KEY FEATURES

- **Built-in GPS & 6 Satellite Positioning:** Dual-band and 6-satellite system for fast and accurate positioning, 2-3 times faster than standard smartwatches. Includes internal compass, altitude pressurization, and altimeter sensors.
- **Military Grade Standard (MIL-STD-810H) Stainless Steel Body:** Features Corning Gorilla screen (Mohs hardness up to 9H) and military-grade stainless steel for extreme durability. Passed 15 military tests including salt spray, rain, and impact.
- **5ATM & IP69K Waterproof:** Designed for swimming and diving, capable of immersion in 50M deep water.
- **470mAh Extra-Large Battery:** Pure cobalt-based battery offering up to 2 weeks of normal use and over 40 days in power-saving mode, thanks to an industry-breaking super power-saving AI algorithm.
- **1.43" Ultra Large AMOLED Display:** 100% RGB color gamut and up to 1000NIT brightness for clear and gorgeous visuals. Supports "Always On Display" mode.
- **Answer/Make Calls & AI Voice Assistant:** Bluetooth calling functionality and an AI voice assistant for hands-free control, music playback, weather checks, alarms, and timers.
- **Health Monitoring & 170 Exercise Modes:** Real-time monitoring of sleep, 24-hour heart rate, and blood oxygen. Includes a pedometer and supports 170 sports modes with 6 intelligent sports recognition features for precise data tracking.
- **Message Notifications:** Receive and read texts and social media notifications directly on your wrist.

SETUP AND CONNECTIVITY

Initial Setup and Pairing

To begin using your AMAZTIM T3 Ultra Smart Watch, you need to pair it with your smartphone via the KOSPET FIT app. The watch is compatible with both iOS and Android devices.

1. **Download the KOSPET FIT App:** Search for "KOSPET FIT" on the Google Play Store (for Android) or Apple App Store (for iOS) and install it on your smartphone.
2. **Enable Bluetooth:** Turn on Bluetooth on your smartphone.
3. **Add Device:** Open the KOSPET FIT app, go to the "Device" section, and tap "Add a new device."
4. **Pair:** The app will search for your watch. Once found, click "Pair" in the pop-up window on both your watch and the app to confirm the connection.
5. **Enable Notifications:** Allow the KOSPET FIT app to access your phone's notifications. This enables the watch to display incoming calls, messages, and app alerts.

How to connect smart watch?

Visual guide for connecting your smart watch to your phone.

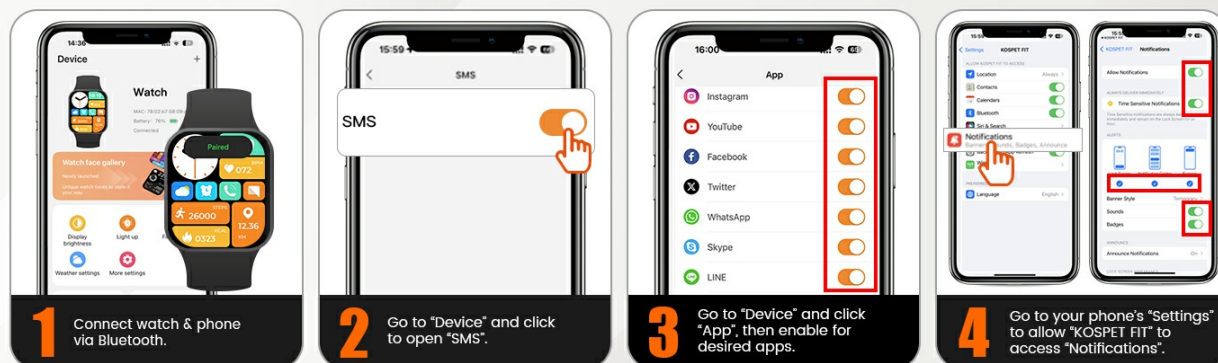

Receiving Message and App Notifications

To ensure you receive notifications on your watch, follow these steps based on your phone's operating system:

For iOS Devices:

1. **Connect Watch & Phone:** Ensure your watch is connected to your phone via Bluetooth.
2. **Enable SMS:** In the KOSPET FIT app, go to "Device" and enable "SMS".
3. **Enable App Notifications:** In the KOSPET FIT app, go to "Device" and then "App". Enable notifications for your desired applications (e.g., Instagram, YouTube, Facebook, WhatsApp).
4. **Grant Access:** Go to your phone's Settings, find "KOSPET FIT", and allow it to access "Notifications".

