Qaekie Noise Cancelling Headphones - Q30U

Qaekie Hybrid Active Noise Cancelling Headphones - User Manual

Model: Q30U

INTRODUCTION

Thank you for choosing the Qaekie Hybrid Active Noise Cancelling Headphones. These headphones are designed to provide a superior audio experience with advanced noise cancellation, long-lasting comfort, and versatile connectivity options. This manual will guide you through the setup, operation, and maintenance of your new headphones to ensure optimal performance.

WHAT'S IN THE BOX

- 1 x Hybrid Active Noise Cancelling Headphones
- 1 x User Manual
- 1 x Type-C Charging Cable
- 1 x 3.5mm to 3.5mm Audio Cable
- 1 x Carry Bag

Image: The Qaekie Q30 headphones shown with their included accessories: a Type-C charging cable, a 3.5mm audio cable, and a carry bag.

SETUP

Charging the Headphones

Before first use, fully charge your headphones. Connect the provided Type-C charging cable to the charging port on the headphone and the other end to a USB power source. The LED indicator will show charging status.

Powering On/Off

To power on, press and hold the Power button until the LED indicator lights up. To power off, press and hold the Power button until the LED indicator turns off.

OPERATING INSTRUCTIONS

Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the Power button for approximately 5 seconds until the LED indicator flashes red and blue, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for "Qaekie Q30" in the list of available devices.
4. Select "Qaekie Q30" to connect. Once connected, the LED indicator will turn solid blue.

The headphones support Bluetooth 5.4 for stable transmission and low latency. They will automatically connect to the last paired device upon powering on.

Multi-point Connection

The Qaekie Q30 supports connecting to two Bluetooth devices simultaneously. After connecting to the first device, disable Bluetooth on that device. Put the headphones back into pairing mode and connect to the second device. Once connected, re-enable Bluetooth on the first device, and the headphones will connect to both.

Controls

- **Power Button:** Press and hold to power on/off. Short press to play/pause music or answer/end calls.
- **Volume Up (+):** Short press to increase volume. Long press to skip to the next track.
- **Volume Down (-):** Short press to decrease volume. Long press to go to the previous track.
- **ANC Button:** Press to cycle through Noise Cancelling, Transparency, and Normal modes.

Noise Cancelling Modes

- **Hybrid Active Noise Cancellation (ANC):** Blocks up to 95% of surrounding noise, ideal for travel or noisy environments. Available in both wired and wireless modes.
- **Transparency Mode:** Amplifies ambient sounds, allowing you to stay aware of your surroundings without removing headphones.
- **Normal Mode:** Standard audio playback without noise cancellation or transparency features.

Three Modes for You to Choose

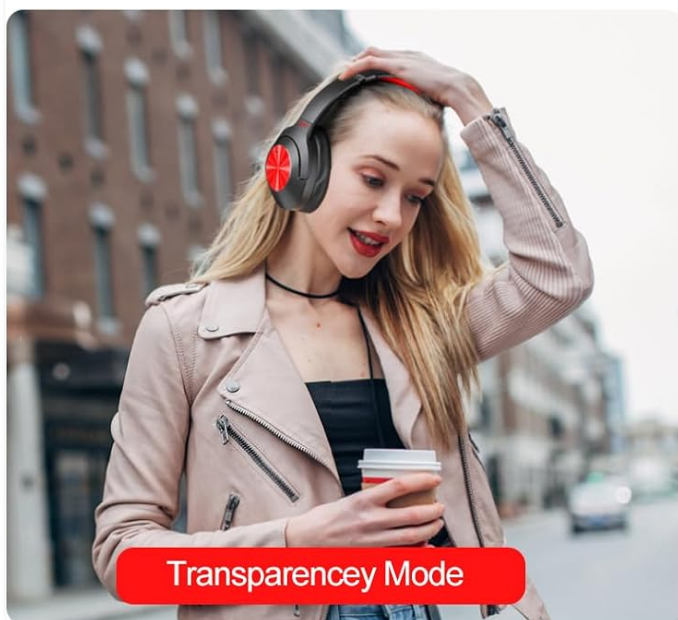

Image: The three distinct listening modes of the Qaekie Q30 headphones: Noise Cancelling for quiet focus, Transparency for environmental awareness, and Normal for standard audio.

Wired Connection

Connect the 3.5mm audio cable to the headphone's audio jack and the other end to your audio device. ANC functionality is supported in wired mode.

FEATURES OVERVIEW

Advanced Hybrid ANC Technology

The Qaekie Q30 headphones utilize an advanced Hybrid ANC algorithm and 3 ENC microphones to achieve noise cancellation depth up to -40dB, blocking 95% of ambient noise from sources like airplanes, subways, and cars. This ensures an immersive listening experience without distractions.

