6. MAINTENANCE

The INVITOP Flowers Bouquet Building Sets are designed for long-lasting display with minimal maintenance.

- **Cleaning:** To remove dust, gently wipe the flowers with a soft, dry cloth. For more stubborn dirt, the blocks can be carefully washed with mild soap and water, then air-dried completely before reassembly or display.
- **Storage:** If disassembling for storage, keep all pieces organized in sealed bags or containers to prevent loss and damage.
- **Avoid Direct Sunlight:** While durable, prolonged exposure to direct sunlight may cause slight fading over many years.

7. TROUBLESHOOTING

Most issues can be resolved by carefully reviewing the assembly steps.

Problem	Possible Cause	Solution
Missing pieces	Pieces may be stuck together or overlooked.	Carefully check all bags and the building area. If still missing, contact customer support.
Flower parts do not connect securely	Incorrect piece used or not fully pressed together.	Verify the piece number against the instructions. Ensure pieces are firmly pressed until they click.
Difficulty understanding instructions	Complex step or visual ambiguity.	Review the step carefully, refer to the video guide if available, or try a different flower section first.