How to receive message or APP notification? iOS

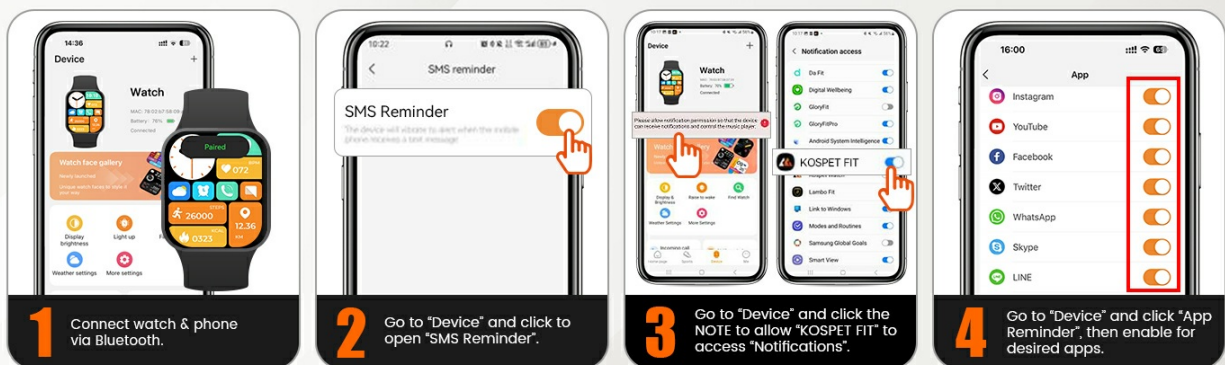

1. Ensure the "KOSPET FIT" app remains active (Android users need to add the app to the whitelist in Settings).
2. Disable "Do Not Disturb" & "Low Power Mode".
3. Message sync won't occur if the app logged into other devices or phones in the chat interface.

For Android Devices:

1. **Connect Watch & Phone:** Ensure your watch is connected to your phone via Bluetooth.
2. **Enable SMS Reminder:** In the KOSPET FIT app, go to "Device" and enable "SMS Reminder".
3. **Grant Access:** In the KOSPET FIT app, go to "Device" and click the NOTE to allow "KOSPET FIT" to access "Notifications".
4. **Enable App Notifications:** In the KOSPET FIT app, go to "Device" and then "App Reminder". Enable notifications for your desired applications.

Note: Ensure the KOSPET FIT app remains active. Android users may need to add the app to the whitelist in Settings. Disable "Do Not Disturb" & "Low Power Mode" for optimal notification delivery. Message sync won't occur if the app is logged into other devices or phones in the chat interface.

How to receive message or APP notification? **Android**

1. Ensure the "KOSPET FIT" app remains active (Android users need to add the app to the whitelist in Settings).
2. Disable "Do Not Disturb" & "Low Power Mode".
3. Message sync won't occur if the app logged into other devices or phones in the chat interface.

OPERATING INSTRUCTIONS

Navigation and Display

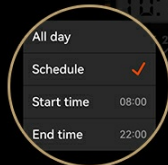

The AMAZTIM T3 Ultra features a 1.43" Ultra Large AMOLED Display with high brightness and color gamut. You can customize watch faces via the KOSPET FIT app, including options for "Always On Display" mode.

Fit Your Style that Allures.

In addition to the more vibrant user interface reinvented on AMAZTIM T3 Ultra, there are over 500 dazzling watch faces to download from the KOSPET FIT App, including those specially tailored for always-on display, so as to offer more choices for every taste.

Custom AOD, or set it to follow the current watch face.

Schedule or custom the display duration of AOD.

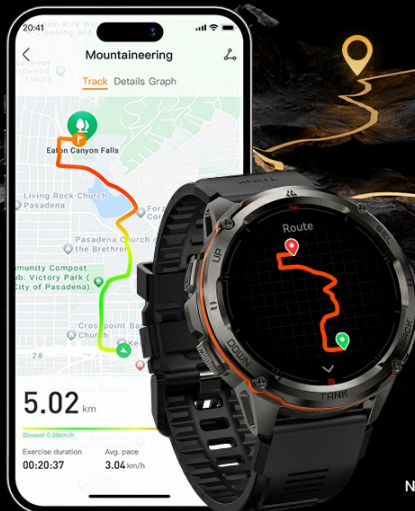

Download more AOD watch faces via KOSPET FIT App.

