FOFNON B2-Pump

FOFNON B2-Pump Wireless Cat Water Fountain Pump Instruction Manual

Model: B2-Pump | Brand: FOFNON

1. Product Overview

The FOFNON B2-Pump is an ultra-silent, energy-efficient wireless pump designed for cat water fountains. It ensures your pet has access to fresh, flowing water, promoting better hydration. This pump features an IP68 waterproof rating and is made from safe, BPA-free materials, contributing to your pet's health and well-being. It is compatible with FOFNON wireless cat water fountains, including models B0CQXCHCMM and B0CQXCHQJV.

Key Features:

- **Ultra-Silent Operation:** Operates at ≤30dB, ensuring a peaceful environment for both you and your pet.
- **Easy Installation:** Features a USB port for convenient connection to a power adapter.
- **Safe & Durable Materials:** Constructed from BPA-free materials for your pet's safety.
- **Easy to Disassemble & Clean:** Designed for simple disassembly to facilitate regular cleaning and prolong product lifespan.
- **Wireless Design:** Offers flexibility in placement without the constraint of power cords directly attached to the water reservoir.

2. Safety Instructions

- Always unplug the pump from the power source before cleaning or maintenance.
- Ensure the pump is fully submerged in water when operating to prevent damage.
- Do not run the pump dry.
- Use only the specified power adapter (USB) for this pump.
- Keep the power cord away from chewing pets.
- Regularly inspect the pump and power cord for any signs of damage. Discontinue use if damaged.

- This product is designed for indoor use only.

3. Package Contents

Verify that all components are present upon unboxing:

- FOFNON B2-Pump (Wireless Cat Water Fountain Pump)
- USB Power Cable
- Cleaning Brush (for pump maintenance)
- Sponge Filter (pre-installed or included separately)

4. Setup Instructions

Follow these steps to set up your FOFNON B2-Pump with a compatible wireless cat water fountain.

Step 1: Prepare the Pump and Fountain

Ensure all components of the pump and fountain are clean before initial use. Rinse the pump, sponge filter, and any fountain parts thoroughly with water.

Image: Components of a FOFNON cat water fountain, including the pump and filters.

Step 2: Assemble the Pump

1. Attach the sponge filter to the pump intake.
2. If your fountain has a specific pump housing, place the pump inside it.

Step 3: Place the Pump in the Fountain Base

Position the assembled pump securely in the designated area within the fountain's water reservoir. Ensure the pump's outlet aligns with the fountain's water flow mechanism (e.g., a spout or flower top).

Step 4: Fill the Fountain with Water

Fill the fountain reservoir with clean water, ensuring the water level is between the minimum and maximum fill lines. The pump must be fully submerged.

Step 5: Connect to Power

Connect the USB power cable to the pump and then to a compatible USB power adapter. Plug the adapter into a wall outlet. The pump should start operating, circulating water.

Video: Demonstrates the setup and wireless operation of a PETLIBRO Dockstream Wireless Cat Water Fountain, which uses a similar wireless pump technology.

Video: Shows the assembly and filling process for a BalimoPet 2.2L Cat Water Fountain, providing a visual guide for fountain setup.

5. Operating Instructions

Once properly set up and powered, the FOFNON B2-Pump will continuously circulate water in your compatible cat water fountain. The wireless design allows for flexible placement of the fountain within your home, as long as the base is connected to power.

Water Flow Modes:

Depending on your specific FOFNON fountain model, there may be different water flow modes (e.g., flower waterfall, fountain mode). Refer to your fountain's manual for details on how to adjust these modes, as the pump itself provides continuous flow.

6. Maintenance

Regular cleaning and maintenance are crucial for the longevity of your pump and the health of your pet. It is recommended to clean the pump and fountain every 2 to 4 weeks.

Cleaning the Pump:

1. Unplug the fountain from the power source.
2. Remove the pump from the fountain.
3. Disassemble the pump by carefully removing the front cover and impeller.
4. Use the provided cleaning brush to scrub away any debris, hair, or mineral buildup from the impeller, pump housing, and cover.
5. Rinse all pump components thoroughly under running water.
6. Reassemble the pump, ensuring all parts are securely in place.

Video: Demonstrates the cleaning process for a NICREW Cat and Dog Fountain Pump, which is similar to the FOFNON B2-Pump.

Filter Replacement:

The sponge filter should be cleaned regularly and replaced every 2-4 weeks, or more frequently if you have multiple pets or notice reduced water flow. Replacement filters can be found by searching for "FOFNON Filter" on Amazon.

7. Troubleshooting

Problem	Possible Cause	Solution
Pump not working	No power; Impeller blocked; Low water level	Check power connection; Clean the pump and impeller; Refill water to appropriate level.
Weak water flow	Filter clogged; Impeller dirty; Low water level	Clean or replace filter; Clean the pump and impeller; Refill water.
Excessive noise	Impeller blocked/dirty; Low water level; Pump not properly seated	Clean the pump and impeller; Refill water; Ensure pump is securely placed.
Water tastes/smells bad	Filter needs replacement; Fountain needs cleaning	Replace filter; Thoroughly clean all fountain components.

If the pump appears abnormal, try adding water or cleaning any debris from the pump. If problems persist, please contact FOFNON customer support.

8. Specifications

Feature	Detail
Model Number	B2-Pump
Brand	FOFNON
