A1A9 NF-22415

A1A9 3-Light Brushed Gold Bathroom Vanity Light

Model: NF-22415

Brand: A1A9

1. INTRODUCTION

This instruction manual provides detailed guidance for the safe and proper installation, operation, and maintenance of your A1A9 3-Light Brushed Gold Bathroom Vanity Light. This fixture features a modern design with a brushed gold finish and clear glass shades, suitable for various indoor settings including bathrooms, bedrooms, and living rooms.

A1A9 3-Light Bathroom Vanity Light in Brushed Gold with Clear Glass Shades.

2. SAFETY INFORMATION

- Always turn off the main power supply at the circuit breaker before beginning installation or performing any maintenance.
- Ensure all electrical connections comply with local codes and ordinances. If you are unsure, consult a qualified electrician.
- Use only the specified bulb type and wattage to avoid overheating and potential damage.
- Handle glass components with care to prevent breakage.
- This fixture is designed for indoor use and is moisture resistant, making it suitable for damp locations like bathrooms. However, avoid direct water spray.

3. PACKAGE CONTENTS

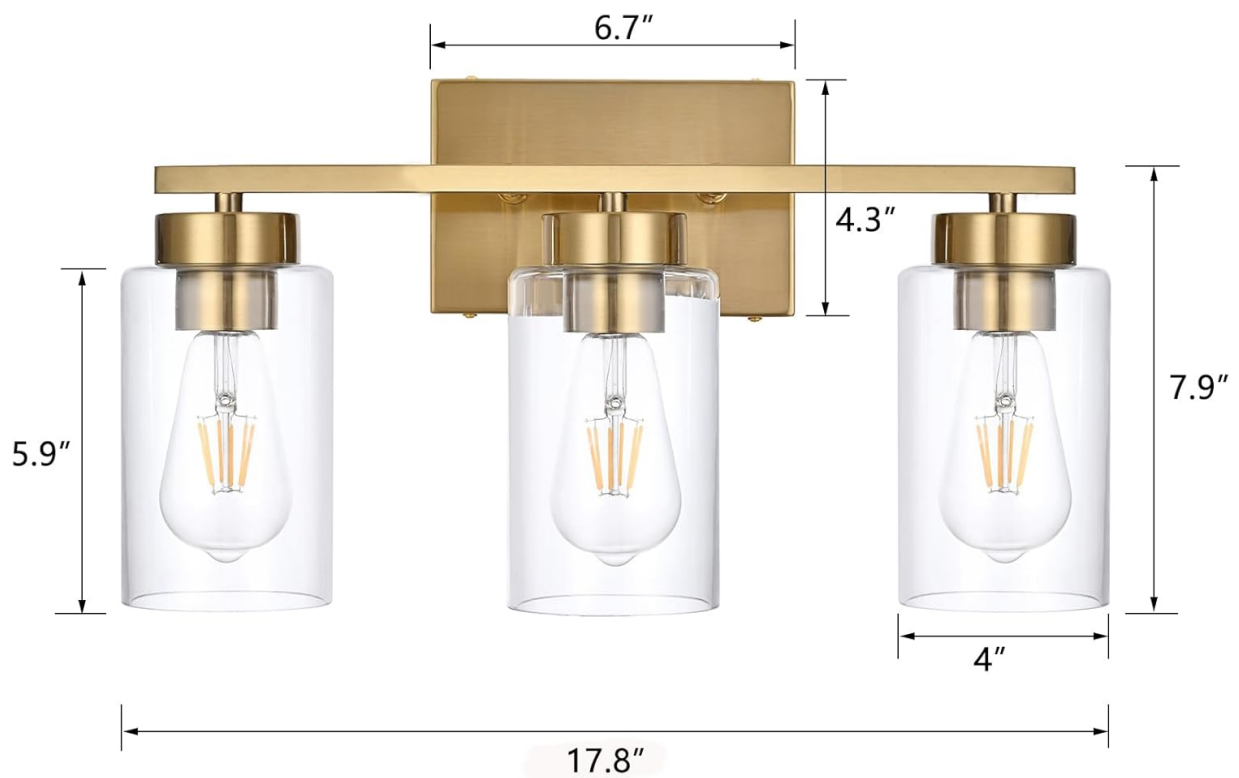

Verify that all components are present before beginning installation:

- Wall Sconce Lighting Fixture
- Shades (Clear Glass)

- Mounting Hardware
- Instruction Manual

5. SETUP AND INSTALLATION

This wall light is designed for straightforward installation. All necessary mounting hardware and a detailed

instruction manual are included in the package. The fixture can be installed with the lights facing either upwards or downwards, allowing for versatile lighting effects.

5.1. Bulb Requirements

The fixture requires three (3) E26 base bulbs, with a maximum wattage of 40W each. Compatible bulb types include incandescent, CFL, LED, and halogen bulbs. Bulbs are not included with the fixture.

5.2. Reversible Mounting

You can choose to install the light fixture with the glass shades facing up or down. Facing up casts more ambient light, while facing down provides more direct illumination, ideal for tasks over a vanity.

A1A9 3-Light Vanity Light installed above a round mirror in a bathroom.

6. OPERATING INSTRUCTIONS

Once installed and bulbs are in place, operate the light fixture using your standard wall switch. If using dimmable bulbs and a compatible dimmer switch (not included), you can adjust the brightness and light source color to your preference.

7. MAINTENANCE

To maintain the appearance and functionality of your vanity light:

- **Cleaning:** Ensure the power is off before cleaning. Wipe the metal finish with a soft, dry cloth. The clear glass shades can be cleaned with a mild glass cleaner and a soft cloth. Avoid abrasive cleaners or pads that could scratch the finish or glass.
- **Bulb Replacement:** Always turn off power before replacing bulbs. Allow bulbs to cool completely before handling.

8. TROUBLESHOOTING

If your light fixture is not functioning correctly, consider the following:

- **No Light:** Check if the power supply is on at the circuit breaker. Ensure bulbs are correctly installed and not burnt out. Verify all wiring connections are secure.
- **Flickering Light:** This may indicate a loose bulb, an incompatible dimmer switch, or an issue with the electrical circuit. Try tightening bulbs or replacing them. If using a dimmer, ensure it is compatible with your bulb type.
- **Dim Light:** Ensure the correct wattage bulbs are used. If using a dimmer, check its setting.

9. WARRANTY AND SUPPORT

The A1A9 3-Light Bathroom Vanity Light comes with a 1-year manufacturer's warranty.

For any questions, special accessories, or if components like the glass shade are damaged during transportation, please contact A1A9 customer service. We aim to reply within 24 hours to assist you.
