FIMEI Arc Floor Lamp

FIMEI Arc Floor Lamp User Manual

Model: Arc Floor Lamp

INTRODUCTION

This manual provides comprehensive instructions for the FIMEI Arc Floor Lamp. This modern floor lamp features an elegant arched design, offering both aesthetic appeal and practical lighting solutions for various spaces such as living rooms, bedrooms, and offices. It includes an E27 socket with a 9W LED bulb, remote control, foot switch operation, adjustable color temperatures, stepless dimming, and a 1-hour timer function.

SAFETY INSTRUCTIONS

Please read and follow these safety instructions carefully to ensure safe operation and prevent damage to the product or injury.

- Ensure the lamp is unplugged before assembly, cleaning, or replacing the bulb.
- Do not operate the lamp with a damaged cord or plug. Contact customer support for assistance.
- Keep the lamp away from water or highly humid environments to prevent electrical hazards.
- Use only the specified bulb type (E27, max 9W LED) to prevent overheating and ensure proper functionality.
- Place the lamp on a stable, level surface to prevent tipping and potential damage.
- Do not attempt to modify or disassemble the lamp beyond the instructions provided in this manual.
- Keep the remote control out of reach of children to prevent accidental operation or ingestion of small parts.

PACKAGE CONTENTS

Verify that all components are present and undamaged before proceeding with assembly:

- Arc Lamp Pole Sections (including base and arched arm)
- Fabric Lampshade (foldable)
- E27 LED Bulb (9W)
- Remote Control
- Foot Switch (integrated into power cord)
- Hex Wrench (for securing arc arm)
- User Manual (this document)

SETUP AND ASSEMBLY

Follow these steps to assemble your FIMEI Arc Floor Lamp. No additional tools are required beyond the included hex wrench.

1. Step 1: Secure Arc Arm

Attach the arched arm to the main pole section. Use the provided hex wrench to tighten the connection securely.

2. Step 2-6: Assemble Pole Sections

Screw all pole sections together tightly, starting from the base and working upwards. Ensure each section is firmly connected. Connect the bottom pole to the stable base.

3. Step 7-8: Fix Lampshade

Unfold the fabric lampshade. Fix the lampshade to its frame using the hook-and-loop tape provided on the inside of the shade.

4. Step 9-10: Install Bulb and Shade

Attach the shade holder to the bulb base. Screw the E27 LED bulb into the socket. Then, secure the assembled lampshade onto the lamp fixture.

OPERATING INSTRUCTIONS

Your FIMEI Arc Floor Lamp can be operated using either the remote control or the integrated foot switch.

Remote Control Functions

The remote control provides full functionality for adjusting your lamp:

- **Power Button:** Turns the lamp On/Off.
- **1H Timer:** Activates a 1-hour automatic shut-off timer.
- **Brightness Adjustment (+/-):** Increases or decreases light brightness (stepless dimming).
- **Color Temperature (K button):** Cycles through 3 color temperatures: 3000K (Warm Light), 4500K (Cool White Light), 6000K (Daylight White).
- **Preset Modes:** Dedicated buttons for various lighting scenarios:
 - *Natural Light Mode:* Ideal for general illumination.
 - *Nursing Mode:* Soft, warm light for comfort.
 - *Working Mode:* Bright, focused light for tasks.
 - *Sleeping Mode:* Very dim, warm light for relaxation.
 - *Reading Mode:* Optimized brightness and color for reading.

Easy to Assemble

Step 1: Secure arc arm with hex wrench

Step 2-6: Screw all tubes tightly, connect bottom pole to base

Step 7-8: Fix lampshade with hook-and-loop tape.

Step 9-10: Attach shade holder to bulb base; screw in bulb.

Foot Switch Operation

The foot switch, located on the power cord, offers basic On/Off functionality for convenience. Simply press it with your foot to toggle the lamp's power.

Adjustable Color Temperatures and Brightness

The lamp offers three distinct color temperatures and stepless dimming to suit your preferences:

- **3000K (Warm Light):** Creates a cozy and inviting atmosphere, ideal for relaxation.
- **4500K (Cool White Light):** Provides a neutral, balanced illumination suitable for general activities.
- **6000K (Daylight White):** Offers bright, crisp light, slightly blue-toned, excellent for tasks requiring focus.

Brightness can be adjusted continuously from 10% to 100% using the remote control's +/- buttons, allowing for precise control over your lighting environment.

3 Color Temperature for Personalized Selection

Image: A visual representation of the FIMEI Arc Floor Lamp demonstrating its three color temperature settings (3000K, 4500K, 6000K) and the range of stepless adjustable brightness from 10% to 100%.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your FIMEI Arc Floor Lamp.

- **Cleaning:** Always disconnect the power before cleaning. Wipe the lamp's metal parts with a soft, dry cloth. The fabric lampshade can be gently dusted or spot cleaned with a slightly damp cloth if necessary. Avoid using abrasive cleaners or harsh chemicals, as these can damage the finish.
- **Bulb Replacement:** Ensure the lamp is unplugged and the bulb has completely cooled down before attempting to replace it. Unscrew the old E27 bulb counter-clockwise and replace it with a new E27 LED bulb (maximum 9W).
- **Storage:** If you need to store the lamp for an extended period, it is recommended to disassemble it and pack it in its original packaging to protect all components from dust and damage.

TROUBLESHOOTING

Refer to the table below for common issues and their solutions.

Problem	Possible Cause	Solution
Lamp does not turn on.	Power cord not plugged in. Bulb is loose or faulty. Remote control battery is dead.	Ensure the power cord is securely plugged into a working electrical outlet. Tighten the bulb or replace it with a new E27 LED bulb. Replace the remote control battery with a fresh one.
Remote control is not working.	Battery is dead or incorrectly inserted. Obstruction between remote and lamp sensor.	Replace the battery, ensuring correct polarity (+/-). Remove any obstructions and ensure the remote is pointed towards the lamp's sensor.
Light flickers or is dim.	Loose bulb connection. Incorrect bulb wattage.	Tighten the bulb securely in the socket. Ensure you are using an E27 LED bulb with a maximum of 9W.

SPECIFICATIONS

Detailed technical specifications for the FIMEI Arc Floor Lamp:

Brand: FIMEI

Model: Arc Floor Lamp

Dimensions (L x W x H): 57 x 32 x 187.4 cm (22.4 x 12.6 x 73.8 inches)

Weight: 5.01 kg (11.04 lbs)

Material: Metal (frame), Plastic (lampshade structure), Fabric (lampshade covering)

Color: Beige (lampshade), Black (metal frame)

Bulb Type: E27 LED (9W included)

Voltage: 230 Volts (AC)

Power: 9 Watts
