Adjustable Features:

- **Height Adjustment:** Use the lever located under the seat on the right side to adjust the chair's height. Pull the lever up to raise the chair, or pull it up while seated to lower it.
- **Backrest Recline:** The backrest can be adjusted from 90° (upright) to 145° (reclined). Use the lever on the side of the chair to recline or bring the backrest forward.
- **Extendable Footrest:** Pull the footrest out from under the seat for leg support. It can be flipped up for different

angles of comfort. When not in use, push it back under the seat.

- **Massage Lumbar Support:** The lumbar cushion features a built-in massage function. Plug the USB cable from the cushion into a compatible USB power source to activate the massage. The cushion is not attached to the chair, allowing you to position it wherever needed for optimal comfort.

- **Hardware:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary to maintain stability.
- **Moving:** When moving the chair, lift it rather than dragging it to prevent damage to the base and floor.
- **Storage:** Store the chair in a cool, dry place away from direct sunlight and extreme temperatures.
