ATOTO P507SD-S01

ATOTO P5 Portable Wireless CarPlay Android Auto Receiver User Manual

Model: P507SD-S01

1. Introduction

This manual provides comprehensive instructions for the installation, operation, maintenance, and troubleshooting of your ATOTO P5 Portable Wireless CarPlay Android Auto Receiver. Please read this manual thoroughly before using the device to ensure proper functionality and safety.

2. Safety Information

Observe the following safety guidelines to prevent accidents and ensure optimal performance:

- Do not operate the device in a manner that distracts you from driving.
- Ensure the device is securely mounted to prevent it from becoming a projectile during sudden stops or collisions.
- Avoid exposing the device to extreme temperatures, direct sunlight for prolonged periods, or moisture.
- Do not attempt to disassemble or repair the device yourself. Refer to qualified service personnel.
- Use only the provided power cable and accessories.

3. Package Contents

Verify that all items are present in your package:

- ATOTO P5 On-Dash Navigator
- Sticking Holder
- Power Cable (with cigarette lighter adapter)
- Sticky Pad
- AUX Cable
- Holder Adapter
- 3.5mm External Microphone
- AC-44F6 Steering Wheel Control (SWC)

Image: Contents of the ATOTO P5 package, including the main unit, various cables, mounts, and the steering wheel control.

4. Setup and Installation

Follow these steps for quick installation:

1. **Mount the P5 Unit:** Securely attach the P5 On-Dash Navigator to your dashboard using the provided sticking holder and sticky pad. Ensure the surface is clean and dry for optimal adhesion.
2. **Connect Power:** Plug the power cable into the P5 unit and then into your vehicle's cigarette lighter socket. The innovative design requires only one cable for power and AUX function.
3. **Audio Output to Car Stereo:**
    - **Bluetooth Output:** Pair the P5 with your car's Bluetooth system.
    - **FM Output:** Tune your car's FM radio to an unused frequency and set the P5 to transmit on the same frequency.
    - **AUX Output:** Connect the provided AUX cable from the P5 to your car's AUX input.
    - **Built-in Speaker:** The P5 has a built-in speaker for basic audio output.

4. **Connect to Phone (Wireless CarPlay/Android Auto):**
    - Enable Bluetooth and Wi-Fi on your smartphone.
    - On the P5, navigate to the CarPlay or Android Auto interface.
    - Follow the on-screen prompts to pair your phone.
5. **Install Steering Wheel Control (Optional):** Attach the AC-44F6 SWC to your steering wheel for convenient control.
6. **Connect External Microphone (Optional):** Plug the 3.5mm external microphone into the designated port on the P5 for enhanced call clarity.

5. Operating Instructions

5.1. Wireless CarPlay and Android Auto

Once connected, your smartphone's CarPlay or Android Auto interface will appear on the P5's QLED screen. You can access navigation, music, calls, and messages directly from the P5 display.

- **Navigation:** Use Siri or Google Assistant for voice-guided navigation. The P5 does not have built-in GPS but utilizes your phone's GPS.
- **Media Playback:** Control music and podcasts from your phone through the P5.
- **Voice Commands:** Activate Siri or Google Assistant for hands-free control.

5.2. Audio Output Modes

The P5 offers multiple ways to output audio to your car's sound system:

- **Bluetooth:** Connects to your car stereo via Bluetooth for high-quality audio.
- **FM Transmitter:** Transmits audio to your car's FM radio. Select an unused frequency for best results.
- **AUX:** Connects directly to your car's AUX input using the provided 3.5mm cable.
- **Built-in Speaker:** For direct audio output from the P5 unit.

5.3. Auto-Dimmer and QLED Screen

The P5 features a QLED touchscreen with a built-in light sensor for automatic brightness adjustment. This ensures optimal visibility and reduces glare in various lighting conditions, such as driving into or out of tunnels.

Image: Comparison of the ATOTO P5's QLED screen with strong light suppression against a standard IPS screen, highlighting superior clarity and reduced glare in bright conditions.

5.4. Steering Wheel Control (SWC)

The included AC-44F6 SWC allows you to control various functions without taking your hands off the steering wheel. Functions include volume adjustment, track skipping, answering/ending calls, and activating voice assistant.

5.5. Wired Screen Mirroring (AutoLink)

For applications not compatible with CarPlay or Android Auto, you can use wired screen mirroring to display your phone's screen on the P5. Connect your smartphone to the P5 via a USB cable.

5.6. Camera Input (Optional Accessories)

The P5 supports front and rear view camera inputs. Compatible cameras (sold separately) include AC-44P4 for front view recordings and AC-HD04LR for Live Rear View. These enhance driving safety and convenience.

6. Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the screen and exterior. Avoid abrasive cleaners or solvents.
- **Firmware Updates:** Regularly check for and install firmware updates to ensure optimal performance and access to new features. Updates can typically be performed via an SD card or USB drive. Refer to the ATOTO support website for the latest firmware and instructions.

7. Troubleshooting

Problem	Possible Cause	Solution
Device does not power on.	No power, loose connection, faulty power cable.	Check power cable connection to the cigarette lighter and P5. Ensure vehicle's 12V/24V socket is functional.
Wireless CarPlay/Android Auto not connecting.	Bluetooth/Wi-Fi off on phone, incorrect pairing, interference.	Ensure phone's Bluetooth and Wi-Fi are enabled. Forget and re-pair the device. Restart both phone and P5.
No audio or poor audio quality.	Incorrect audio output mode, low volume, FM interference.	Verify selected audio output (Bluetooth, FM, AUX). Adjust volume on P5 and car stereo. If using FM, try a different frequency. Check AUX cable connection.
Screen glare or poor visibility.	Direct sunlight, auto-dimmer malfunction.	The QLED screen is designed to minimize glare. Ensure the light sensor is not obstructed. If issues persist, contact support.
Steering Wheel Control not responding.	Battery low, not paired, interference.	Check battery in SWC. Ensure it is properly paired with the P5.

8. Specifications

Feature	Detail
Model	P507SD-S01 (PEUAB05)
Screen Size	7 Inches
Display Type	QLED Touch Screen
Resolution	1024x600
Connectivity	Bluetooth, USB, Wi-Fi
Special Features	Wireless CarPlay, Wireless Android Auto, Auto-Dimmer, Strong Light Suppression, Camera Input Support, 4 Audio Outputs
Audio Output Modes	Bluetooth, FM (Stereo), AUX (Stereo), Built-in Speaker
Power Compatibility	12V/24V (Compatible with cars, trucks, vans, RVs)

Feature	Detail
External Microphone	Included (3.5mm Jack)
Storage Support	SD Card Slot (up to 512GB), USB-C for external storage (up to 2TB SSD)

9. Warranty and Customer Support

ATOTO provides comprehensive product care and support for your P5 device.

- **Product Care:** Your device comes with 12-month product care by default. You can extend this by an additional 180 days by reaching out to ATOTO.
- **Customer Support:** For any issues or inquiries, contact ATOTO customer support. They aim to reply within 24 hours on workdays.
- **Contact Information:** Support can be reached via email at support[at]myatoto[dot]com or through your order center.
