Fenge B0CRHCKDVW

Fenge Monitor Stand User Manual

Dual Monitor Riser with Drawer - Model: B0CRHCKDVW (Oak)

PRODUCT OVERVIEW

The Fenge Dual Monitor Riser is designed to elevate your screens to an ergonomic height while providing additional storage and organization for your workspace. This 42.5-inch stand features a two-tier design with integrated acrylic drawers, suitable for computers, laptops, printers, and TV screens.

PACKAGE CONTENTS

- Monitor Stand Components (Wood panels, support legs)
- 2 x Semi-transparent Frosted Acrylic Drawers
- Assembly Hardware (Screws, tools)
- Detailed Installation Manual

SETUP AND ASSEMBLY

Assembly of the Fenge Monitor Stand is straightforward and typically takes 5-8 minutes. Follow the detailed installation manual provided with the product.

1. Unpack all components and verify against the package contents list.
2. Attach the support legs to the main shelf using the provided hardware.
3. Insert the acrylic drawers into their designated slots. The drawers are interchangeable and can be placed on either the left or right side.
4. Place the assembled stand on a stable, flat surface.

OPERATING INSTRUCTIONS

The Fenge Monitor Stand is designed for versatile use, enhancing ergonomics and organization.

- **Ergonomic Positioning:** Place your monitor(s) on the top surface of the stand to achieve an optimal viewing height of 5.5 inches, reducing strain on your neck and eyes.
- **Desktop Organization:** Utilize the two-tier design to store items such as keyboards, mice, laptops, tablets, and documents underneath the main platform.
- **Integrated Drawers:** The two semi-transparent frosted acrylic drawers provide convenient storage for smaller office supplies, pens, or personal items. These drawers can be easily removed or interchanged.
- **Cable Management:** (Note: Only the upgraded black version has integrated cable management. This Oak model does not have a metal plate for cable management.)

MAINTENANCE AND CARE

- **Cleaning:** The surface of the monitor stand is waterproof. Wipe with a damp cloth to clean. Avoid abrasive cleaners.
- **Protection:** The surface is designed to prevent marks such as scratches and fingerprints.
- **Safety:** The rounded corner design helps prevent bumps and scratches. Non-slip rubber pads provide stability.

TROUBLESHOOTING

- **Plastic Smell from Drawers:** If you notice a plastic smell when first opening the acrylic drawer packaging, this is normal due to immediate packaging after production. Place the drawers near a window or in a well-ventilated area for a few seconds, and the smell will dissipate.
- **Drawers Sliding Too Far:** The drawers are not attached and can be fully removed. If you wish to prevent them from sliding completely through, ensure there is a barrier behind them (e.g., the back of your desk or a wall).
