Soundcore A3955

Soundcore P40i Wireless Earbuds User Manual

Model: A3955

Introduction

Thank you for choosing the Soundcore P40i Noise Cancelling Wireless Earbuds. This manual provides essential information on setting up, operating, and maintaining your earbuds to ensure optimal performance and longevity. The Soundcore P40i earbuds are designed to deliver an immersive audio experience with advanced noise cancellation and convenient features.

What's in the Box

Ensure all the following items are included in your package:

- Soundcore P40i Earbuds
- USB-C Charging Cable
- Charging Case
- XS/S/M/L/XL Ear Tips (M size pre-installed)

Setup

Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. The charging case can be charged via the included USB-C cable or wirelessly.

- **Wired Charging:** Connect the USB-C cable to the charging port on the case and to a power source.
- **Wireless Charging:** Place the charging case on a compatible wireless charging pad.

A 10-minute charge provides up to 5 hours of playtime. A full charge of the earbuds provides 12 hours of listening, extended to 60 hours with the charging case.

Pairing with Your Device

The Soundcore P40i earbuds support Fast Pair for quick connection with Android devices and multipoint connection for seamless switching between two devices.

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device, enable Bluetooth and search for "Soundcore P40i".
3. Select the earbuds from the list to connect.

For multipoint connection, connect to the first device, then disconnect. Connect to the second device, then reconnect to the first. The earbuds will now be connected to both.

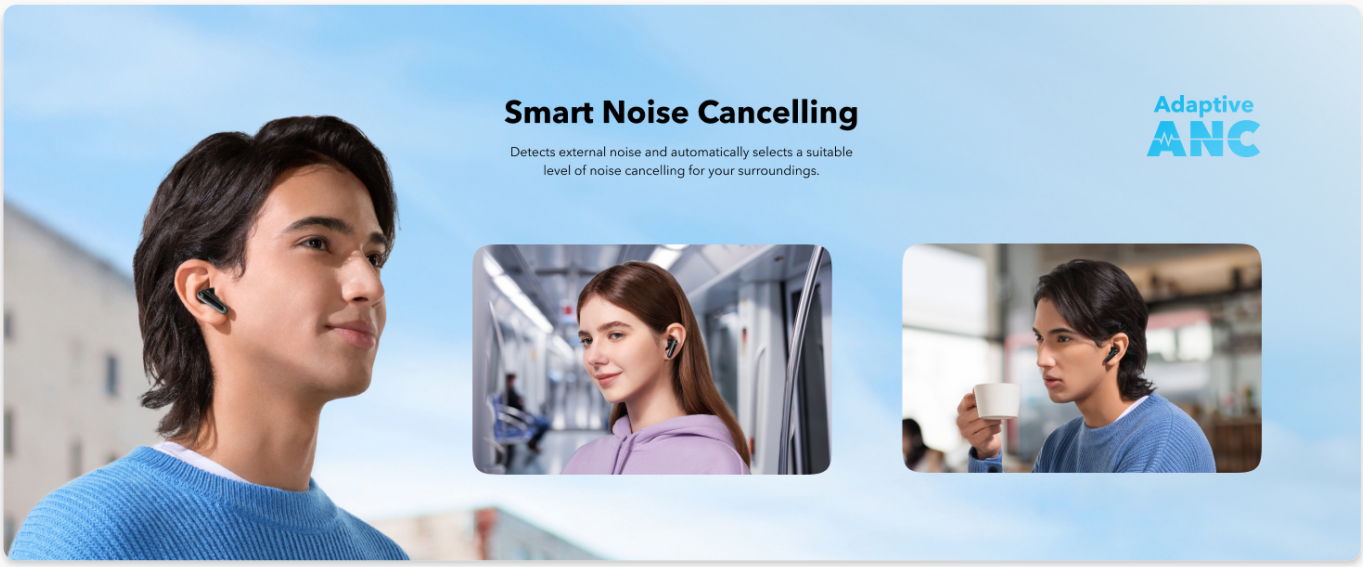

Figure 4: Soundcore P40i Fast Pair feature on a smartphone. This image shows a smartphone screen displaying the Fast Pair prompt for the Soundcore P40i earbuds, simplifying the connection process.

