## 3. Setup

---

### 3.1 Charging the Device

Before first use, fully charge the MP3 player. Connect the provided Type-C charging cable to the device's charging port and the other end to a USB power adapter (not included) or a computer's USB port. The battery indicator on the screen will show charging status.

### 3.2 Powering On/Off

To power on, press and hold the power button located on the side of the device until the screen lights up. To power off, press and hold the power button until the power-off prompt appears, then confirm.

### 3.3 Micro SD Card Installation (Optional)

The device has 16GB of internal storage. To expand storage up to 256GB, insert a Micro SD card (not included) into the designated slot on the side of the player. Ensure the card is inserted correctly until it clicks into place.

## 256GB Large Storage

It means you can take up to 64000 songs into your pocket.
