

## Azwok DP01, DP03, TP02, TP03

# Azwok Replacement Remote Control User Manual

For Dyson Air Purifier Models: DP01, DP03, TP02, TP03

Brand: Azwok | Model: RM-DP01 DP03 TP02 TP03-DY016

## INTRODUCTION

---

This manual provides instructions for the Azwok replacement remote control, designed for seamless compatibility with Dyson Air Purifier models DP01, DP03, TP02, and TP03. This remote offers all major functions of the original, ensuring convenient control of your air purifier.

## SETUP

---

### Battery Installation

The remote control requires a battery (included with purchase) to operate. Follow these steps to install the battery:

1. Locate the battery compartment on the back of the remote control.
2. Gently slide open the battery cover.
3. Insert the provided battery, ensuring the positive (+) and negative (-) terminals are correctly aligned.
4. Close the battery cover securely.

No programming is required; the remote is ready for use once the battery is installed.

## OPERATING INSTRUCTIONS

---

The remote control provides intuitive access to your Dyson Air Purifier's functions. Point the remote directly at the air purifier for optimal response.

- **Power On/Off:** Press the power button to turn the air purifier on or off.
- **Oscillation:** Use the oscillation button to activate or deactivate the rotating function of the air purifier.
- **Fan Speed Adjustment:** Utilize the '+' and '-' buttons to increase or decrease the fan speed.
- Other buttons correspond to their respective functions on the original Dyson remote control.

## MAINTENANCE

---

### Battery Replacement

When the remote control's performance diminishes or it stops responding, it is likely time to replace the battery. Follow the battery installation steps outlined in the "Setup" section to replace the old battery with a new one.

*Note: Dispose of used batteries responsibly according to local regulations.*

## TROUBLESHOOTING

---

- **Remote not responding:**

- Ensure the battery is correctly installed and not depleted. Replace if necessary.
- Verify that there are no obstructions between the remote control and the air purifier.
- Confirm that the remote is pointed directly at the air purifier.

- **Limited range:**

- Replace the battery with a fresh one.
- Ensure you are within a reasonable distance and line of sight of the air purifier.

- **Incorrect model compatibility:**

- This remote is specifically designed for Dyson Air Purifier models DP01, DP03, TP02, and TP03. If your model is not listed, contact customer support for assistance.
