2. SAFETY INFORMATION

- Read all instructions before installation and use.
- Keep the dispenser out of reach of children and unauthorized personnel.
- Use only Tork A1 system air freshener refills and specified batteries.
- Do not expose the dispenser to excessive moisture or direct water spray.
- Ensure proper ventilation when using air freshener aerosols.
- Dispose of used batteries and aerosol cans according to local regulations.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x Tork 562000 A1 Air Freshener Dispenser (white)
- Mounting screws and wall plugs
- Instruction manual

Note: Batteries and air freshener refills are sold separately.

4. SETUP AND INSTALLATION

4.1 Wall Mounting

1. Choose a suitable location for the dispenser, ensuring it is at an appropriate height and away from direct airflow or heat sources.
2. Open the dispenser cover.
3. Mark the drilling points on the wall using the dispenser's mounting holes as a template.
4. Drill holes and insert the provided wall plugs.
5. Secure the dispenser to the wall using the mounting screws.

4.2 Battery Installation

1. Open the dispenser cover.
2. Locate the battery compartment.
3. Insert 1 Lithium-ion battery (not included) according to the polarity markings (+/-).
4. Close the battery compartment securely.

4.3 Air Freshener Refill Insertion

1. Open the dispenser cover.
2. Insert a Tork A1 system aerosol air freshener refill into the designated slot. Ensure it is seated correctly.
3. Close the dispenser cover.

Video 1: Tork A1/A2 Air Freshener Systems overview, demonstrating flexible settings, controlled dosage, and easy refilling. This video highlights the features and benefits of the Tork A1 and A2 systems, including how they adapt to different washroom environments and help reduce maintenance time.

5. OPERATING INSTRUCTIONS

5.1 Programming Spray Intervals

The Tork A1 dispenser features simple programming to set the desired spray intervals, ensuring continuous freshness. Refer to the internal controls for setting options (e.g., spray frequency, operating hours). Adjust settings based on the size of the area and desired intensity.

Crée une sensation de fraîcheur et de propreté

Figure 4: Key features of the Tork A1 dispenser, including the refill indicator and controlled dosage mechanism.

5.2 Odor Management and Dosage

The dispenser is designed for controlled dosage to effectively manage odors. The system adapts to various sanitary environments and traffic levels:

- **Low Traffic:** Minimal spray frequency.
- **Medium Traffic:** Moderate spray frequency.
- **High Traffic:** Increased spray frequency.
- **High Traffic & Peak Hours:** Maximum spray frequency for continuous freshness.

6. MAINTENANCE

6.1 Refill Replacement

The dispenser features a refill indicator to signal when the aerosol needs to be replaced. When the indicator shows low, open the dispenser cover, remove the empty aerosol can, and insert a new Tork A1 system refill. Close the cover securely.

Floral

Fruité

Figure 6: Tork A1 system aerosol refills are available in various fragrances like Citrus, Floral, Fruity, and Odor Neutralizer.

6.2 Battery Replacement

When the dispenser stops spraying or the battery indicator (if present) signals low power, replace the battery. Open the dispenser, remove the old battery, and insert a new 1 Lithium-ion battery, observing correct polarity. Long-lasting batteries reduce maintenance frequency.

6.3 Cleaning

The plastic material of the dispenser is easy to clean. Use a soft, damp cloth and mild detergent to wipe down the exterior. Avoid abrasive cleaners or solvents that could damage the surface.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Dispenser not spraying	<ul style="list-style-type: none"> Empty aerosol can Dead battery Incorrect programming Nozzle blockage 	<ul style="list-style-type: none"> Replace aerosol can. Replace battery. Check and adjust programming settings. Clean the nozzle with a soft cloth.

Problem	Possible Cause	Solution
Weak or inconsistent spray	Low battery Nearly empty aerosol can	Replace battery. Replace aerosol can.
Dispenser cover not closing	Aerosol can not seated correctly Obstruction	Ensure aerosol can is fully inserted. Check for any foreign objects blocking the cover.
