Model: NCCW22MAR

[Introduction](#) [Safety Instructions](#) [What's Included](#) [Setup](#) [Operating Instructions](#) [Maintenance & Care](#) [Troubleshooting](#) [Specifications](#) [Warranty & Support](#)

1. INTRODUCTION

Thank you for choosing the NutriChef 22-Piece Non-Stick Ceramic Cookware and Bakeware Set. This comprehensive set is designed to enhance your cooking experience with durable, non-stick surfaces and versatile pieces suitable for various culinary tasks. This manual provides essential information for the safe and effective use, care, and maintenance of your new cookware set.

2. IMPORTANT SAFETY INSTRUCTIONS

- Read all instructions before first use.

- Always use oven mitts or the provided glove set when handling hot cookware.
- Do not leave cookware unattended on a hot stovetop or in the oven.
- Ensure handles are securely attached before lifting or moving cookware.
- Avoid using metal utensils on non-stick surfaces to prevent scratching. Use the included nylon or silicone utensils.
- Do not overheat empty non-stick pans. This can damage the coating and reduce its lifespan.
- Keep children away from the cooking area.
- Ensure proper ventilation when cooking.
- The non-stick coating is PFOA and PFAS free.

3. WHAT'S INCLUDED

4. SETUP AND FIRST USE

1. **Unpack:** Carefully remove all items from the packaging.
2. **Wash:** Before first use, wash all cookware and bakeware pieces with warm, soapy water. Rinse thoroughly and dry completely.
3. **Season (Optional for enhanced non-stick):** For optimal non-stick performance, lightly coat the interior surface of the pots and pans with a small amount of cooking oil (e.g., vegetable oil, canola oil). Heat on low for 30 seconds, then let cool. Wipe off any excess oil with a paper towel. Repeat this process periodically.
4. **Inspect:** Check all items for any damage or loose parts.