Figure 5: Soundcore P40i multipoint connection with laptop and phone. This image illustrates the earbuds connected simultaneously to a laptop and a smartphone, demonstrating the multipoint feature.

Operating Your Earbuds

Noise Cancelling and Transparency Modes

The Soundcore P40i features adaptive active noise cancellation (ANC) that adjusts to your environment. You can also switch to Transparency mode to hear your surroundings.

- **Adaptive ANC:** Automatically detects and cancels ambient noise.
- **Manual ANC:** Customize noise cancellation with five levels and three modes via the Soundcore app.
- **Transparency Mode:** Allows external sounds to pass through for situational awareness.

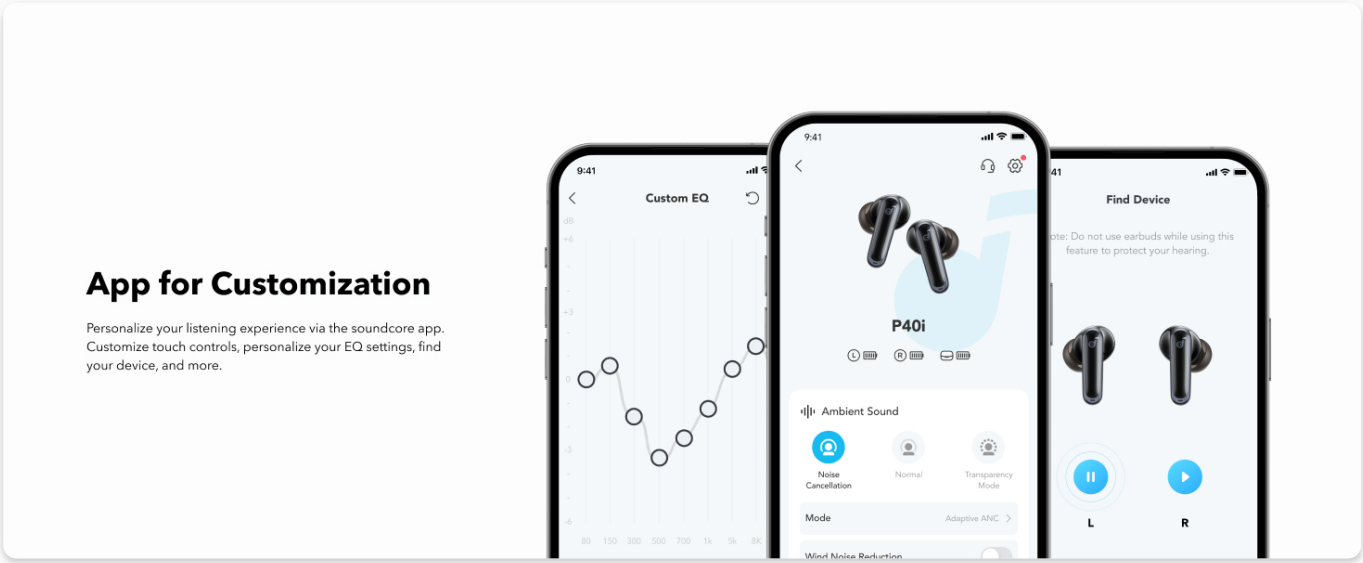

Figure 6: Smart Noise Cancelling feature of Soundcore P40i. This image shows individuals using the earbuds in various environments (train, office, cafe), illustrating the effectiveness of adaptive noise cancellation.

