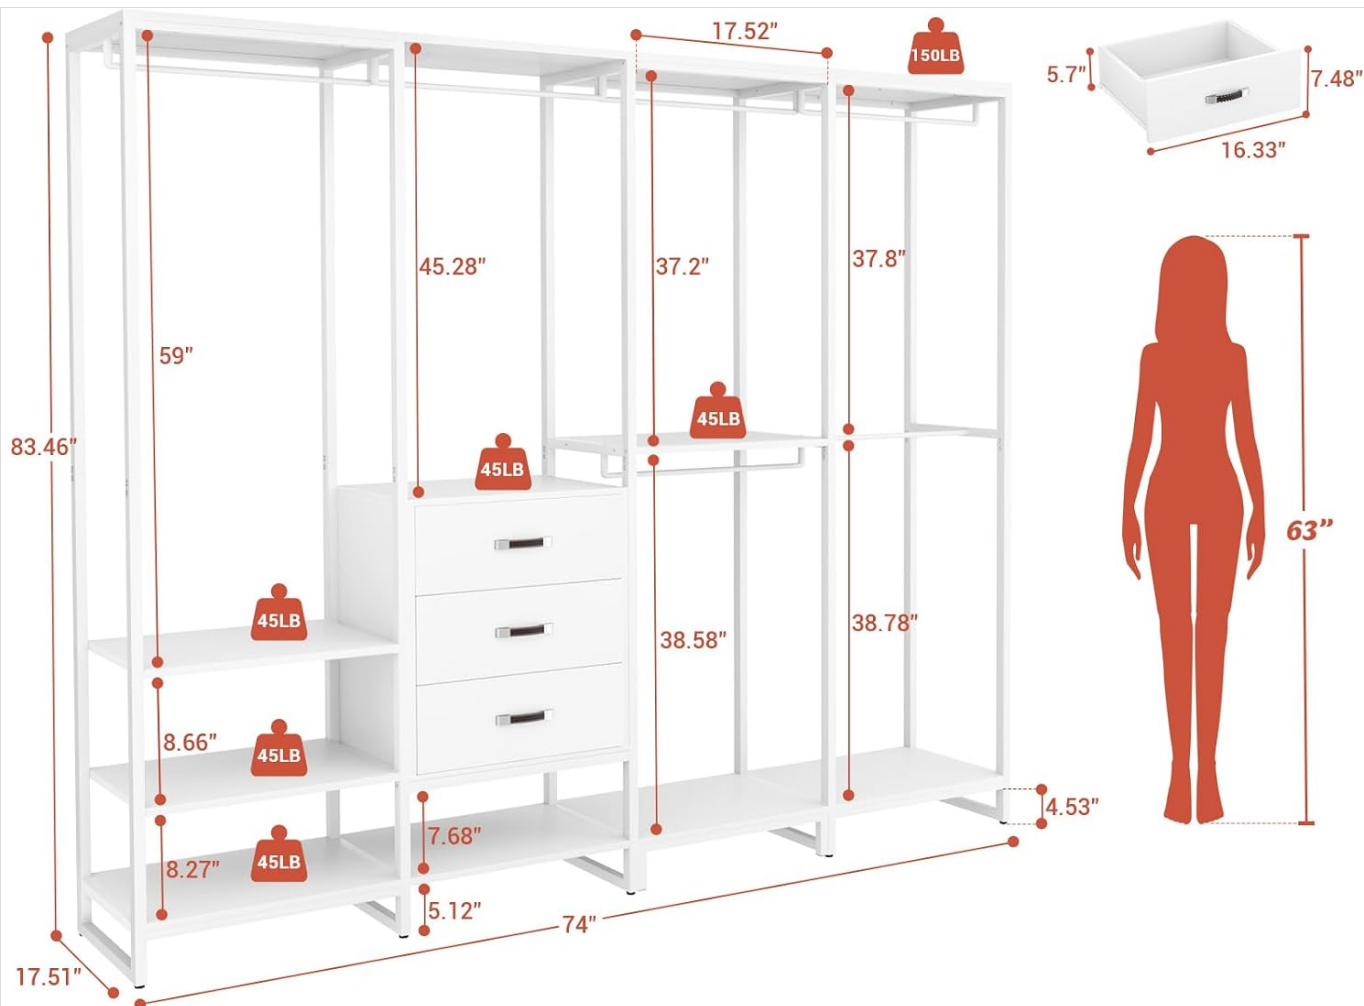

1. IMPORTANT SAFETY INFORMATION

- Always follow assembly instructions carefully.
- Ensure all connections are securely tightened before use.
- Do not exceed the maximum load capacity of 1000 lbs for the entire unit, or 120 lbs for a single hanging rod.
- **Anti-tip kits are included:** To prevent injury from unexpected tipping, especially in households with children, securely attach the anti-tip kits to the wall as instructed during assembly.
- Keep small parts and packaging materials away from children.

2. PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning assembly. The product will be packaged in two separate boxes, which may arrive at different times.

- 1 x Garment Rack (various metal frames and wood panels)
- 1 x Assemble Kit (all necessary hardware & tools included, all parts labeled)
- 1 x Instruction Manual (this document)

The Clothes Rack will be delivered in 2 boxes and you may receive them at different time.

3. ASSEMBLY PREPARATION

For an efficient and safe assembly process, please note the following:

- **Recommended Tools:** An electric drill is recommended for faster and easier installation.
- **Team Size:** 2-3 people are recommended for assembly due to the size and weight of components.
- **Initial Tightening:** Put screws in loosely until all pieces are together, then tighten them all. This allows for adjustments and saves time if a mistake is made.

4. ASSEMBLY INSTRUCTIONS

Follow the step-by-step instructions provided in the included assembly kit. The general process involves:

1. Unpacking and identifying all labeled parts and hardware.
2. Assembling the main metal frame structures.
3. Installing the wood shelves and panels.
4. Assembling and inserting the three wooden drawers. The drawers can be installed in the middle, left, or right sections, and their colors can be adjusted.
5. Attaching the metal hanging rods.
6. Securing the anti-tip kits to a wall for stability.

The modular design allows for various installation methods to fit different space requirements, including a straight-lined shape for walk-in closets or an L-shape for corners.

5. PRODUCT FEATURES AND USAGE

The Aheplus Wood Clothes Rack Wardrobe Closets are designed for versatile storage and organization.

- **Hanging Rods:** Equipped with 6 metal rods, providing ample space for hanging clothes such as shirts, dresses, coats, and jackets. Each rod can support up to 120 lbs.
- **Storage Shelves:** Features 11-tier storage shelves for folded clothing, shoes, accessories, and other items. The top shelf can be used for less frequently used items like luggage or bedding.

- **Wooden Drawers:** Includes three wooden drawers mounted on ball-bearing slides for smooth and silent operation, ideal for storing smaller items, socks, or underwear.
- **Heavy-Duty Construction:** Made from high-quality MDF and a thick steel structure, ensuring stability and durability. The unit has a recommended maximum load capacity of 1000 lbs.

6. CARE AND MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.

- **Load Distribution:** Distribute weight evenly across shelves and hanging rods to maintain stability and prevent damage.

7. TROUBLESHOOTING

- **Wobbly Unit:** Ensure all screws are fully tightened. Verify that the anti-tip kits are properly installed and secured to the wall.
- **Drawers Not Sliding Smoothly:** Check that the drawer slides are correctly aligned and free from obstructions. Ensure the drawers are not overloaded.
- **Missing Parts:** If any parts are missing or damaged upon delivery, please contact customer support immediately.
