cutebeams HB808-2

cutebeams Twin Bassinet HB808-2 Instruction Manual

Model: HB808-2

IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembling and using the cutebeams Twin Bassinet. Keep this manual for future reference. Failure to follow these warnings and instructions could result in serious injury or death.

- Always ensure the bassinet is placed on a firm, flat, and level surface.
- Do not use this product if any parts are missing, damaged, or broken. Contact customer service for replacement parts.
- The maximum weight capacity for this bassinet is 45 lbs (20 kg).
- Suitable for infants from 0 to 6 months, or until the infant begins to push up on hands and knees, whichever comes first.
- Never leave children unattended in or near the bassinet.
- Ensure all locking mechanisms are engaged before placing infants in the bassinet.
- Do not use accessories or replacement parts other than those approved by the manufacturer.
- Keep the bassinet away from open flames, heaters, and other heat sources.
- When using as a bedside sleeper, ensure the bassinet is securely attached to the adult bed with the provided safety belt.
- The mattress provided is specifically designed for this bassinet. Do not add additional padding or mattresses.

PRODUCT FEATURES

- **3-in-1 Versatility:** Functions as a standalone bassinet, bedside co-sleeper, and rocking bassinet.
- **Breathable Mesh Sides:** Enhances airflow and visibility.
- **Adjustable Height:** 28" to 32.7" to match various bed heights.
- **Adjustable Tilt Angle:** 0-10° anti-reflux design.
- **Lockable Swivel Wheels:** For easy movement and secure positioning.
- **Large Storage Basket:** Conveniently located for baby essentials.
- **Removable & Washable Fabrics:** Mattress and side fabrics for easy cleaning.

- **Mosquito Net:** Included for protection.
- **Sturdy Aluminum Frame:** Lightweight and durable.

PACKAGE CONTENTS

Verify that all components are present before assembly:

- Bassinet Frame (Aluminum)
- Bassinet Fabric Assembly
- Mattress (OEKO, GRS, AATCC-23, SGS certified)
- Divider (for twin use)
- Wheels (4, lockable)
- Storage Basket
- Mosquito Net
- Safety Belt (for bedside sleeper mode)
- Instruction Manual

SETUP AND ASSEMBLY

Follow these steps carefully to assemble your cutebeams Twin Bassinet. No tools are required for assembly.

Step 1: Unpack Components

Remove all parts from the packaging and lay them out on a clean, flat surface. Ensure all components listed in the "Package Contents" section are present.

Step 2: Assemble the Frame

Connect the aluminum frame pieces. Listen for a "click" to confirm each connection is secure. The frame forms the base and support structure for the bassinet.

Image: The fully assembled cutebeams Twin Bassinet, showcasing its grey fabric and sturdy frame.

Step 3: Attach Wheels

Insert the four wheels into the designated slots at the bottom of the frame legs. Ensure they are firmly seated. Lock the wheels by pressing down on the locking mechanism on each wheel to prevent unintended movement.

Image: A close-up view of one of the bassinet's wheels, highlighting its lockable feature for stability.

Step 4: Install Fabric Assembly and Mattress

Drape the fabric assembly over the frame, securing it according to the attachment points (snaps, zippers, or Velcro). Place the mattress inside the bassinet. If using for twins, insert the divider in the center of the bassinet.

Step 5: Attach Storage Basket

Secure the storage basket to the designated hooks or loops on the lower part of the frame.

BETTER PROTECTION

OPERATING INSTRUCTIONS

Adjusting Height

The bassinet height can be adjusted from 28 inches to 32.7 inches. Locate the height adjustment buttons on the side legs of the frame. Press the buttons and slide the legs up or down to the desired height. Ensure both sides are adjusted to the same level for stability.

BASSINET MODE

Image: A visual representation of the bassinet's height adjustment feature, showing the range from 28 to 32.7 inches.

Adjusting Tilt Angle (Anti-Reflux Design)

To adjust the tilt angle (0-10°), adjust one side of the bassinet frame to a higher setting than the other. This creates a gentle incline, which can be beneficial for infants with reflux. Always ensure the incline is gentle and the infant's head is elevated slightly above their feet.

4.7 Inch Height Adjustable

Anti-Reflux
Design

28-32.7 Inch

Bedside Co-Sleeper Mode

To use as a bedside co-sleeper, lower one side of the bassinet fabric. Position the bassinet next to your adult bed. Adjust the bassinet height so the mattress is level with your bed mattress. Secure the bassinet to your bed frame using the provided safety belt. Ensure there is no gap between the bassinet and the adult bed.

SAFE AND ADJUSTABLE

Image: A close-up of the safety belt mechanism used to secure the bassinet to an adult bed, ensuring stability in co-

sleeper mode.

Rocking Bassinet Mode

To activate the rocking function, rotate the wheels upwards. This converts the stationary legs into curved rocking bars. Ensure the wheels are fully rotated and locked in the upward position before use. To return to stationary mode, rotate the wheels back down and lock them.

Image: The bassinet configured for rocking mode, showing the wheels rotated upwards to enable gentle motion.

Using the Mosquito Net

Attach the mosquito net over the bassinet to protect infants from insects. Ensure the net is securely fastened around the edges of the bassinet to prevent gaps.

Image: A close-up of the mosquito net draped over the bassinet, providing protection from insects.

MAINTENANCE AND CARE

- **Fabric Care:** The mattress and side fabrics are removable and machine washable. Use a gentle cycle with cold water and mild detergent. Air dry or tumble dry on low heat. Do not bleach.
- **Frame Cleaning:** Wipe the aluminum frame with a damp cloth and mild soap. Dry thoroughly.
- **Regular Inspection:** Periodically check all screws, bolts, and locking mechanisms to ensure they are secure. Inspect for any signs of wear or damage.
- **Storage:** When not in use, store the bassinet in a clean, dry place, away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bassinet is unstable or wobbly.	Wheels not locked, frame not fully assembled, or placed on an uneven surface.	Ensure all wheels are locked. Verify all frame connections are secure. Move to a flat, level surface.
Difficulty adjusting height.	Adjustment buttons not fully pressed, or mechanism is stiff.	Press adjustment buttons firmly. Apply gentle pressure while adjusting. Ensure no obstructions.
Bassinet does not rock smoothly.	Wheels not fully rotated upwards, or rocking bars are obstructed.	Ensure wheels are completely rotated and locked in the upward position. Check for any debris or obstructions under the rocking bars.
Gap between bassinet and adult bed in co-sleeper mode.	Bassinet not positioned correctly or safety belt not tightened.	Reposition the bassinet flush against the adult bed. Tighten the safety belt securely to eliminate any gaps.

SPECIFICATIONS

- **Model:** HB808-2
- **Brand:** cutebeams
- **Product Dimensions:** 32"L x 32"W x 5"H (Mattress dimensions, overall dimensions will be slightly larger due to frame)
- **Adjustable Height Range:** 28" to 32.7"
- **Frame Material:** Aluminum
- **Item Weight:** 21 Pounds
- **Maximum Load Capacity:** 45 lbs (20 kg)
- **Recommended Age:** 0-6 Months
- **Certifications:** USA CPC certified to ASTM F2194-22e and ASTM F2906-23 (CPSC and CPSIA standards compliant). Mattress possesses OEKO, GRS, AATCC-23, and SGS certifications.
