Sweiko 878456AAG Padded Double Bed Instruction Manual

Model: 878456AAG | Brand: Sweiko

1. Introduction and Overview

This manual provides detailed instructions for the assembly, operation, and maintenance of your Sweiko 878456AAG Padded Double Bed. This bed frame features a padded design, a storage headboard with integrated USB charging ports and power outlets, and RGBW LED lighting. It also includes under-bed storage accessible via gas pressure springs. Please read these instructions carefully before assembly and use to ensure safe and correct operation.

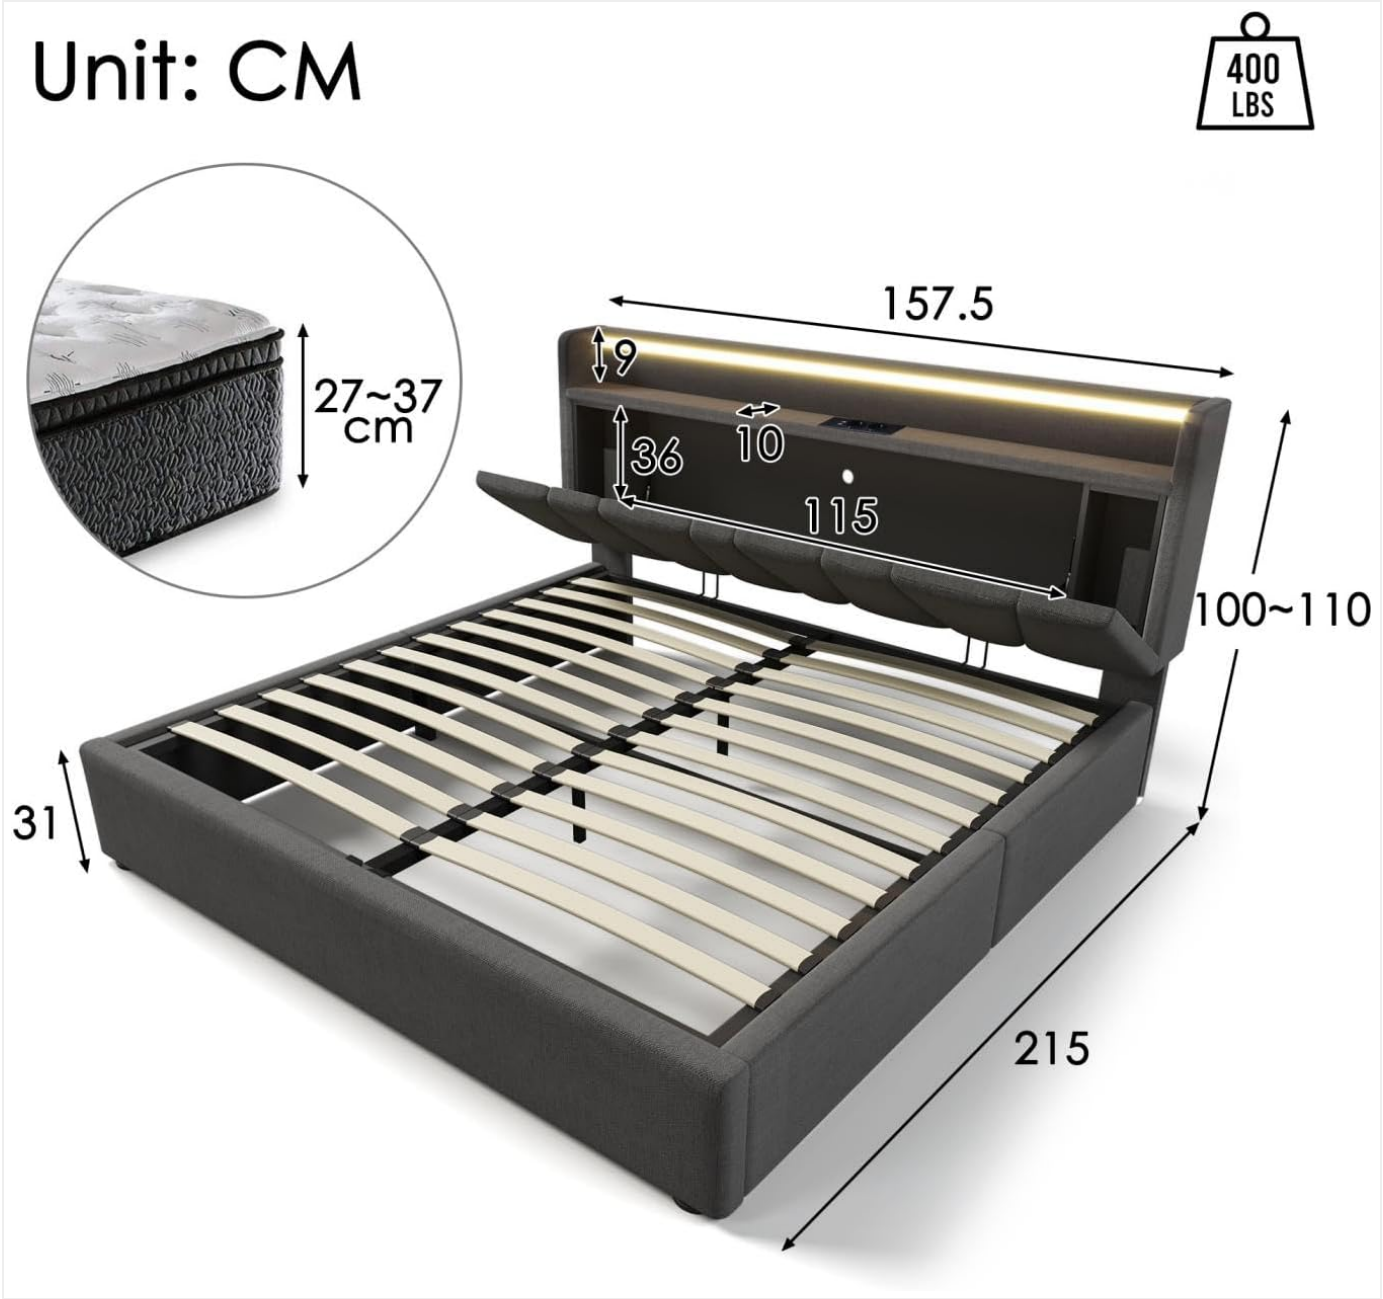

Image 1.1: Overall dimensions of the Sweiko Padded Double Bed. The bed measures 157.5 cm in width, 215 cm in length, and has an adjustable headboard height between 100-110 cm. The mattress recess depth is 31 cm, and the headboard distance from the mattress can be adjusted from 27-37 cm.

2. Safety Instructions

- **Maximum Weight Capacity:** The bed frame is designed to support a maximum user weight of 400 LBS (approximately 181 kg). Do not exceed this weight limit.
- **Assembly:** Assembly requires careful attention. It is recommended to assemble the bed with at least two people. Ensure all screws and fasteners are securely tightened before use.
- **Moving the Bed:** To prevent damage to the bed frame or your flooring, always lift the bed when moving it. Do not drag the bed across the floor.
- **Electrical Safety:** Ensure all power connections for the USB ports and outlets are properly installed and maintained. Do not overload the electrical outlets. Keep liquids away from electrical components.
