## 3. Safety Information

**[IMPORTANT] Always ensure the shaver is unplugged and completely dry before cleaning. Do not use near water sources like bathtubs or showers while plugged in. Avoid shaving over open wounds or irritated skin. Regularly clean the shaver head to prevent bacterial growth and maintain hygiene. Ensure the device is properly charged before use to avoid performance issues.**

- Keep out of reach of children.
- Do not disassemble or attempt to repair the shaver yourself.
- Use only the provided USB-C cable for charging.
- Store in a cool, dry place when not in use.

## 4. Setup

Before first use, fully charge your DOAO Electric Shaver. The shaver features a digital display that indicates the battery percentage.

1. Connect the provided USB-C charging cable to the shaver's charging port.
2. Plug the other end of the USB-C cable into a compatible USB power adapter (not included) or a USB port.
3. Allow the shaver to charge until the battery indicator shows 100%. A full charge provides up to 100 minutes of run time.

## 5. Operating Instructions

Follow these steps for an optimal shaving experience:

1. **Prepare Your Face:** Clean and thoroughly dry your face before shaving. For a wet shave, apply shaving foam or gel.
2. **Power On:** Press the power button to turn on the electric shaver. Allow it a moment to adapt to your skin.
3. **Position the Shaver:** Hold the shaver at approximately a 30-degree angle to your skin.
4. **Shave:** Move the shaver in a gentle, circular motion over your face. The flexible head and pressure-sensitive blades are designed to adapt to your facial contours for a comfortable shave.

5. **Wet or Dry Shaving:** The DOAO Electric Shaver is designed for both wet and dry use. You can shave with foam, gel, or even in the shower.

### 6. Maintenance and Cleaning

---

Regular cleaning ensures optimal performance and hygiene of your shaver.

1. **Power Off:** Turn off the shaver and unplug it from any charging source.
2. **Remove Shaver Head:** Gently detach the shaver head from the body.
3. **Rinse:** Rinse the shaver head thoroughly under running water. The shaver is waterproof, allowing for easy cleaning.
4. **Brush Cleaning:** Use the provided cleaning brush to remove any stubborn hair clippings from the blades and foil.
5. **Dry:** Allow the shaver head and body to air dry completely before reattaching the head and storing.

**Important:** Do not use abrasive cleaners or harsh chemicals to clean the shaver, as this may damage the device.

## 7. Troubleshooting

---

If you encounter any issues with your DOAO Electric Shaver, please refer to the following common solutions:

- **Shaver Not Turning On:** Ensure the shaver is fully charged. If the battery is low, connect it to the USB-C charger.
- **Poor Shaving Performance:** Clean the shaver head thoroughly to remove any trapped hair or debris. Ensure the blades are not dull; replacement heads may be needed after extended use.
- **Battery Not Holding Charge:** Ensure the charging cable is securely connected and the power source is functional. If the issue persists, the battery may require servicing.
- **Excessive Noise/Vibration:** Check if the shaver head is properly attached. Clean the shaver to ensure no foreign objects are interfering with the blades.
