## KOSPET Tank M3 Ultra

# KOSPET Tank M3 Ultra Smart Watch User Manual

Model: Tank M3 Ultra

Brand: KOSPET

## Introduction

The KOSPET Tank M3 Ultra is a rugged smartwatch designed for durability and advanced functionality. It features a 1.96-inch AMOLED display, built-in GPS with 6 satellite positioning systems, and is 5ATM waterproof. This smartwatch offers comprehensive health monitoring including heart rate, blood oxygen, and sleep tracking, along with over 170 sports modes. It supports Bluetooth calling and AI voice assistant for convenient daily use. This manual provides essential information for setup, operation, maintenance, and troubleshooting.

## What's in the Box

- 1x Smart Watch
- 1x Charging Station
- 1x User Manual
- 1x Warranty Card
- 1x Watch Band

## Operating Your Smartwatch

### Display and Navigation

The KOSPET Tank M3 Ultra features a vibrant 1.96-inch AMOLED Always-on Display. Navigate through menus and features using the responsive touchscreen and the physical buttons located on the side of the watch.

### Health Monitoring

The smartwatch collects health data with its advanced real-time monitoring function, which helps you monitor all-day sleep, 24-hour heart rate, and real-time blood oxygen. It will also remind you that it is time to relax when you are sedentary working.

### GPS and Outdoor Features

Built-in GPS with 6 satellite positioning systems (GPS/GLONASS/GALILEO/BDS/QZSS/NAVIC) ensures accurate location tracking. The smartwatch also includes a built-in compass, barometer, and altimeter to assist with navigation and environmental awareness during outdoor activities.

## Sports Modes

The smartwatch can meet your various sports activities with over 170 sports modes, including football, basketball, surfing, and skiing. It tracks your workouts by accurately recording and analyzing key data, including duration, steps, and average speed. It also features 6 sports intelligent recognition modes.

## Bluetooth Calling & AI Voice Assistant

The Actions ATS3085L dual-core CPU enables astonishing performance, smoother display, longer standby, and lower power consumption. You can make and answer voice calls directly through the watch, which makes it convenient when holding a mobile phone is inconvenient. The AI voice assistant allows you to play music, check the weather, set alarms, and timers using voice commands.

## Water Resistance

This durable smartwatch is equipped with a fully enclosed metal body, which can be easily immersed in 50m (IP69K waterproof). It includes a built-in SWOLF swimming index, taking your swimming performance to new heights. It can provide professional data and is the best partner for sports lovers.

## Maintenance

### Cleaning Your Smartwatch

Regularly clean your smartwatch with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used. Avoid harsh chemicals or abrasive materials.

### Water Ejection Feature

After exposure to water, especially after swimming, use the watch's water ejection feature to clear any water from the speaker. This helps maintain sound quality and prevents potential damage.

## Troubleshooting

### Common Issues and Solutions

- **Screen is black or unresponsive:** Try rebooting the watch by pressing and holding the 'BACK' and 'SEL' buttons together until it restarts. Ensure the watch is charged.
- **Battery life is shorter than expected:** Check for excessive background app usage or high brightness settings. Reduce display duration or enable power-saving modes.
- **Connectivity issues with phone:** Ensure Bluetooth is enabled on both devices. Restart both the watch and phone. Re-pair the devices through the KOSPET FIT app.
- **Inaccurate step tracking or health data:** Ensure the watch is worn snugly on your wrist. Calibrate sensors if an option is available in the app.

## Specifications

| Feature | Detail |
