# **Belkin BoostCharge Pro 2-in-1 Wireless Charging Pad with Magnetic Qi2 - Instruction Manual**

Model: WIZ021ttWH

---

## **1. PRODUCT OVERVIEW**

---

The Belkin BoostCharge Pro 2-in-1 Wireless Charging Pad with Magnetic Qi2 provides convenient and efficient wireless charging for multiple devices. This pad features 15W fast charging for Qi2-enabled devices like iPhone 15/16 series and MagSafe-compatible devices, along with a 5W Qi pad for AirPods and an additional 5W USB-C output port for a third device.

# Charge two devices with one Qi2 charger.

15W fast charging for iPhone and standard 5W speed for AirPods or other devices.

## Key Features:

- **15W Qi2 Wireless Charging:** Delivers fast magnetic wireless charging for Qi2-enabled devices, including iPhone 15/16 series and MagSafe-compatible devices.
- **5W Qi Pad:** Charges AirPods or other Qi-enabled devices.
- **Additional 5W USB-C Output Port:** Allows charging of a third device, such as an Apple Watch or another smartphone.
- **Magnetic Alignment:** Ensures secure and aligned connection for optimal charging.
- **LED Indicator Light:** Provides visual confirmation of charging status.
- **Case Compatible:** Charges through MagSafe-compatible cases up to 3mm thick.
- **Eco-friendly Materials:** Product housing made from a minimum of 72% post-consumer recycled content.

## 2. PACKAGE CONTENTS

Ensure all items are present in the package:

- Belkin BoostCharge Pro 2-in-1 Wireless Charging Pad with Magnetic Qi2 (15W)
- 30W USB-C Power Supply Unit (PSU)
- 5 ft./1.5m USB-C to USB-C Cable

### 3. SETUP INSTRUCTIONS

1. **Connect Power Adapter:** Plug the included 30W USB-C Power Supply Unit (PSU) into a wall outlet.
2. **Connect Charging Pad:** Connect one end of the 5 ft./1.5m USB-C to USB-C cable to the USB-C port on the charging pad and the other end to the 30W PSU.
3. **Placement:** Place the charging pad on a flat, stable surface away from direct sunlight or heat sources.

Image 2: The charging pad connected to its power supply, with an iPhone, AirPods, and Apple Watch placed on it for charging.

### 4. OPERATING INSTRUCTIONS

#### Charging a Qi2-Enabled Device (e.g., iPhone 15/16 Series):

1. Place your Qi2-enabled smartphone (e.g., iPhone 15/16 series) directly onto the magnetic charging surface of the pad. The magnetic alignment will help position your device correctly.
2. Ensure the device is centered on the charging surface for optimal 15W fast charging.
3. The LED indicator light on the pad will illuminate to confirm charging has begun.

Image 3: An iPhone displaying a charging icon while placed on the magnetic Qi2 charging surface of the pad.

### Charging AirPods or Other Qi-Enabled Devices:

1. Place your AirPods case or other Qi-enabled device onto the secondary 5W Qi charging pad.
2. The LED indicator light will confirm charging.

### Charging a Third Device via USB-C Port:

1. Connect a compatible USB-C cable (not included for the third device) to the additional USB-C output port on the charging pad.
2. Connect the other end of the cable to your third device (e.g., Apple Watch, another smartphone) to initiate 5W charging.

## USB-C charging port.

Plug into the convenient 5W USB-C port to charge an Apple Watch or additional device.

Image 4: The charging pad with an iPhone and AirPods charging wirelessly, and an Apple Watch connected to the additional USB-C port.

### **LED Indicator Light:**

The built-in LED indicator light provides important feedback:

- **Solid Green:** Device is charging correctly.
- **Amber/Flashing:** Foreign object detected or device is not properly aligned. Remove the device and re-position it.

- Charging correctly
- Foreign object detected

## LED indicator light.

Rest assured that your devices are charging.

Image 5: A close-up of the charging pad showing the LED indicator light, which confirms charging status.

## 5. MAINTENANCE

- Keep the charging pad clean and free from dust and debris. Use a soft, dry cloth for cleaning.
- Avoid exposing the device to extreme temperatures, humidity, or liquids.
- Do not attempt to disassemble or repair the charging pad yourself. Contact customer support for assistance.

## 6. TROUBLESHOOTING

- **Device not charging:**
  - Ensure the charging pad is properly connected to the power adapter and wall outlet.
  - Verify that your device is Qi2-enabled or Qi-enabled and correctly aligned on the charging surface.
  - Remove any thick cases (over 3mm) or metallic objects between your device and the charging pad.
  - Check the LED indicator light for any error signals (e.g., flashing amber).
- **Slow charging:**
  - Ensure you are using the included 30W PSU and USB-C cable. Using a lower-power adapter

may result in slower charging.

- For 15W fast charging, ensure your device is Qi2 certified and properly aligned. Some devices, like Samsung S25 series, may require a Qi2 certified case for magnetic attachment and optimal fast charging.
- Avoid charging multiple devices simultaneously if you require maximum speed for a single device.

- **Overheating:**

- Ensure proper ventilation around the charging pad.
- Remove any foreign objects or thick cases that might impede heat dissipation.
- If overheating persists, discontinue use and contact customer support.

## 7. SPECIFICATIONS

Feature	Detail
Model Number	WIZ021ttWH
Product Dimensions	3.21 x 6.42 x 0.59 inches
Item Weight	1.1 pounds
Connector Type	USB Type C
Input Voltage	120 Volts
Amperage	3 Amps
Total USB Ports	1 (output)
Compatible Devices	iPhone 16 series, iPhone 15 series, iPhone 14 series, iPhone 13 series, iPhone 12 series, Samsung Galaxy S25 series*, Google Pixel 10 series, AirPods, Qi2 enabled devices.
Special Features	Charge 3 Devices At Once, Charging Indicator, Fast Charging, Magnetic, MagSafe Compatible, Qi2 Technology, Wireless Charging.

## 8. WARRANTY AND SUPPORT

This Belkin BoostCharge Pro 2-in-1 Wireless Charging Pad comes with a **2-year warranty**. Additionally, it includes a **\$2,500 Connected Equipment Warranty (CEW)**, providing peace of mind for your connected devices.
