Tribesigns Console Table

**Tribesigns 55-Inch Console Table (Model JW0480JW0772)
Instruction Manual**

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your new Tribesigns 55-Inch Console Table. Please read these instructions carefully before assembly and retain this document for future reference.

SAFETY INFORMATION

- Ensure all parts are present and undamaged before beginning assembly.
- Assemble the table on a soft, clean surface to prevent scratches or damage to the components.
- Do not overtighten screws during assembly, as this can strip threads or damage materials.
- It is highly recommended to secure the table to a wall using the provided anti-tipping strap. This table can be top-heavy and securing it prevents accidental tipping, especially in households with children or pets.
- The maximum weight recommendation for this table is 90 kilograms (approximately 200 lbs). Do not exceed this weight limit to ensure stability and prevent damage.
- Keep small parts and packaging materials away from children to prevent choking hazards.

PACKAGE CONTENTS

Please verify that all components listed below are included in your package:

- 1 x Tabletop (Engineered Wood)
- Metal Frame Components (Legs and Base)
- Assembly Hardware Kit (Screws, Allen Wrench)
- 1 x Anti-Tipping Strap with Wall Anchors
- 1 x Assembly Guide (this document)

ASSEMBLY INSTRUCTIONS

Recommended number of people for assembly: 2. Tools recommended: Screwdriver (included in hardware kit).

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface (e.g., a blanket or carpet) to prevent scratches.
2. **Identify Parts:** Refer to the included parts diagram (if applicable) and ensure all components are present and undamaged.
3. **Assemble Metal Base:** Attach the metal leg components to the base frame using the provided screws. Insert screws loosely at first.
4. **Attach Tabletop:** Carefully place the engineered wood tabletop onto the assembled metal base. Align the pre-drilled holes on the tabletop with the holes on the metal frame.
5. **Secure Tabletop:** Insert and tighten all screws to firmly secure the tabletop to the metal base. Ensure all connections are snug.
6. **Final Tightening:** Once all components are in place and aligned, fully tighten all screws using the provided Allen wrench. Do not overtighten.
7. **Install Anti-Tipping Strap:** For enhanced safety, especially in homes with children or pets, attach the anti-tipping strap to the back of the table and secure it to a wall stud. Follow the separate instructions provided with the anti-tipping strap for proper installation.

OPERATING INSTRUCTIONS

The Tribesigns Console Table is designed for displaying decorative items and providing functional surface space in various rooms.

- **Placement:** Position the table in your desired location, such as an entryway, living room, or hallway. Ensure it is placed on a level and stable surface.

- **Weight Distribution:** Distribute items evenly across the tabletop. Avoid placing heavy objects on one side to maintain stability. The maximum weight capacity is 90 kg (200 lbs).
- **Adjustable Feet:** The table features adjustable leg pads at the bottom of the metal frame. If the table is unstable or wobbles on an uneven floor, rotate these pads clockwise or counter-clockwise until the table is level and stable.

Image: Detail showing the adjustable leg pads at the base of the table, used for leveling on uneven surfaces.

MAINTENANCE

- **Cleaning:** For general cleaning, wipe the tabletop and metal frame with a soft, damp cloth. For more stubborn marks, a mild, non-abrasive cleaner can be used sparingly.
- **Drying:** Immediately wipe dry with a clean, dry cloth after cleaning to prevent water spots or potential damage to the wood-look finish.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, strong chemical solutions, or solvents, as these can damage the finish of the engineered wood and metal components.
- **Protection:** Use coasters or placemats under hot or wet items to protect the tabletop surface from heat marks and moisture damage.
- **Regular Checks:** Periodically inspect all screws and connections to ensure they remain tight. Retighten if necessary to maintain the table's stability.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Table is wobbly	Loose assembly screws	Check and tighten all assembly screws.

Problem	Possible Cause	Solution
Table is wobbly	Uneven floor surface	Adjust the leveling feet at the bottom of the table legs until the table is stable.
Parts do not align during assembly	Incorrect orientation of parts or overtightening of initial screws	Loosen screws, re-orient parts as per the assembly instructions, and then retighten. Ensure not to fully tighten screws until all parts are correctly positioned.
Surface scratches or marks	Improper handling, cleaning, or lack of protective measures	Use soft cloths for cleaning. Avoid dragging objects across the surface. Use coasters or placemats under items. Minor scratches may be concealed with furniture repair markers (not included).

SPECIFICATIONS

- **Brand:** Tribesigns
- **Model Name:** Console Table
- **Model Number:** JW0480JW0772
- **Product Dimensions (Depth x Width x Height):** 11.81"D x 55.12"W x 35.63"H
- **Item Weight:** 17.4 Kilograms (approximately 38.36 lbs)
- **Maximum Weight Recommendation:** 90 Kilograms (approximately 200 lbs)
- **Frame Material:** Metal
- **Top Material:** Engineered Wood
- **Color:** Wood Color (top), Black (base)
- **Assembly Required:** Yes
- **Included Components:** Assembly Guide, Installation Tool (Allen Wrench), Anti-Tipping Strap
