

ESR 1B20501

ESR Classic Hybrid Clear Case for iPad Pro 11-inch (M5/M4) 2025/2024

MODEL: 1B20501

Introduction

Thank you for choosing the ESR Classic Hybrid Clear Case. This case is designed to provide robust protection for your iPad Pro while maintaining its original aesthetic. It features a slim, lightweight design with advanced shock absorption and scratch resistance, ensuring your device remains safe and functional.

Compatibility

This case is specifically designed for the following iPad models:

- **iPad Pro 11-inch (M5) 2025:** Model numbers A3357, A3358, A3359
- **iPad Pro 11-inch (M4) 2024:** Model numbers A2836, A2837, A3006

This case is not compatible with any other iPad models.

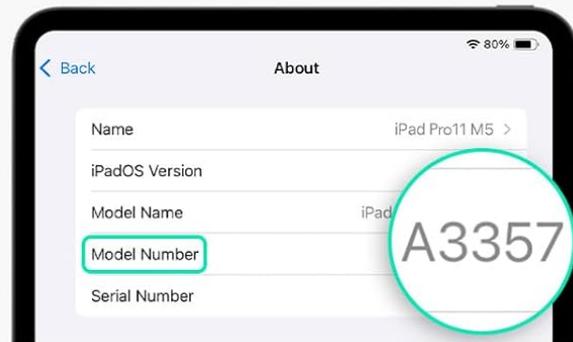

Only for

iPad Pro 11" (M5) 2025, iPad Pro 11" (M4) 2024

Find your model:

- 1 Go to Settings > General > About.
- 2 To the right of Model Number, you'll find the part number (MXXXX). To find the model number (AXXXX), tap the part number.

Models

iPad Pro 11" (M5) 2025: A3357, A3358, A3359

iPad Pro 11" (M4) 2024: A2836, A2837, A3006

Key Features

- **Slim and Lightweight Design:** Engineered to provide a snug fit and excellent grip without adding unnecessary bulk to your tablet.
- **Powerful Drop Protection:** Features raised screen edges, a Camera Guard, a flexible polymer frame, and shock-absorbing Air Guard corners to protect against drops and bumps.
- **Full Digital Pencil Support:** Designed with a recessed side groove that fully supports magnetic pairing and charging for both Apple Pencil Pro and Apple Pencil (USB-C).
- **Tough and Clear:** The scratch-resistant acrylic back prevents bending and maintains crystal clarity, allowing the original design of your tablet to shine through.

- **Precise Cutouts:** Ensures full access to all ports, buttons, and features without obstruction.

Setup and Installation

To install the ESR Classic Hybrid Clear Case on your iPad Pro 11-inch:

1. Ensure your iPad is clean and free of dust or debris.
2. Align the camera cutout of the case with your iPad's camera module.
3. Gently push one side of the iPad into the flexible frame of the case.
4. Work your way around the edges, ensuring all corners and sides of the iPad are securely seated within the case. The flexible polymer frame allows for easy installation.
5. Verify that all cutouts for ports, speakers, and buttons are correctly aligned and accessible.

Operating and Usage

Once installed, the ESR Classic Hybrid Clear Case allows for seamless operation of your iPad Pro:

- **Button Access:** The case features precise button covers that maintain tactile feedback for the power and volume buttons.
- **Port Access:** All ports, including the USB-C charging port, remain fully accessible for charging and connecting accessories.
- **Apple Pencil Charging:** The recessed side groove ensures that your Apple Pencil Pro or Apple Pencil (USB-C) can magnetically attach and charge without removing the case.
- **Camera Functionality:** The Camera Guard protects the camera module while ensuring unhindered photo and video capture.

Maintenance

To keep your ESR Classic Hybrid Clear Case in optimal condition:

- **Cleaning:** Wipe the case regularly with a soft, damp cloth to remove dust, fingerprints, and smudges. Avoid harsh chemicals or abrasive materials that could scratch the surface.
- **Storage:** When not in use, store the case in a cool, dry place away from direct sunlight to prevent potential discoloration over time, although the material is designed to be yellowing resistant.

Troubleshooting

- **Case feels too tight/loose:** Ensure you have the correct model of iPad Pro (11-inch M5/M4 2025/2024). Refer to the compatibility section for model numbers.
- **Apple Pencil not charging:** Verify that the Apple Pencil is correctly aligned with the magnetic charging strip on the side of the iPad. The case's recessed groove is designed to accommodate this.
- **Discoloration/Yellowing:** While the case is made with yellowing-resistant materials, prolonged exposure to UV light can affect clear cases. Regular cleaning and proper storage can help maintain its clarity.
- **Compatibility with other accessories:** This case is not compatible with the Apple Magic Keyboard or other keyboard cases that require direct magnetic attachment to the iPad's back.
