2. Safety Information

Observe the following safety precautions to prevent injury or damage to the product:

- Always follow assembly instructions carefully.
- Ensure all hardware is securely tightened before use.
- Do not overload the cabinet or shelves. Refer to specifications for weight limits.
- Mount the cabinet securely to a wall stud or use appropriate wall anchors for your wall type.
- Keep small parts away from children during assembly.

3. Package Contents

Verify that all components are present before beginning assembly. If any parts are missing or damaged, contact customer service.

- Cabinet panels (top, bottom, sides, back, doors)
- Adjustable shelf
- Towel bar
- 3 Hooks
- Hardware pack (screws, dowels, hinges, handles, wall anchors)
- Instruction manual

4. Assembly Instructions

Assembly is required. Follow the numbered steps provided in the included detailed instructions. A Phillips head screwdriver and a hammer (not included) may be required.

1. **Prepare Components:** Unpack all parts and lay them out on a clean, soft surface to prevent scratches. Identify each part using the provided labels.
2. **Assemble Cabinet Frame:** Attach the side panels to the top and bottom panels using the designated hardware. Ensure all connections are secure.
3. **Install Back Panel:** Secure the back panel to the assembled frame.
4. **Attach Door Hinges:** Mount the hinges to the cabinet doors and then attach the doors to the cabinet frame. Adjust hinges as needed for proper door alignment.
5. **Install Handles:** Attach the black metal handles to the cabinet doors.
6. **Insert Adjustable Shelf:** Place the adjustable shelf into the desired position within the upper cabinet section.
7. **Attach Towel Bar and Hooks:** Secure the removable towel bar and the three additional hooks to the bottom shelf as indicated.

5. Installation

This cabinet is designed for wall mounting. Proper installation is crucial for safety and stability.

1. **Choose Location:** Select a suitable wall location, preferably where wall studs can be utilized for maximum support.
2. **Mark Drilling Points:** Hold the cabinet against the wall at the desired height and mark the mounting hole locations. Alternatively, use a template if provided.
3. **Drill Pilot Holes:** Drill pilot holes at the marked locations. If mounting into drywall without a stud, use appropriate wall anchors.
4. **Mount Cabinet:** Align the cabinet with the pilot holes and secure it to the wall using the provided mounting screws. Ensure the cabinet is level and firmly attached.

6. Operation

The ChooChoo Farmhouse Wall Medicine Cabinet offers versatile storage solutions:

- **Adjustable Shelf:** The upper cabinet features an adjustable shelf. To reposition, remove the shelf, adjust the shelf pins to the desired height, and reinsert the shelf.
- **Towel Bar:** The bottom section includes a removable towel bar, suitable for hanging hand towels or washcloths.
- **Storage Hooks:** Three additional hooks are provided on the towel bar for hanging small items such as brushes, loofahs, or keys.
- **Open Shelf:** The open bottom shelf provides easy access storage for frequently used items.

7. Maintenance and Care

To maintain the appearance and longevity of your cabinet:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Hardware:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Moisture:** While suitable for bathrooms, avoid prolonged exposure to excessive moisture. Wipe up spills immediately.

8. Troubleshooting

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Cabinet doors do not align properly.	Hinges are not adjusted correctly.	Adjust the screws on the hinges to align the doors. Refer to hinge adjustment instructions.
Cabinet feels unstable after mounting.	Improper wall mounting or loose hardware.	Ensure the cabinet is securely fastened to wall studs or appropriate anchors. Tighten all mounting screws.
Adjustable shelf slides or is not secure.	Shelf pins are not fully inserted or are incorrect.	Ensure shelf pins are fully seated in the holes. Verify correct shelf pin type is used.