Explore over 500 watch faces and utilize the Always On Display feature.

GPS and Navigation Features

The built-in GPS and 6-satellite positioning systems (GPS, Galileo, GLONASS, BeiDou, QZSS, and NAVIC (IRNSS)) provide fast and precise location tracking. The watch also includes an internal compass, barometric altimeter, and altitude sensors to display your current heading, altitude, and air pressure, aiding in outdoor navigation.

Trackable Adventures Await.

Cyclists, hikers, and explorers of all types can power through with AMAZTIM T3 ULTRA's dual-band positioning and 6 satellite positioning systems. Featuring a built-in compass and barometric altimeter, the smartwatch can determine your current heading, altitude, and barometric pressure.

NOTE: The smart watch has built-in GPS, can only track the activity path, not navigate and mapping capabilities.

Track your adventures with built-in GPS, displaying your route and distance.

Keep Your Head in the Game

AMAZTIM T3 Ultra contains internal compass and barometric altimeter sensors that display your current heading, altitude, and barometric pressure, so that you can navigate in the wilderness to your heart's content.

Compass

Orient yourself with accurate readings no matter where you venture.

Altitude

Keep track of your current altitude and graph altitude trends.

Air Pressure

Measure your current air pressure and view a graph of changes.

Utilize the compass, altimeter, and barometer for comprehensive environmental data.

Health Monitoring

The T3 Ultra continuously monitors your health data, providing insights into your well-being. Key health features include:

- **24-hour Heart Rate Monitoring:** Tracks your heart rate throughout the day.
- **Blood Oxygen (SpO2) Monitoring:** Measures your blood oxygen levels.
- **Sleep Monitoring:** Analyzes your sleep stages (light, deep, REM) and provides in-depth sleep analysis, including daytime nap tracking.
- **Pedometer:** Counts your steps and tracks calories burned.

Your personal health monitoring partner, tracking heart rate, blood oxygen, and steps.

Detailed sleep monitoring, including sleep stages and duration.

Sports Modes and Intelligent Recognition

The watch supports over 170 sports modes to accurately track your workouts. It also features intelligent recognition for 6 common sports, automatically detecting your activity.

- **Intelligent Sports Recognition:** Stationary State, Walking, Running, Elliptical Trainer, Cycling, Rowing Machine.
- **Extensive Sports Modes:** Includes Outdoor Run, Golf, Basketball, Mountaineering, Weightlifting, Football, Horseback Riding, Climbing, Windsurfing, Tennis, Scuba Diving, Parallel Bars, Drifting, Cardio Boxing,

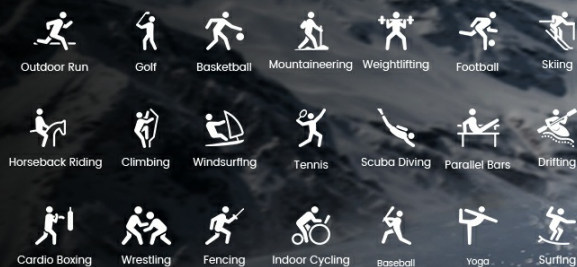

Wrestling, Fencing, Indoor Cycling, Baseball, Yoga, Surfing, and many more.

Smart Recognition of 6 Sports.

The watch intelligently recognizes common sports activities.