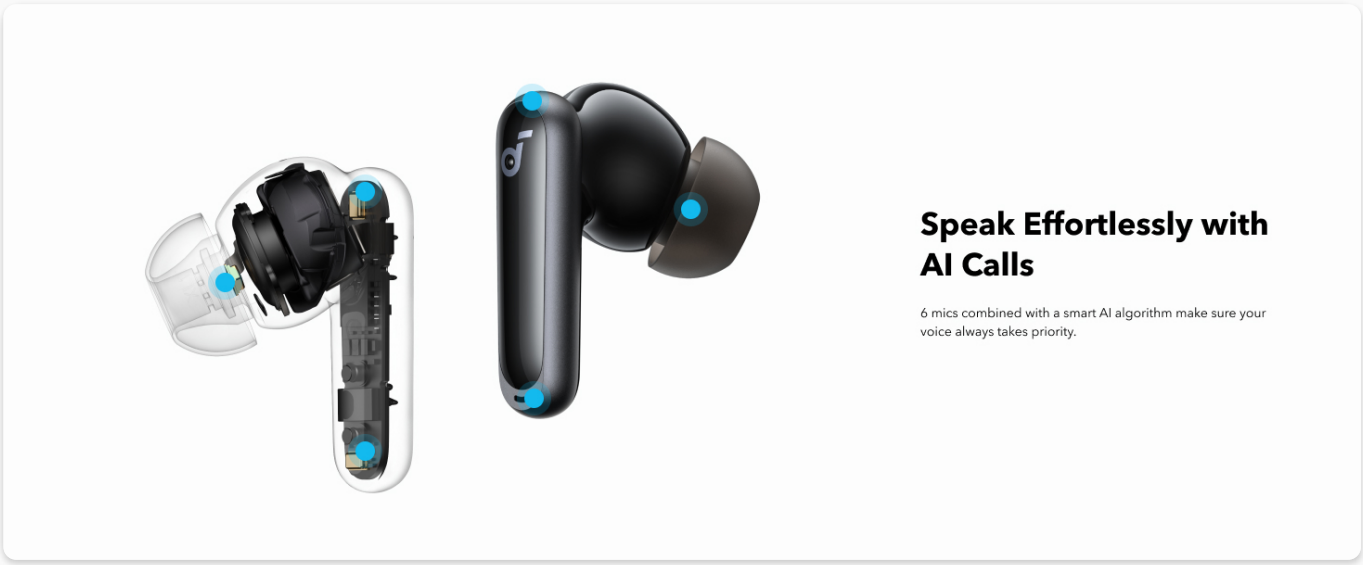

Figure 7: Soundcore app interface for noise cancelling settings. This image displays the Soundcore app's screen for customizing noise cancellation levels and modes, offering personalized control.

Audio Quality and BassUp Technology

The P40i earbuds are equipped with 11mm composite drivers and BassUp technology for a rich and powerful audio experience.

- **11mm Drivers:** Deliver intensive audio with clear highs and deep lows.
- **BassUp Technology:** Enhances bass in real-time for a more impactful sound.
- **HearID Technology:** Use the Soundcore app to analyze your hearing profile and create a personalized sound profile.

