1. INTRODUCTION

The Ulanzi HP004 Smartphone Mount is a versatile and portable accessory designed to securely hold your smartphone for various photography, videography, and viewing needs. Its foldable design, stable base, and multi-angle adjustment capabilities make it suitable for both professional and casual use. This manual provides detailed instructions for the proper setup, operation, and maintenance of your device.

2. PACKAGE CONTENTS

Please verify that all components are present in your package:

- Ulanzi HP004 Crab Tripod Smartphone Mount
- Tool Wrench (Hex Key)
- Instruction Manual (this document)

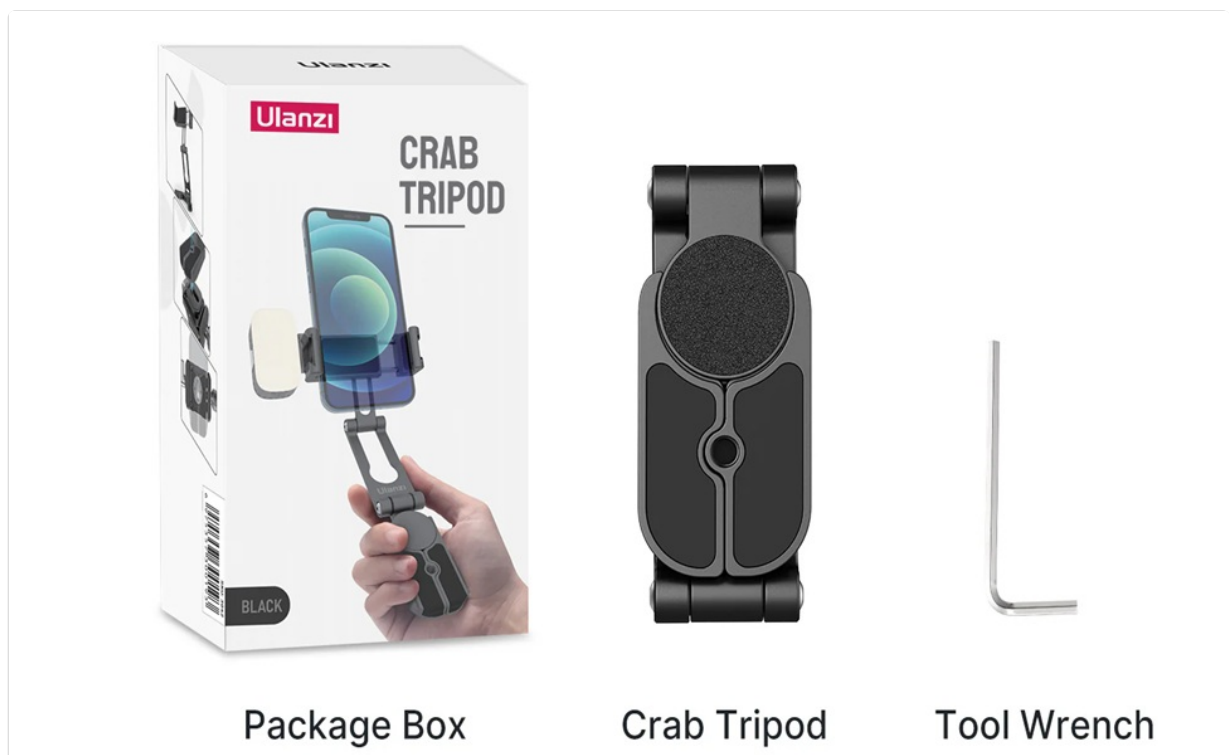

Image 2.1: Contents of the Ulanzi HP004 package, including the mount and a tool wrench.

3. SETUP INSTRUCTIONS

3.1 Unfolding the Mount

1. Gently unfold the base legs of the mount until they form a stable triangular stand.
2. Extend the main arm of the mount to your desired height and angle.

Image 3.1: The Ulanzi HP004 in its compact, folded state.

