

AEROQUEST DHTRC10505GBZ

AEROQUEST Lamborghini Aventador SVJ Roadster 1:16 Scale Remote Control Car Instruction Manual

Model: DHTRC10505GBZ

Brand: AEROQUEST

1. INTRODUCTION

This manual provides essential information for the safe and optimal operation of your AEROQUEST Lamborghini Aventador SVJ Roadster 1:16 Scale Remote Control Car. Please read all instructions carefully before use and retain this manual for future reference.

2. WHAT'S IN THE BOX

- Remote Control Car (1)
- Remote Control (1)
- Rechargeable Battery (2)
- USB Charging Cable (1)
- Screwdriver (1)
- Instruction Manual (1)

Image: The complete package contents, showing the remote control car, remote, two rechargeable batteries, USB charging cable, screwdriver, and instruction manual.

3. SETUP

3.1 Car Battery Installation and Charging

1. Use the provided screwdriver to open the battery compartment on the underside of the car.
2. Connect one of the rechargeable batteries to the car's battery connector.
3. Place the battery inside the compartment and close the cover securely with the screw.
4. To charge the battery, connect the rechargeable battery to the USB charging cable. Plug the USB end into a compatible USB power source (e.g., computer, USB wall adapter). The indicator light on the USB cable will show charging status.
5. A full charge provides over 100 minutes of playtime. Use the second battery while one is charging for continuous play.

3.2 Remote Control Battery Installation

1. Open the battery compartment on the back of the remote control.
2. Insert two AA batteries (not included) into the compartment, ensuring correct polarity.
3. Close the battery compartment cover.

4. OPERATING INSTRUCTIONS

4.1 Power On/Off

- Turn on the power switch located on the underside of the car.
- Turn on the power switch on the remote control. The indicator light on the remote will illuminate.
- The car and remote will automatically pair.

4.2 Basic Controls

- **Forward/Backward:** Use the left joystick to move the car forward or backward.
- **Left/Right:** Use the right joystick to steer the car left or right.
- **Headlights:** The bright LED headlights will automatically illuminate when the car moves forward.

4.3 Wheel Alignment Adjustment

If the car does not drive straight, use the precision wheel alignment adjuster located on the underside of the car to fine-tune the front wheels. Adjust it slightly left or right until the car maintains a straight path.

5. FEATURES

- **Official Authorization:** Officially licensed 1:16 scale replica of the Lamborghini SVJ Roadster.
- **Rechargeable Batteries:** Includes two rechargeable batteries, offering over 100 minutes of play per charge, reducing the need for disposable batteries.
- **Durable Construction:** Made from non-toxic, odorless spray paint and durable, environmentally friendly, drop-proof ABS plastic, designed to withstand impacts and falls. The tires are made of wear-resistant rubber for enhanced friction and stability.
- **Cool Lights and 2.4GHz Control:** Features bright LED headlights that illuminate when moving forward. The 2.4GHz frequency provides a stable control range of up to 100 feet and allows multiple cars to race without interference.

With Front Lights

Durable and Sturdy

ABS Plastic + CPSC Certified + ASTM Tested
Withstands over 1000+ drop tests
Guaranteed quality
Built to endure drops, stomping, and collisions

Replaceable batteries + rechargeable

Ditch the disposable batteries! This Lamborghini is powered by a built-in rechargeable battery for up to 2 hours of relentless racing on a single charge. The convenient rechargeable design means more time playing and less hassle buying batteries. It's the eco-conscious choice that helps teach kids about sustainability while giving you ultimate control over their playtime.

Direction Adjustment

Precision Wheel Alignment for Ultimate Control Underneath this Lamborghini-licensed remote control car, you'll find a manual wheel alignment adjuster. Fine-tune the wheels with ease to ensure perfect alignment—so you can dominate the race with pinpoint steering accuracy and superior control when competing with friends.

6. MAINTENANCE

- Keep the car and remote control clean by wiping them with a dry, soft cloth.
- Avoid exposing the product to water or moisture.
- Store the product in a cool, dry place when not in use.
- Remove batteries from the remote control if storing for extended periods to prevent leakage.

7. TROUBLESHOOTING

- **Car not responding:** Ensure both the car and remote control are powered on. Check if batteries in both devices are correctly installed and charged.
- **Poor control range:** Ensure there are no major obstructions between the remote and the car. Check battery levels.
- **Car not driving straight:** Adjust the wheel alignment knob on the underside of the car until it drives straight.

8. SPECIFICATIONS

- **Product Dimensions:** 4.92 x 3.15 x 11.81 inches
- **Item Weight:** 1.35 pounds
- **Item Model Number:** DHTRC10505GBZ
- **Manufacturer Recommended Age:** 36 months - 15 years
- **Batteries:** 2 C batteries required (included for car, AA batteries for remote not included)
- **Manufacturer:** AEROQUEST

9. SAFETY INFORMATION

No specific safety warnings are applicable beyond general toy safety guidelines. Always supervise children during play. Avoid operating the car near water, roads, or in crowded areas. Do not attempt to modify the product.

10. WARRANTY AND SUPPORT

For warranty information or customer support, please refer to the contact details provided on the product packaging or visit the official AEROQUEST website. Keep your purchase receipt as proof of purchase.
