CaseSack 63032678

CaseSack Protective Case for InfiRay Xinfrared P2 Pro Thermal Camera - User Manual

Model: 63032678

1. Product Overview

This manual provides instructions for the CaseSack Protective Case, designed specifically for the InfiRay Xinfrared P2 Pro Thermal Camera and its Magnetic Macro Lens. This case offers protection and convenient storage for your device and accessories.

Image 1.1: The CaseSack Protective Case in its closed state, showcasing its compact design.

2. Features

- **Custom Fit:** Perfectly accommodates the InfiRay Xinfrared P2 Pro Thermal Camera and its Magnetic Macro Lens.
- **Compact and Lightweight:** Designed for easy storage at home and convenient portability during travel.
- **Enhanced Protection:** Semi-hard carrying case constructed from PEVA materials, providing shock absorption, scratch resistance, and water resistance against minor splashes.
- **Organized Storage:** Features dual mesh pockets for securely holding the thermal camera, lens, or charging cables.

Image 2.1: The interior of the CaseSack Protective Case, showing the dual mesh pockets designed for accessories. Note: Device and accessories are not included with the case.

3. Setup and Usage

3.1 Placing Your Device

1. Unzip the CaseSack Protective Case completely to open it flat.
2. Carefully place your InfiRay Xinfrared P2 Pro Thermal Camera into one side of the case. Ensure it fits snugly within the designated area.
3. Place the Magnetic Macro Lens and any small accessories, such as charging cables, into the dual mesh pockets for secure storage.
4. Gently close the case and zip it securely. Ensure no items are protruding or obstructing the zipper.

Image 3.1: The CaseSack Protective Case opened, ready to receive the thermal camera and its accessories.

3.2 Carrying and Storage

The compact design allows for easy carrying in a bag or by hand. For long-term storage, keep the case in a cool, dry place away from direct sunlight to preserve its material integrity.

4. Maintenance and Care

- **Cleaning:** Wipe the exterior of the case with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the material.
- **Drying:** If the case becomes wet, allow it to air dry completely before zipping it closed or storing it. Do not use external heat sources for drying.

- **Inspection:** Periodically check the zipper and seams for any signs of wear or damage.

5. Troubleshooting

This section addresses common concerns related to the protective case.

- **Zipper Sticking:** If the zipper becomes difficult to operate, apply a small amount of zipper lubricant or a graphite pencil lead along the teeth.
- **Case Odor:** A new case may have a slight manufacturing odor. This typically dissipates after a few days of airing out in a well-ventilated area.
- **Fit Issues:** Ensure only the intended device (InfiRay Xinfrared P2 Pro Thermal Camera with Magnetic Macro Lens) and its small accessories are placed inside. Overfilling the case can cause stress on the zipper and material.

6. Specifications

Product Dimensions	3.25 x 2.75 x 1 inches
Item Weight	1.25 ounces
Manufacturer	CaseSack
Model Number	63032678
Material	PEVA (Semi-hard shell)
