invoxia LWT6_Dog

Minitailz Health & GPS Tracker for Dogs

Model: LWT6_Dog
Brand: invoxia

1. Introduction

The Minitailz Health & GPS Tracker is an advanced device designed to monitor your dog's health, activity, and location in real-time. Awarded at CES 2024 for innovation in AI, this compact and lightweight tracker provides comprehensive insights into your pet's well-being, offering peace of mind to pet owners.

2. Setup

Setting up your Minitailz tracker is a quick and straightforward process. Follow these steps to get started:

1. **Download the Invoxia App:** Search for "Invoxia" in your smartphone's app store (available on iOS and Android) and install the application.
2. **Charge the Tracker:** Connect the Minitailz tracker to a power source using the provided USB cable to fully charge it and turn it on.
3. **Pair with App:** Open the Invoxia app and follow the on-screen instructions to pair your Minitailz tracker with

your smartphone via Bluetooth.

4. **Attach to Collar:** Securely attach the Minitailz tracker to your dog's collar using the integrated ring. The design is compatible with most collar types.

Important Note: A subscription is required to enable full GPS and data transfer services. Details on subscription plans are available within the mobile application.

3. Operating the Minitailz Tracker

The Minitailz tracker offers several key functionalities to help you monitor your dog's health and safety:

3.1 Health Scan

The device analyzes your dog's cardiac and respiratory rates at rest, providing valuable insights into their overall health. It can even detect your dog's unique cardiac signature. Regular monitoring can help in early detection of potential health issues.

3.2 GPS Tracking

Locate your dog in real-time and view their complete movement history. The tracker utilizes LTE-M network for optimal coverage and precision. You can set up safe zones (geofences) and receive alerts if your dog enters or exits these predefined areas.

3.3 Activity Monitoring

The Minitailz app automatically detects and records your dog's activities, including walking, playing, running, eating, and sleeping. This allows you to monitor their vitality and ensure their exercise level matches their needs.

4. Maintenance

4.1 Battery Life and Charging

The Minitailz tracker offers a battery life of up to 15 days, depending on usage frequency and environment. Recharging is simple using the included USB cable. For optimal battery performance, ensure the device is fully charged before each extended use.

Image: A graphic highlighting the impressive battery life of the Invoxia tracker, indicating up to 6 months of operation in certain modes.

4.2 Water Resistance

The Minitailz tracker is IP67 certified, meaning it is resistant to dust and can withstand immersion in water up to 1 meter for 30 minutes. This makes it suitable for various outdoor conditions and activities.

4.3 Cleaning

To clean the tracker, wipe it gently with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, as these may damage the device.

5. Troubleshooting

If you encounter any issues with your Minitailz tracker, refer to the following common solutions:

- **Tracker Not Connecting/Updating:**
  Ensure the tracker is charged and within range of the cellular network (LTE-M). Verify that Bluetooth is enabled on your phone and the Invoxia app has location permissions. If issues persist, try restarting both the tracker and your smartphone.
- **Inaccurate GPS Location:**
  GPS accuracy can be affected by environmental factors such as dense buildings, heavy tree cover, or indoor use. Ensure the tracker has a clear line of sight to the sky for optimal performance. The device uses a combination of GPS and low-power networks (LTE-M) for location transmission.

- **Health Metrics Seem Incorrect:**
  For accurate health readings, ensure the tracker is worn correctly and consistently. The system learns over time, so continuous wear helps improve data accuracy. Readings are typically taken at rest.
- **Battery Draining Quickly:**
  Frequent real-time tracking requests or being in areas with poor network coverage can increase battery consumption. Adjusting the update frequency in the app can help optimize battery life. Ensure the tracker is not continuously searching for a signal in a low-coverage area.
- **Subscription Issues:**
  The subscription covers the integrated SIM card and access to geolocation services. If you have subscription-related problems, contact Invoxia customer support directly through the app or their official website.

6. Specifications

Model Number	LWT6_Dog
Brand	invoxia
Item Weight	1.31 ounces (37 Grams)
Product Dimensions	2.32"L x 1.18"W x 0.04"H
Battery	Rechargeable (included)
Water Resistance	IP67 Certified
Connectivity	GPS, LTE-M, Bluetooth
Color	Grey

7. Warranty and Support

7.1 Warranty Information

The Minitailz tracker comes with a **2-year manufacturer's warranty**. Please retain your proof of purchase for warranty claims.

7.2 Customer Support

For further assistance, technical support, or warranty inquiries, please refer to the Invoxia mobile application or visit the official Invoxia website. Online support resources are available to help you with any questions or issues you may encounter.
You can also visit the Invoxia Store on Amazon for more product information and support options.