- **Gas Pressure Springs:** Exercise caution when operating the gas pressure springs for the under-bed storage. Keep hands and fingers clear of pinch points.
- **Mattress Compatibility:** Use a mattress of the specified size (140 x 200 cm) for optimal fit and support.

3. Package Contents

Your Sweiko Padded Double Bed is shipped in 3 separate boxes. These boxes may arrive on different dates. Please verify all packages have arrived and inspect contents for any missing parts before beginning assembly.
The package typically includes:

- Bed base components (frame, slats, support legs)
- Storage headboard components
- Integrated power outlets and USB ports
- RGBW LED lighting strip and controller
- Assembly hardware (screws, bolts, tools if provided)
- Instruction manual

If any parts are missing after all 3 packages have arrived, please contact customer service immediately.

4. Setup and Assembly

Assembly of the Sweiko Padded Double Bed is required. Follow the detailed assembly instructions provided in the separate assembly guide included with your product. Ensure you have adequate space and the necessary tools before starting.

4.1 Key Assembly Steps

1. Unpack all components and verify against the parts list.
2. Assemble the main bed frame structure. The main frame is made of iron for stability.
3. Install the elastic solid wood slats into the bed base.
4. Assemble the storage headboard, ensuring the integrated power outlets and USB ports are correctly positioned and wired.
5. Attach the headboard to the bed frame. The headboard height is adjustable by ± 10 cm.
6. Install the gas pressure springs for the under-bed storage mechanism.
7. Connect the RGBW LED lighting strip and controller.