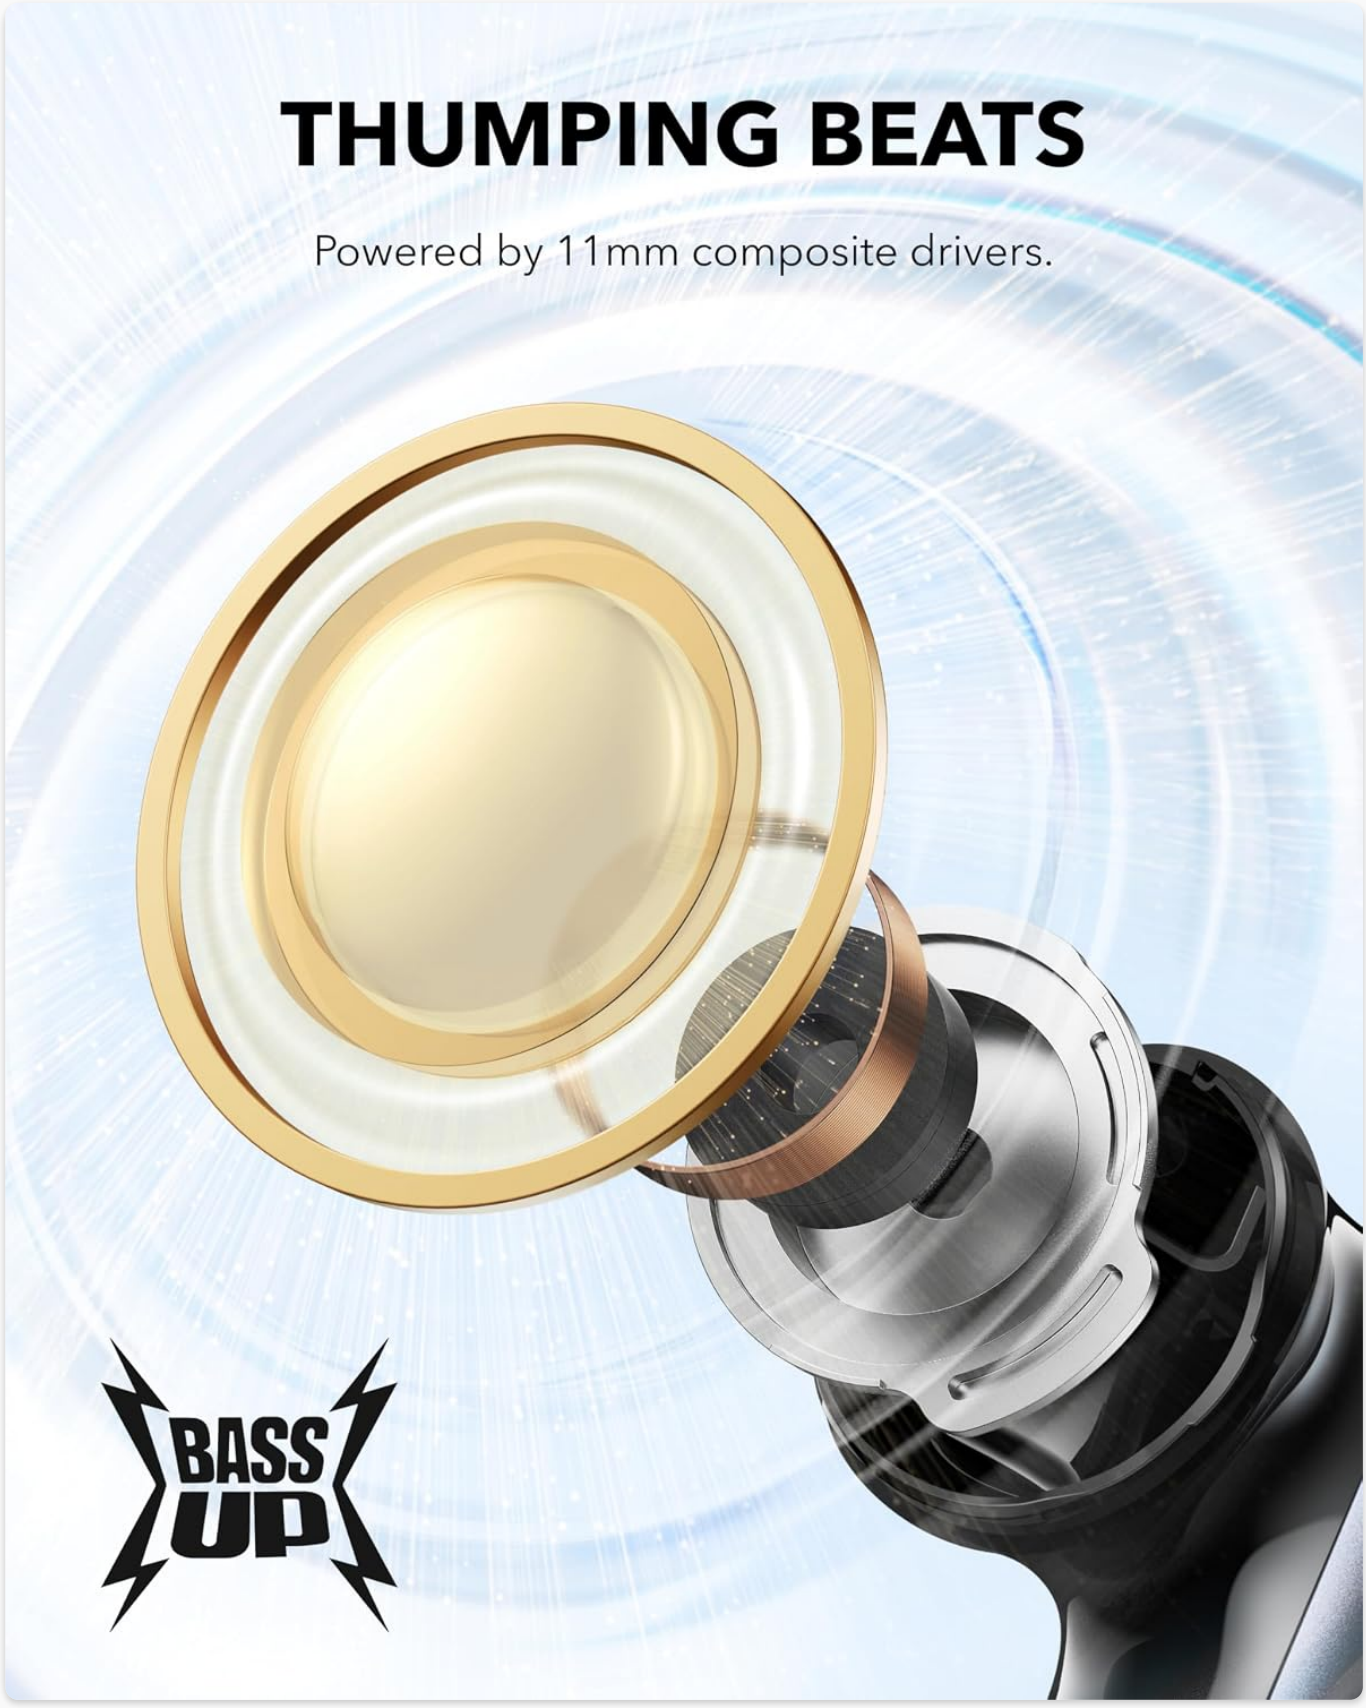

Figure 8: Diagram of Soundcore P40i 11mm composite driver. This detailed illustration shows the internal components of the earbud's driver, emphasizing its design for powerful sound.

Call Quality

Enjoy clear communication with 6 microphones and an AI algorithm that ensures your voice is transmitted with clarity during calls and video chats.

2-in-1 Charging Case and Phone Stand

The innovative charging case doubles as a phone stand, allowing for hands-free viewing of content. Simply open the case and position your phone in the designated slot.

Figure 10: Soundcore P40i charging case used as a phone stand. This image shows the charging case with a smartphone propped up, demonstrating its dual functionality as a phone stand.

Control and Customization

The earbuds feature intuitive touch controls. Further customization and settings adjustments can be made through the Soundcore app.

- **Touch Controls:** Manage playback, calls, and modes with simple taps on the earbuds.
- **Soundcore App:** Personalize your listening experience, adjust EQ settings, and locate your device.

- **Gaming Mode:** Enhances footsteps and immersive gameplay audio.
- **Movie Mode:** Provides 3D sound effects for an enhanced cinematic experience.

Maintenance

The Soundcore P40i earbuds have an IPX5 water-resistant rating, protecting them from water splashes. However, they are not designed for submersion in water.

- Clean the earbuds and charging case regularly with a soft, dry cloth.
- Avoid exposing the earbuds to extreme temperatures.
- Ensure the charging port is dry before charging.

Figure 13: Soundcore P40i earbuds being splashed with water. This image visually confirms the IPX5 water-resistant rating, showing the earbuds enduring water splashes.

Troubleshooting

If you encounter issues with your Soundcore P40i earbuds, try the following steps:

- **No Sound:** Ensure earbuds are charged and properly paired. Check volume levels on both earbuds and the connected device.
- **Pairing Issues:** Turn off Bluetooth on your device, then turn it back on. Reset the earbuds by placing them in the case, closing it, and then reopening. Try pairing again.
- **Poor Call Quality:** Ensure earbuds are clean and positioned correctly in your ears. Check for obstructions around the microphones.
- **Noise Cancellation Not Working:** Ensure the earbuds are properly sealed in your ear canal. Adjust ANC settings in the Soundcore app.
- **One Earbud Not Working:** Place both earbuds back in the charging case, close the lid for a few seconds, then open it again. Check battery levels for both earbuds.

For further assistance, refer to the official Soundcore support resources.

Specifications

Feature	Specification
Model Name	P40i