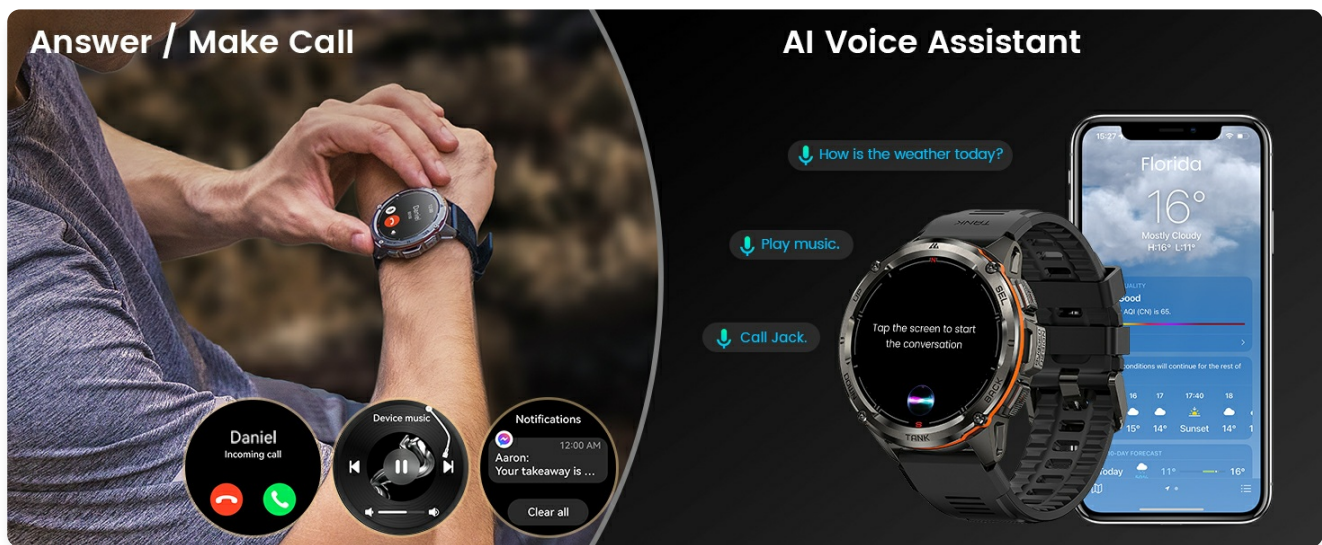

170+ SPORTS MODES

Access a wide variety of over 170 sports modes for comprehensive tracking.

Bluetooth Calling and AI Voice Assistant

Make and receive calls directly from your wrist when connected to your smartphone. The integrated AI Voice Assistant allows you to control your watch and access information using voice commands, such as checking weather, playing music, or setting alarms.

Seamlessly answer/make calls and interact with the AI voice assistant.

BATTERY LIFE

The AMAZIM T3 Ultra is equipped with a 470mAh pure cobalt-based battery, optimized for extended use. Battery performance varies based on usage patterns:

- **Continuous exercise with GPS:** 30-35 Hours
- **AOD (Always On Display) Mode:** 3-5 Days
- **Heavy Usage:** 5-8 Days
- **Typical Usage:** 12-15 Days
- **Standby Mode:** 40+ Days

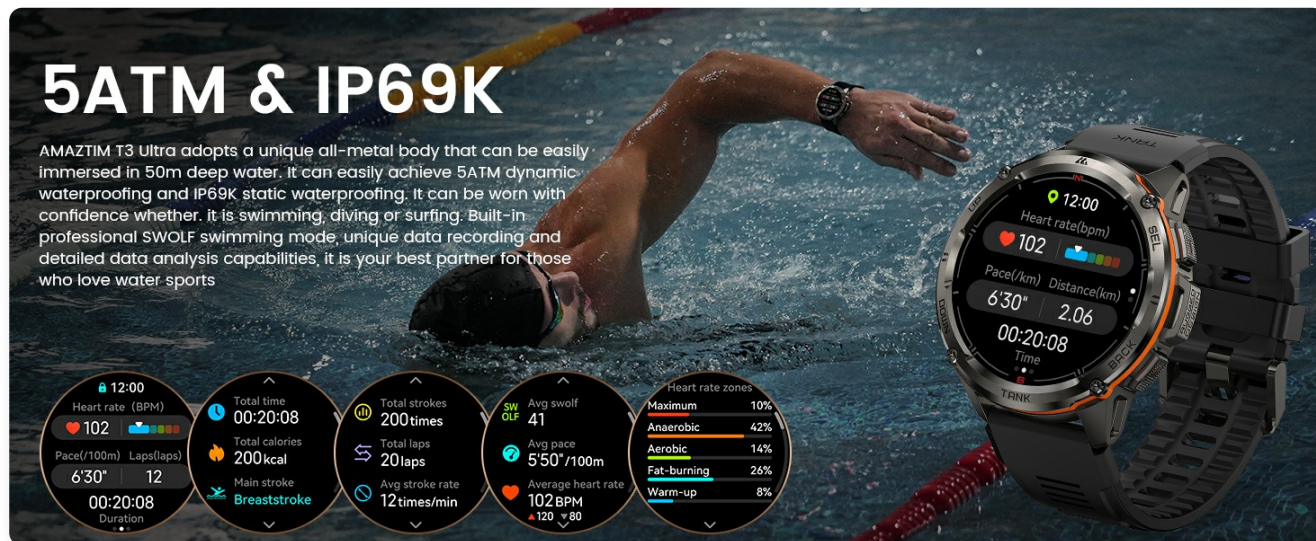

Note: Battery life may vary according to settings, operation conditions, and other factors. The actual result may differ from laboratory data.