Image 4.2: Angled view of the bed frame, showing the slat system and the open headboard storage compartment.

5. Operating Instructions

5.1 USB Charging and Power Outlets

The headboard is equipped with two USB charging ports and two European standard power outlets. These allow you to conveniently charge mobile phones, tablets, and other electronic devices directly from your bed. Ensure the bed is connected to a power source for these features to function.

5.2 RGBW LED Lighting

The bed features RGBW LED lights that can be controlled via a mobile phone application. This allows for a wide range of color options and lighting modes to enhance your sleeping environment. The LED lights support color changing and music modes, though no music can be played directly through the bed's system.

5.3 Storage Headboard

The headboard includes a shelf for placing items such as mobile phones, books, or decorative objects. Additionally, a soft part in the center of the headboard can be opened to reveal a hidden storage compartment for everyday items.

5.4 Under-Bed Storage

The bed base can be lifted using gas pressure springs to access a spacious storage area underneath. This space is ideal for storing bulky items such as extra bedding, seasonal clothing, or luggage. To lift, gently pull the bed base upwards from the foot end. To close, push the bed base down until it locks securely.

Image 5.1: Details of the headboard's adjustable height, the LED light controller, and the gas lift mechanism for under-bed storage.

Image 5.2: The bed showcasing the mobile app control for LED lighting, integrated USB ports and power outlets, and the accessible under-bed storage.

Image 5.3: The bed demonstrating remote control functionality for LED lighting, along with the USB ports, power outlets, and under-bed storage.

Image 5.4: The bed with various items placed on the headboard shelf and stored within the under-bed compartment, highlighting its practical storage solutions.

6. Maintenance

- **Cleaning:** For the linen material, gently vacuum or brush to remove dust. For spills, dab with a clean, damp cloth and mild soap solution. Avoid harsh chemicals or abrasive cleaners.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary to maintain the bed's stability.
- **Electrical Components:** Ensure the USB ports and power outlets are free from dust and debris. Do not attempt to repair electrical components yourself; contact a qualified technician if issues arise.
- **Gas Pressure Springs:** If the gas pressure springs become difficult to operate or fail to hold the bed base up, contact customer service for assistance. Do not attempt to force the mechanism.

7. Troubleshooting

- **Missing Parts:** If parts are missing after all 3 packages have arrived, contact Sweiko customer service with your purchase details.
- **Bed Instability:** Check all assembly hardware. Ensure all screws and bolts are fully tightened. Verify the bed is on a level surface.
- **USB Ports/Power Outlets Not Working:** Ensure the bed's main power cord is securely plugged into a functional wall outlet. Check for any tripped circuit breakers.
- **LED Lights Not Functioning:** Verify the LED strip is properly connected to its power source and controller. Ensure the mobile app is correctly paired and updated. Check if the remote control (if applicable) has working batteries.
- **Under-Bed Storage Difficult to Lift/Close:** Ensure no obstructions are preventing the bed base from moving freely. If the gas springs feel weak, they may need replacement; contact customer service.

8. Specifications

- **Model:** 878456AAG
- **Brand:** Sweiko
- **Size:** 140x200cm (Applicable mattress size)
- **Product Dimensions (Overall):** 215 cm (L) x 157.5 cm (W) x 100-110 cm (H)
- **Panel Material:** Linen
- **Color:** Grey
- **Max. User Weight:** 400 LBS (approximately 181 kg)
- **Distance from Headboard (Mattress Recess):** 27-37 cm (adjustable)
- **Adjustable Headboard:** ± 10 cm height adjustment
- **Charging Type:** 2 USB ports + 2 European standard power outlets
- **LED Lighting:** RGBW, App Control, Color Changing, Music Modes (no music playback)
- **Assembly Required:** Yes
- **Package Quantity:** 3 boxes
- **Item Weight:** Approximately 60 Kilograms (132 pounds)
- **Style:** Modern

9. Warranty and Support

For warranty information, specific return policies, or any product-related inquiries not covered in this manual, please contact the seller directly through your purchase platform. It is recommended to retain your proof of purchase for any warranty claims or support requests.

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