5. OPERATING INSTRUCTIONS

5.1 Stovetop Cooking

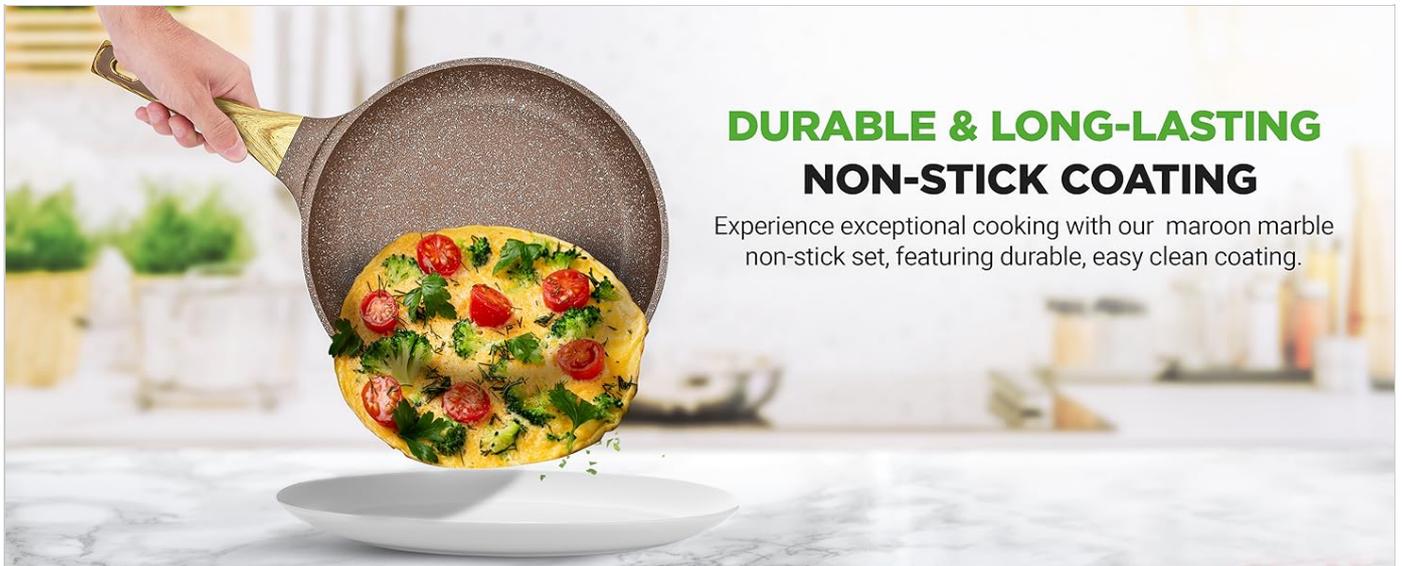

- **Compatibility:** This cookware set is compatible with gas, electric, ceramic, and induction cooktops.
- **Heat Settings:** Use low to medium heat settings for most cooking. High heat can damage the non-stick coating over time and is rarely necessary due to the efficient heat distribution of the cookware.
- **Preheating:** Preheat pans for even heat and perfect searing. Do not preheat empty pans on high heat for extended periods.
- **Utensils:** Always use the included silicone/nylon utensils or other non-metal utensils to protect the non-stick surface.
- **Cool-Touch Handles:** The wood grain cool-touch handles are designed for comfortable and safe handling during cooking.

FRY, SAUTÉ, BAKE, OR STEAM

Nutrichef has you covered for any meal.

HEAT-RESISTANT KITCHEN TOOLS INCLUDED

Image: A collage showing the heat-resistant spatula, tongs, and oven mitt from the included kitchen tools.

5.2 Oven Use

- **Oven Safe:** All bakeware and most cookware pieces are oven safe. Refer to individual product specifications for temperature limits if not explicitly stated.
- **Bakeware:** Use the muffin pan, baking tin, roaster pan, square pan, loaf pan, and round pan for all your baking needs.
- **Oven Mitts:** Always use the provided oven mitts when placing or removing items from a hot oven.

COMPLETE BAKEWARE SET

MUFFIN PAN, BAKING TIN, ROASTER PAN, ROUND PAN,
LOAF PAN, SQUARE PAN, RACK

Image: The complete bakeware set including muffin pan, loaf tray, and roasting dishes, shown with various baked items.

5.3 Steaming

- The 8" Stainless Steel Steamer can be used with compatible pots to steam vegetables, dumplings, and other foods.
- Ensure there is sufficient water in the pot below the steamer basket to generate steam without boiling dry.

6. MAINTENANCE AND CARE

- **Cleaning:** The cookware and bakeware are dishwasher safe, but hand washing is recommended to prolong the life of the non-stick coating and preserve the aesthetic finish.
- **Hand Washing:** Use warm, soapy water and a soft sponge or cloth. Avoid abrasive cleaners, scouring pads, or

steel wool, as these can damage the non-stick surface.

- **Stubborn Food:** For baked-on food, soak the pan in warm, soapy water for a few minutes before cleaning.
- **Storage:** When storing, place a soft cloth or paper towel between stacked pans to prevent scratching the non-stick surface.
- **Lids:** Tempered glass lids can be washed by hand or in the dishwasher.

PROFESSIONAL GRADE COOKWARE FOR THE HOME KITCHEN

Image: A hand cleaning a non-stick pan with a soft sponge, demonstrating easy cleanup.

7. TROUBLESHOOTING

- **Food Sticking:** Ensure you are using appropriate heat settings (low to medium). Always add a small amount of oil or butter, even with non-stick, for best results and flavor. Re-seasoning the pan (as described in Setup) can help restore non-stick properties.
- **Uneven Heating:** Ensure the cookware is properly centered on the heat source. For induction cooktops, verify the pan size matches the burner size.
- **Discoloration:** High heat can sometimes cause discoloration on the exterior or interior. This is usually cosmetic and

does not affect performance. Avoid using excessively high heat.

- **Loose Handles:** If a handle becomes loose, check for screws that can be tightened. If the handle is permanently attached and becomes loose, discontinue use and contact customer support.

8. SPECIFICATIONS

Feature	Detail
Model Number	NCCW22MAR
Material	Aluminum, Stainless Steel, Tempered Glass
Coating	Marble Non-Stick (PTFE & PFAS Free)
Color	Maroon Marble
Number of Pieces	22
