

## AJAZZ AKP153

# AJAZZ AKP153 Stream Controller User Manual

Model: AKP153

## 1. INTRODUCTION

The AJAZZ AKP153 Stream Controller is a powerful and versatile device designed to enhance your digital workflow, whether for streaming, gaming, video editing, or music production. Featuring 15 customizable macro keys and a dynamic side screen, this controller provides intuitive control over your applications and system functions. This manual provides detailed instructions for setup, operation, and maintenance to ensure optimal performance.

## 2. PRODUCT OVERVIEW

The AJAZZ AKP153 Stream Controller is a compact and ergonomic device that integrates seamlessly into your desktop setup. It features 15 programmable LCD keys and a versatile side screen for real-time information display.

### Key Features:

- **15 Customizable LCD Keys:** Instantly trigger unlimited actions with tactile feedback and visual confirmation.
- **Versatile Side Screen:** Display essential system information such as CPU usage, temperature, memory status, and weather updates.
- **Workflow Automation:** Create complex macros to execute multiple actions sequentially or simultaneously with a single press.
- **Broad Compatibility:** Works with both Mac and PC operating systems.
- **USB-C Connectivity:** Reliable and fast connection with a detachable braided cable.

### What's in the Box:

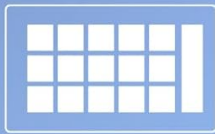

- AJAZZ AKP153 Stream Controller
- Desktop Stand
- USB-C Braided Cable (1.5m)

## 3. SETUP

Follow these steps to set up your AJAZZ AKP153 Stream Controller.

### 3.1 Physical Connection

1. Place the AJAZZ AKP153 on your desktop. You may use the included desktop stand for optimal tilt.
2. Connect one end of the provided USB-C braided cable to the USB-C port on the back of the AKP153.
3. Connect the other end of the USB-C cable to an available USB port on your computer (PC or Mac).
4. The device should power on automatically.

## 3.2 Software Installation

To fully utilize the customization features of the AKP153, you need to install the dedicated software. The software supports streaming, gaming, audio, and MIDI applications.

1. Visit the official AJAZZ website to download the latest version of the AKP153 control software.
2. Follow the on-screen instructions to complete the installation.
3. Launch the software after installation. The software should automatically detect your connected AKP153 device.

## 4. OPERATING INSTRUCTIONS

The AJAZZ AKP153 is designed for intuitive control. This section details how to customize and operate its features.

### 4.1 Customizing the 15 LCD Keys

Each of the 15 LCD keys can be programmed to perform a wide range of actions, from launching applications to executing complex macros.

1. Open the AJAZZ AKP153 control software.
2. In the software interface, select the key you wish to customize.
3. Choose an action from the available options (e.g., launch application, hotkey, multi-action, switch profile).
4. Assign a custom icon to the key for visual identification.
5. Save your changes. The key's function and icon will update instantly on the device.

## 4.2 Utilizing the Versatile Side Screen

The side screen provides real-time feedback and information, enhancing your situational awareness during tasks.

1. In the control software, navigate to the 'Side Screen' settings.
2. Select the metrics you wish to display, such as CPU usage, temperature, memory load, or local weather updates.
3. Arrange the display order and customize visual elements as desired.
4. Save your configuration. The side screen will update to show your selected information.

### 4.3 Automating Workflow

The AKP153 excels at streamlining complex tasks through multi-actions and profiles.

- **Multi-Actions:** Combine several actions into a single key press. For example, a single key can launch your streaming software, open your chat, and switch to your 'live' scene.
- **Profiles:** Create different profiles for various applications or tasks. The controller can automatically switch profiles when you open a specific application, providing context-sensitive controls.

## 5. MAINTENANCE

Proper care and maintenance will ensure the longevity and optimal performance of your AJAZZ AKP153 Stream Controller.

- **Cleaning:** Use a soft, dry, lint-free cloth to wipe the surface of the device. For stubborn smudges, lightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use for extended periods, store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid bending or twisting the USB-C cable excessively to prevent damage.
- **Software Updates:** Regularly check the AJAZZ website for software and firmware updates to ensure compatibility and access to new features.

## 6. TROUBLESHOOTING

If you encounter issues with your AJAZZ AKP153, refer to the following troubleshooting steps.

## Common Issues and Solutions:

- **Device Not Recognized:**
  - Ensure the USB-C cable is securely connected to both the device and your computer.
  - Try connecting to a different USB port on your computer.
  - Restart your computer.
  - Reinstall the AJAZZ AKP153 control software.
- **Keys Not Responding:**
  - Verify that the device is recognized by the software.
  - Check your key assignments in the software to ensure they are correctly configured.
  - Ensure the correct profile is active for the application you are using.
- **Side Screen Not Displaying Information:**
  - Confirm that the side screen settings are configured in the software.
  - Ensure the necessary monitoring tools (e.g., for CPU/memory) are enabled and accessible by the software.
- **Software Crashes or Freezes:**
  - Update the software to the latest version.
  - Ensure your operating system is up to date.
  - Temporarily disable any conflicting background applications.

If these steps do not resolve your issue, please contact AJAZZ customer support for further assistance.
