# Qulose Wireless Bluetooth Keyboard User Manual

Model: QUSFKBPRO8BL-UK

## 1. INTRODUCTION

Thank you for choosing the Qulose Wireless Bluetooth Keyboard. This keyboard is specifically designed to enhance your experience with Microsoft Surface Pro 8, Surface Pro 9, Surface Pro X, and Surface Pro 11 devices. It features a magnetic detachable design, a responsive multi-touch trackpad, and a long-lasting rechargeable battery, providing a seamless and efficient typing experience.

Please read this manual carefully before using the product to ensure proper operation and to maximize its lifespan.

## 3. SETUP AND CONNECTION

### 3.1 Charging the Keyboard

Before first use, fully charge the keyboard. The keyboard has a built-in 250 mAh rechargeable lithium-ion battery.

1. Locate the USB-C charging port on the keyboard.
2. Connect the included USB-C cable to the keyboard's charging port and the other end to a USB power source (e.g., computer USB port, wall adapter).
3. The charging indicator light will illuminate. Once fully charged, the light may change color or turn off, depending on the model.

A full charge provides over 25 hours of working time and over 180 days of standby time.

## 3.2 Bluetooth Pairing

The Qulose keyboard connects to your Surface Pro via Bluetooth, offering a stable and reliable wireless connection.

1. Ensure the keyboard is charged and powered on.
2. On your Microsoft Surface Pro, go to **Settings > Bluetooth & devices**.
3. Turn on Bluetooth.
4. On the Qulose keyboard, press the **Fn** key and the **C** key simultaneously to enter pairing mode. The Bluetooth indicator light on the keyboard will blink.
5. On your Surface Pro, select **Add device > Bluetooth**.
6. Select "Qulose Keyboard" (or similar name) from the list of available devices.
7. Follow any on-screen prompts to complete the pairing process. The Bluetooth indicator light on the keyboard will stop blinking once successfully paired.

## 4. OPERATING THE KEYBOARD

### 4.1 Magnetic Attachment

The keyboard features a powerful magnetic attachment strip, allowing you to easily connect and detach it from your Surface Pro. This design enables quick transitions between tablet and laptop modes and provides multiple typing angles

for comfort and productivity.

## 4.2 Multi-Touch Trackpad

The integrated multi-touch trackpad allows for easy navigation and precise control, enhancing your workflow. It supports various gestures for a smoother interaction with your Surface Pro.

**Palm Rejection Function:** To prevent accidental inputs, the trackpad is equipped with a palm rejection feature. You can

lock or unlock the trackpad by pressing **Fn + F7**.

### 4.3 Shortcut Keys

The keyboard includes 12 shortcut keys for quick access to common functions, improving efficiency and convenience.

### 4.4 Integrated Pen Holder

A convenient integrated pen holder is included to keep your stylus easily accessible. Please note that this holder is for storage only and does not provide charging capabilities for your pen.

## 5. MAINTENANCE

---

Proper care and maintenance will ensure the longevity and optimal performance of your keyboard.

- **Cleaning:** Use a soft, lint-free cloth slightly dampened with water or a mild cleaning solution to wipe the surface of the keyboard. Avoid harsh chemicals or abrasive materials.
- **Battery Care:** To preserve battery life, avoid fully discharging the battery frequently. Charge the keyboard using only the provided USB-C cable. Do not expose the keyboard to extreme temperatures (hot or cold) as this can affect battery performance.
- **Storage:** When not in use for extended periods, store the keyboard in a cool, dry place.

## 6. TROUBLESHOOTING

---

If you encounter any issues with your Qulose keyboard, please refer to the following common troubleshooting steps:

- **Keyboard Not Connecting/Pairing:**
  - Ensure the keyboard is fully charged.
  - Make sure Bluetooth is enabled on your Surface Pro.
  - Re-enter pairing mode on the keyboard (Fn + C) and try pairing again.
  - Forget the device on your Surface Pro's Bluetooth settings and attempt to pair from scratch.
  - Restart both your Surface Pro and the keyboard.
- **Trackpad Not Responding:**
  - Check if the trackpad is locked. Press Fn + F7 to toggle the trackpad lock.
  - Ensure your hands are clean and dry.
  - Restart the keyboard and your Surface Pro.
- **Keys Not Responding:**
  - Ensure the keyboard is properly connected via Bluetooth.
  - Check battery level and charge if low.
  - Clean any debris that might be under the keys.
- **Charging Issues:**
  - Ensure the USB-C cable is securely connected to both the keyboard and the power source.
  - Try a different USB-C cable or power adapter.
  - Ensure the power source is functional.

If the issue persists after trying these steps, please contact Qulose customer support for further assistance.
