Brilliant 94481/06

Brilliant Mazzaro Ceiling Fan with RGB Lamp - User Manual

Model: 94481/06

Introduction

Thank you for choosing the Brilliant Mazzaro Ceiling Fan with RGB Lamp. This manual provides essential information for the safe installation, operation, and maintenance of your new ceiling fan. Please read these instructions carefully before use and retain them for future reference.

Important Safety Instructions

- Always disconnect power before installation, maintenance, or cleaning.
- Installation must be performed by a qualified electrician in accordance with local wiring regulations.
- Ensure the mounting structure can support the weight of the fan (2.72 kg).
- Do not insert objects into the fan blades while in operation.
- This appliance is for indoor use only (IP20 rating).
- Keep the remote control away from water and extreme temperatures.

Package Contents

Please check that all components are present and undamaged:

- Ceiling Fan Unit (with integrated LED lamp and fan)
- Remote Control
- Mounting Hardware
- User Manual (this document)

Setup and Installation

1. Mounting the Fan

Ensure the ceiling junction box is securely mounted and capable of supporting the fan's weight. Follow standard electrical safety procedures.

1. Turn off power at the main circuit breaker.
2. Attach the mounting bracket to the ceiling junction box using the provided screws.
3. Carefully lift the fan unit and connect the electrical wires (Live, Neutral, Ground) according to local wiring codes.
4. Secure the fan unit to the mounting bracket.

2. Remote Control Preparation

The remote control requires batteries (not included). Insert the correct battery type (e.g., AAA) into the remote control compartment, observing polarity.

Image: A person comfortably seated on a sofa, holding the remote control for the ceiling fan. The remote allows for easy adjustment of light brightness, color, and fan speed.

Operating Instructions

The Mazzaro ceiling fan is controlled via the included remote control.

1. Power On/Off

Press the **Power** button on the remote to turn the fan and light on or off.

