5. OPERATING AND USAGE

- **Drawer Operation:** Gently pull and push the drawers to open and close. Avoid forcing them.
- **Placement:** Position the nightstand on a level surface to prevent wobbling. Keep it away from direct sunlight and heat sources to protect the finish and materials.
- **Weight Capacity:** The top surface is suitable for lamps, alarm clocks, and decorative items. Avoid placing excessively heavy objects on top or inside the drawers.

6. MAINTENANCE AND CARE

- **Cleaning Mirrored Surfaces:** Use a soft, lint-free cloth and a glass cleaner (ammonia-free) to clean mirrored panels. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into edges.
- **Cleaning Finished Surfaces:** Wipe engineered wood and bronze finished areas with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that can damage the finish.
- **Spills:** Immediately wipe up any spills with a dry cloth to prevent staining or damage to the wood and mirrored surfaces.
- **Dusting:** Regularly dust with a soft, dry cloth to maintain its appearance.
- **Hardware:** Periodically check and tighten all hardware to ensure stability.