HYBRID ACTIVE NOISE CANCELLATION

Advanced Hybrid noise cancelling technology blocks out up to 95% of engine noise

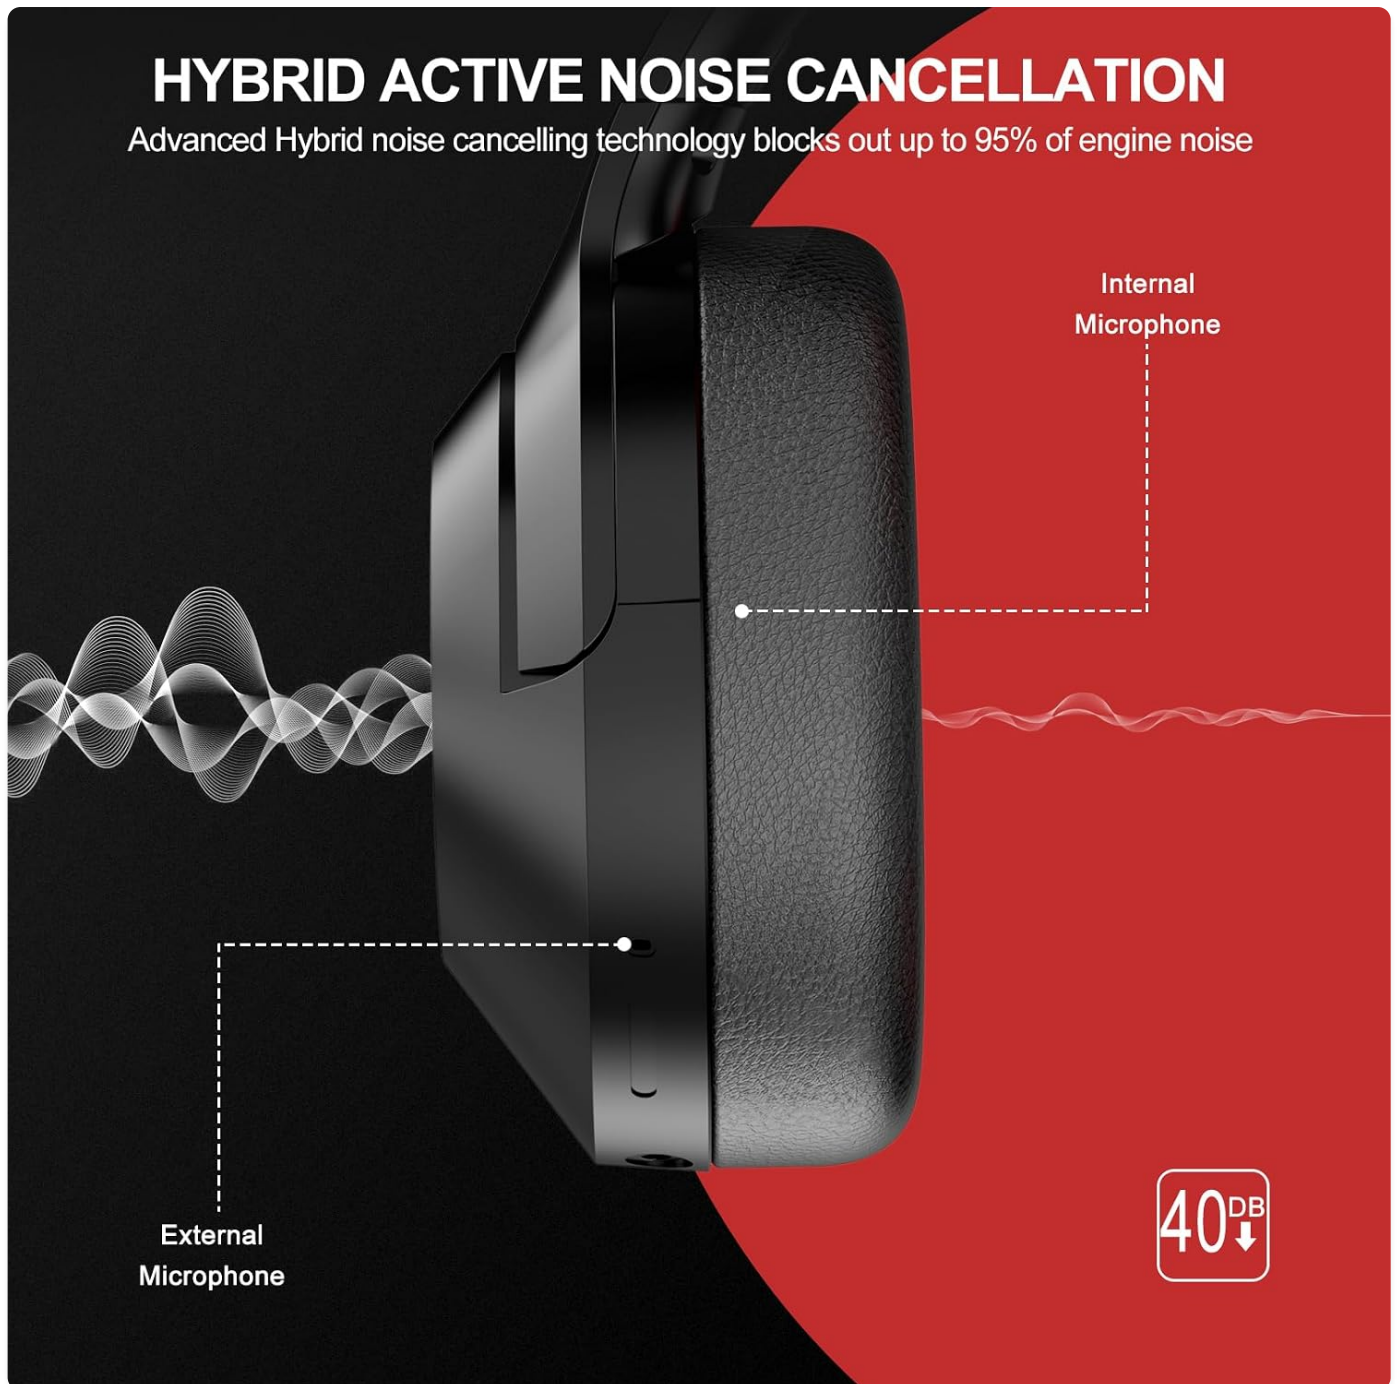

Image: A detailed diagram showing how the hybrid active noise cancellation works using both external and internal microphones to reduce noise by up to 40dB.

All-day Comfort & Adjustable Design

Designed for extended wear, these headphones feature plush protein leather ear pads with memory foam padding and an adjustable headband. The ergonomic ear cups offer multi-point rotation (35°, 100°, 120°) for a customized and pressure-relieving fit, preventing discomfort during long listening sessions.

Ergonomic Design for Comfortable Wear

Multi-point rotation ear-pads with adjustable headband

Hi-Res Audio & Superior Sound Quality

Experience crystal clear audio with enhanced clarity and depth. Custom oversized 40mm dynamic drivers with highly-flexible silk diaphragms reproduce thumping bass and crisp treble that extends up to 40kHz, delivering an immersive Hi-Res sound experience.

Image: An exploded view of the 40mm dynamic driver, illustrating its components designed to deliver powerful deep bass and Hi-Fi audio quality.

Crystal Clear Calls & Built-in ENC 5 Mics

Equipped with 4 CVC 8.0 microphones and 1 digital mic, the Qaekie Q30 ensures clearer voice quality for phone conversations. The advanced noise signal processing technology effectively blocks out background noise during calls.

CRYSTAL CLEAR CALLS

Adopt HD ANC and ENC MIC

ANC

ENC