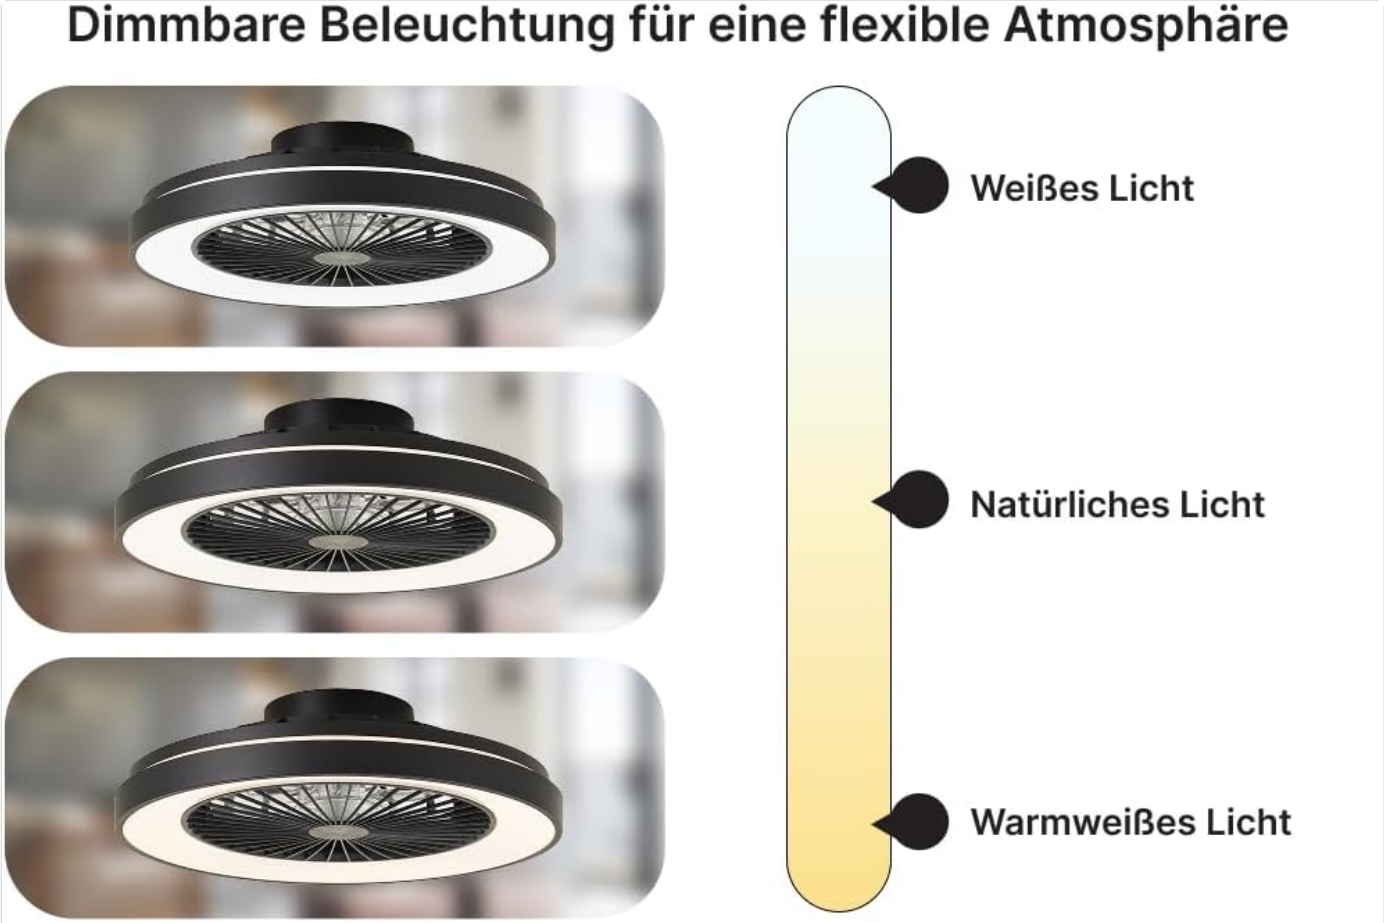

2. Fan Speed Control

Use the **SPEED+** and **SPEED-** buttons to adjust the fan speed. The fan offers multiple speed settings for optimal air circulation.

3. Light Control (RGB & CCT)

The integrated LED lamp offers versatile lighting options:

- **CCT (Correlated Color Temperature) Adjustment:** Use the dedicated buttons (e.g., sun icon for brighter, moon icon for dimmer, or specific CCT buttons if available) to cycle through warm white (3000K), natural white, and cool white (6500K) light temperatures.
- **RGB Color Selection:** Press the **RGB** button to activate the dynamic RGB lighting. Use the color selection buttons (if present) or cycle through various colors and modes.
- **Dimming:** Adjust the brightness of the light using the dimming buttons (e.g., sun icon for brighter, moon icon for dimmer).

TECHNISCHE SPEZIFIKATIONEN	
Leistung in Watt: 40	Lichtstrom in Lumen: 4700
Leuchtmittel inklusive: Ja	Farbwechsel: CCT Center Light/ Digitales LED Front Light - RGB
Lichtfarbe in Kelvin: 3000-6500	Glühbirnensockel: E26 Medium
Leuchtmittelhinweis: LED integriert	Stromversorgung und Steckertyp: Kabelgebunden

Maintenance

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

Cleaning

- Before cleaning, ensure the power to the fan is turned off at the circuit breaker.
- Use a soft, damp cloth to wipe down the fan blades and housing. Do not use abrasive cleaners or solvents.
- Do not immerse the fan in water.
- Periodically check all connections and mounting screws to ensure they are secure.

Troubleshooting

Problem	Possible Cause	Solution
Fan does not operate / Light does not turn on.	No power supply; Remote control batteries are dead; Incorrect wiring.	Check circuit breaker; Replace remote control batteries; Consult a qualified electrician to check wiring.
Remote control not responding.	Batteries are low or incorrectly inserted; Remote control is too far from the receiver.	Replace batteries, ensure correct polarity; Move closer to the fan unit.
Fan makes unusual noise.	Loose mounting screws; Obstruction in fan blades.	Ensure all mounting screws are tightened; Turn off power and check for obstructions.
Light color or brightness not changing.	Incorrect remote button pressed; Software glitch.	Refer to operating instructions for correct buttons; Try resetting power to the unit.

SPECIFICATIONS

Brand	Brilliant
Model Number	94481/06
Product Dimensions	13 x 48 x 13 cm (Height x Diameter x Depth)
Weight	2.72 kg
Material	Metal
Color	Adjustable (Black finish)
Voltage	230 Volt
Wattage	40 watts
Luminous Flux	4700 Lumens
Color Temperature	3000K - 6500K (Warm White to Cool White)
Light Type	Integrated LED (RGB & CCT)
IP Rating	IP20 (Indoor use only)
Power Source	Corded Electric
Special Features	Dimmable, RGB Light, Fan Function, Remote Control
