CalExotics Cheeky One-Way Flow Douche User Manual

Model: SE-0444-13-3

Important Safety Information

Warning: This product is intended for adult use as a non-medical pleasure device only. It is not designed or approved for medical use. Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.

Always consult with a healthcare professional before using any personal hygiene product, especially if you have pre-existing medical conditions or concerns.

Product Overview

The CalExotics Cheeky One-Way Flow Douche is a personal hygiene accessory designed for gentle and controlled cleansing. Its primary feature is a one-way flow system, engineered to help minimize backflow during use. Constructed from smooth, body-safe materials, this reusable douche is designed for easy cleaning and maintenance. It features a compact, ergonomic design suitable for personal care routines.

Key Features:

- Body-safe cleaning system with a revolutionary one-way valve design to prevent backflow.
- Slender, leak-free nozzle and an easy-squeeze bulb for comfortable handling.
- Designed to disassemble for thorough and easy cleaning.
- Holds up to 7.3 fl. oz. (216 mL) of liquid.
- Includes a 1-year manufacturer warranty.

Components

The CalExotics Cheeky One-Way Flow Douche consists of two main parts:

1. **Bulb:** The main reservoir for liquid, designed for easy squeezing.
2. **Nozzle:** The slender tip with a one-way valve system, which screws securely into the bulb.

Image: Detailed view highlighting the one-way flow design, slender nozzle, and easy-squeeze bulb features, along with product dimensions.

Setup

1. **Initial Cleaning:** Before first use, disassemble the douche by unscrewing the nozzle from the bulb. Wash both parts thoroughly with warm water and a mild soap. Rinse completely to remove all soap residue. Allow to air dry or dry with a clean cloth.
2. **Assembly:** Once dry, securely screw the nozzle back onto the bulb until it is firmly attached and leak-free.

Operating Instructions

1. **Prepare Liquid:** Fill the bulb with your preferred cleansing liquid. Ensure the liquid is at a comfortable temperature. The douche holds up to 7.3 fl. oz. (216 mL).
2. **Insert Nozzle:** Gently insert the slender nozzle into the desired area.
3. **Begin Cleansing:** Slowly and gently squeeze the bulb to release the liquid. The one-way flow design helps prevent backflow into the bulb.
4. **Withdraw:** Once the desired amount of liquid has been dispensed, gently withdraw the nozzle.

Note: For comfortable insertion, a water-based lubricant may be used on the nozzle tip.

Maintenance and Cleaning

Proper cleaning and maintenance are essential for hygiene and product longevity.

1. **Disassembly:** After each use, unscrew the nozzle from the bulb.
2. **Washing:** Wash both the bulb and nozzle thoroughly with warm water and a mild, antibacterial soap. Pay close attention to the nozzle, ensuring all internal passages are clean.
3. **Rinsing:** Rinse both components completely under running water to remove all soap residue.
4. **Drying:** Allow both parts to air dry completely before reassembling or storing. Ensure no moisture remains inside the bulb or nozzle.
5. **Storage:** Store the clean, dry douche in a cool, dry place away from direct sunlight and extreme temperatures.

Troubleshooting

- **Difficulty Squeezing Bulb:** Ensure the bulb is not overfilled. If the bulb feels stiff, it may be due to temperature; allow it to warm slightly.
- **Leaking:** Check that the nozzle is securely screwed onto the bulb. Ensure there are no cracks or damage to the material.
- **No Liquid Flow:** Verify that the nozzle is not clogged. Disassemble and clean thoroughly. Ensure the bulb is filled with liquid.

If you experience persistent issues, please refer to the Warranty and Support section.

Specifications

Model Name	Cheeky One-Way Flow Douche

Model Number	SE-0444-13-3
Brand	CalExotics
Color	Orange
Material Type	Phthalate Free PVC (Bulb), Polypropylene (PP) Nozzle
Capacity	7.3 fl. oz. (216 mL)
Item Weight	0.33 Pounds
Package Dimensions	7.91 x 7.48 x 3.66 inches
UPC	0716770108203