Overview of the extended battery life under various usage scenarios.

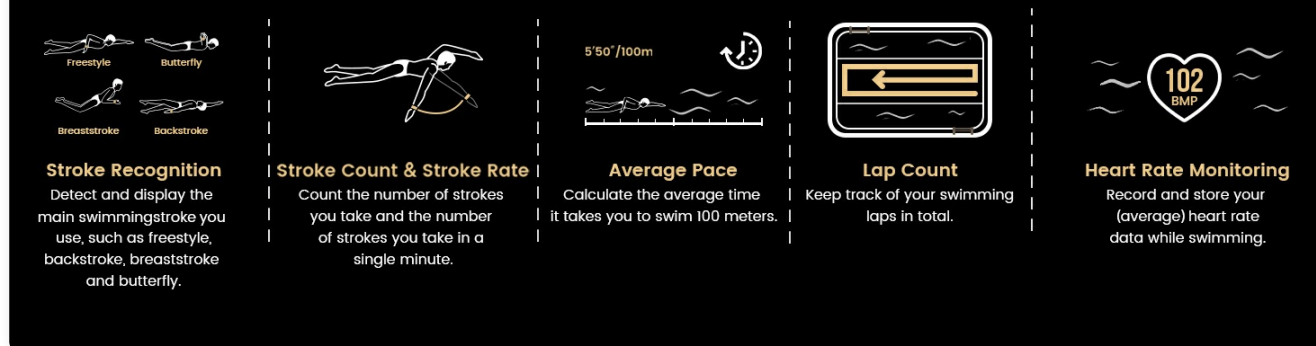

WATER RESISTANCE

The AMAZTIM T3 Ultra is designed with 5ATM and IP69K water resistance, making it suitable for various water activities. It can be immersed in up to 50 meters of water, ideal for swimming and diving enthusiasts. The watch also features built-in SWOLF swimming mode for unique data recording and detailed analysis.

The watch is designed for water sports, with 5ATM and IP69K ratings.

Gain detailed insights into your swimming performance with various metrics.

MAINTENANCE

To ensure the longevity and optimal performance of your AMAZTIM T3 Ultra Smart Watch, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the watch screen and body with a soft, lint-free cloth. For stubborn dirt, dampen the cloth slightly with water. Avoid using harsh chemicals or abrasive materials.
- **Charging:** Use only the provided charging cable. Ensure the charging contacts on the watch and cable are clean and dry before charging.
- **Storage:** When not in use for extended periods, store the watch in a cool, dry place away from direct sunlight and extreme temperatures.

- **Water Exposure:** While the watch is waterproof, it's good practice to rinse it with fresh water after exposure to saltwater or chlorinated water, then dry it thoroughly.
- **Avoid Impacts:** Despite its military-grade durability, avoid unnecessary drops or impacts to prevent potential damage.

TROUBLESHOOTING

If you encounter issues with your AMAZTIM T3 Ultra Smart Watch, refer to the following common troubleshooting tips:

Problem	Possible Solution
Watch won't turn on	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes. If it still doesn't turn on, perform a hard reset (refer to the app or online support for specific instructions).
Cannot pair with phone	◦ Ensure Bluetooth is enabled on your phone and the watch. ◦ Make sure the watch is within range of your phone. ◦ Restart both your phone and the watch. ◦ Clear Bluetooth cache on your phone (Android). ◦ Forget the device in your phone's Bluetooth settings and try pairing again.
Notifications not received	◦ Check notification settings in the KOSPET FIT app for specific apps. ◦ Ensure the KOSPET FIT app has notification permissions in your phone's settings. ◦ Disable "Do Not Disturb" or "Low Power Mode" on your phone. ◦ Keep the KOSPET FIT app running in the background.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch. Avoid excessive movement during measurements.
Short battery life	Reduce screen brightness, turn off "Always On Display" if not needed, limit background app refresh, and reduce the frequency of heart rate/SpO2 monitoring.

If the issue persists, please contact AMAZTIM customer support for further assistance.