100 Hours Playtime

The built-in 1000mAh battery provides up to 100 hours of listening time in ANC OFF mode, allowing for extended use without frequent recharging. This is sufficient for over 1000 songs or multiple long-haul flights.

100 HOURS PLAY TIME

Image: A woman and child using the headphones while working on a laptop, illustrating the impressive 100 hours of playtime, equivalent to 1200 songs or 200 meetings.

MAINTENANCE

- Clean the ear pads and headband regularly with a soft, dry cloth.
- Avoid exposing the headphones to extreme temperatures, humidity, or direct sunlight.
- Store the headphones in the provided carry bag when not in use to protect them from dust and scratches.
- Do not attempt to disassemble or repair the headphones yourself, as this will void the warranty.

TROUBLESHOOTING

- **No Power:** Ensure the headphones are fully charged.
- **Cannot Pair:** Make sure the headphones are in pairing mode (flashing red and blue LED). Check if Bluetooth is enabled on your device. Try restarting both devices.
- **No Sound:** Check the volume level on both the headphones and your connected device. Ensure the headphones are correctly

- paired. If using wired mode, ensure the 3.5mm cable is fully inserted.
- **Poor Sound Quality:** Ensure there are no obstructions between the headphones and your device. Move closer to your device. Check for interference from other wireless devices.
 - **ANC Not Working:** Ensure the ANC mode is activated. Some environmental noises may not be completely eliminated.
