KOSPET TANK T3 Ultra

KOSPET Tank T3 Ultra Smart Watch Instruction Manual

Model: TANK T3 Ultra | Brand: KOSPET

Introduction

The KOSPET Tank T3 Ultra Smart Watch is a rugged and feature-rich device designed for active individuals. It boasts military-standard durability, a full metal unibody with Corning Gorilla Glass, and a vibrant 1.43-inch AMOLED display. Key functionalities include built-in GPS with 6 satellite positioning systems, comprehensive health monitoring (heart rate, blood oxygen, sleep tracking), over 170 sports modes with smart recognition, 5ATM waterproofing for swimming, Bluetooth calling, and an AI voice assistant. Its extra-large 470mAh battery ensures extended usage, making it an ideal companion for both daily life and challenging outdoor environments.

What's in the Box

Setup

To begin using your KOSPET Tank T3 Ultra Smart Watch, follow these steps to connect it to your smartphone and configure notifications.

Connecting to the KOSPET FIT App

The KOSPET FIT app is essential for syncing health and sports data, personalizing your smartwatch, and accessing additional features. It is available on both the Apple App Store and Google Play Store.

Operating the Smart Watch

The KOSPET Tank T3 Ultra features intuitive physical buttons and touch gestures for seamless navigation and control.

Physical Buttons

- **Power Button:** Long press for 2 seconds to power on/off, restart, or activate emergency SOS. Long press for 12 seconds to force a restart. Short press on the watch face to enter the App list. Short press to light up the screen and display the watch face.
- **Back Button:** Short press on other pages to return to the previous page or use custom back button functions. Short press to light up the screen. Short press during a workout to start or pause the workout. Short press to mute an incoming call. Long press for 2 seconds to activate Voice Assistant or custom back button functions.
- **Sport Button:** Short press to open the workout list. Short press to light up the screen. Long press for 2 seconds during a workout to end the workout and save workout details.

Watch Gestures

- **Shortcut Menu:** Swipe down from the watch face to enter the Shortcut Menu, which can be customized by tapping Edit.
- **Notification Center:** Swipe up from the watch face to enter the Notification Center that can be customized by swiping to the

bottom.

- **Unread Notifications:** Swipe right on the watch face to view unread notifications.
- **App List:** Swipe left on the watch face to enter the App list.

Customizing Watch Faces

The KOSPET Tank T3 Ultra offers over 500 dazzling watch faces via the KOSPET FIT App, including options for always-on display. Long press the watch face, then swipe left or right to replace the current watch face.

Maintenance

To ensure the longevity and optimal performance of your KOSPET Tank T3 Ultra Smart Watch, regular maintenance is recommended. Wipe the watch and strap regularly with a soft, dry cloth to remove sweat, dirt, and oils. For deeper cleaning, use a slightly damp cloth and mild soap, then rinse thoroughly and dry completely. Avoid exposing the watch to extreme temperatures or harsh chemicals. While the watch is highly durable and waterproof, prolonged exposure to saltwater or chlorinated water should be followed by a fresh water rinse.

Troubleshooting

If you encounter issues with your KOSPET Tank T3 Ultra Smart Watch, try the following troubleshooting steps:

- **Watch Not Turning On:** Ensure the watch is fully charged. Connect it to the charger and wait a few minutes before attempting to power it on.
- **Connection Issues:** Make sure Bluetooth is enabled on your smartphone and the KOSPET FIT app is open. Try restarting both the watch (long press power button for 12 seconds) and your phone. Re-pair the device through the app if necessary.
- **Inaccurate Readings:** Ensure the watch is worn snugly on your wrist, but not too tight. Clean the sensors on the back of the watch. For GPS, ensure you are in an open area with clear sky.
- **Notifications Not Appearing:** Verify that notification permissions are granted to the KOSPET FIT app in your phone's settings. Check that 'Do Not Disturb' or 'Low Power Mode' are not active on your phone.
- **Screen Unresponsive:** Try restarting the watch by long-pressing the power button. If the issue persists, ensure the protective film has been removed from the screen.