Small Size, Extremely Portable

Tri-fold height folding, when not in use, save space

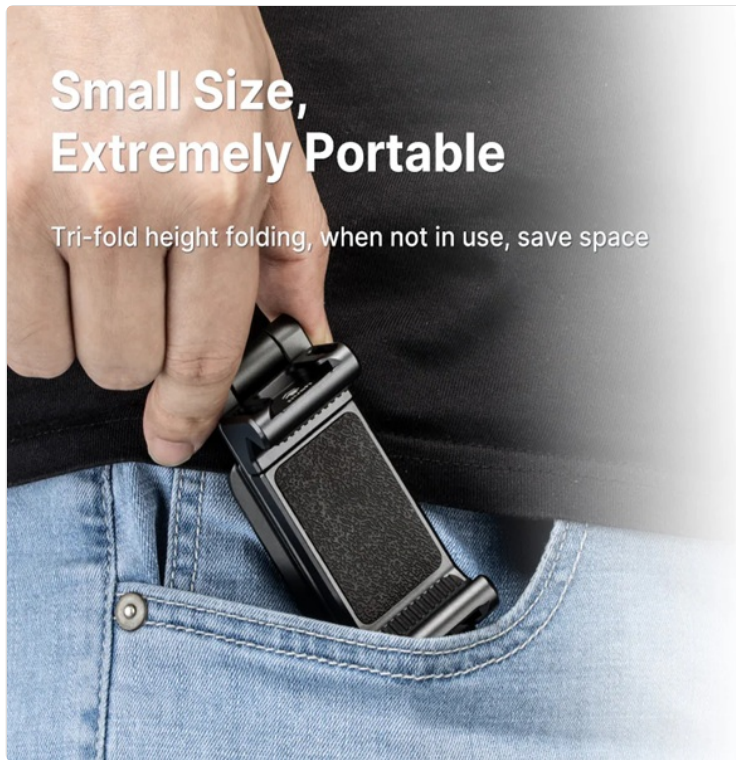

Image 3.2: The compact size of the Ulanzi HP004 when folded, demonstrating its portability.

3.2 Attaching Your Smartphone

1. Locate the smartphone clamp at the top of the mount.
2. Gently pull apart the spring-loaded clamp to widen the opening.
3. Insert your smartphone into the clamp, ensuring it is centered and securely held by the rubberized grips. The clamp supports phones with a width of 6 to 9.5 cm (2.36 to 3.74 inches).

3.3 Adjusting Angles

The Ulanzi HP004 features multiple articulation points for flexible angle adjustment:

- **Base Hinge:** Allows for forward and backward tilt of the main arm.
- **Mid-Arm Hinge:** Provides additional height and angle adjustments.
- **Phone Clamp Rotation:** The phone clamp can rotate 360 degrees for quick switching between portrait and landscape orientations.

3.4 Using Expansion Ports

The mount is equipped with several expansion options:

- **1/4-inch Screw Hole:** Located at the base, this allows attachment to other tripods or accessories.
- **Arca Slot:** Integrated into the base for quick mounting on Arca-Swiss compatible tripod heads.
- **Dual Cold Shoes:** Two cold shoe mounts are available on the phone clamp for attaching accessories like fill lights or microphones.

4. OPERATING INSTRUCTIONS

4.1 Desktop Stand Usage

For stable desktop use, ensure the base legs are fully extended and placed on a flat, stable surface. Adjust the arm and phone clamp to achieve your desired viewing angle for video calls, content consumption, or recording.

Image 4.1: The Ulanzi HP004 functioning as a desktop stand with a smartphone in landscape orientation.

Image 4.2: The Ulanzi HP004 holding a smartphone in portrait orientation on a desk.

4.2 Handheld Usage

When folded, the Ulanzi HP004 can be used as a compact handheld grip for vlogging or mobile photography. Ensure the mount is securely held to prevent accidental drops.

4.3 Multi-Scenario Application

The Ulanzi HP004 is designed for various applications, including:

- Desktop viewing and recording
- Attaching to larger tripods for elevated shots
- Handheld vlogging or mobile photography
- Live streaming with external accessories (light, microphone)

Excellent Versatility & Expandability

Base 1/4" threaded hole, Arca slot, dual cold shoe, expandable for fill light, microphone, tripod

5. MAINTENANCE

5.1 Cleaning

To clean the Ulanzi HP004, wipe it with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used. Avoid using harsh chemicals or abrasive materials, as these may damage the finish or rubberized grips.

5.2 Storage

When not in use, fold the mount into its compact form and store it in a dry, cool place away from direct sunlight and extreme temperatures. This helps preserve the integrity of the materials and moving parts.

6. TROUBLESHOOTING

6.1 Mount is unstable

- Ensure the base legs are fully extended and locked into position.
- Verify that the surface on which the mount is placed is flat and stable.
- Check that your smartphone is properly centered in the clamp.

Stable Structure

Base split-leg design,
triangle stand more stable

Image 6.1: The stable structure of the Ulanzi HP004, featuring a base split-leg design for enhanced stability.

6.2 Phone not fitting in clamp

- Confirm your phone's width is within the supported range of 6-9.5 cm (2.36-3.74 inches).
- Ensure you are fully extending the spring-loaded clamp before inserting the phone.

6.3 Difficulty adjusting angles

- The hinges are designed to provide moderate damping for stable positioning. Apply gentle, firm pressure when adjusting.
- If any hinge feels excessively stiff, ensure no debris is obstructing the mechanism.

7. SPECIFICATIONS

Feature	Detail
Model	HP004
