KNONEW 68KN-168LIG-NIU

KNONEW 100FT 300 LED Multicolor Outdoor String Lights

Model: 68KN-168LIG-NIU | Brand: KNONEW

PRODUCT OVERVIEW

The KNONEW 100FT 300 LED Multicolor Outdoor String Lights are designed for versatile decorative lighting. Featuring 300 upgraded LED lamp beads on a 100-foot green copper wire, these lights offer eight distinct lighting modes, a timer setting, and a memory function. The product is IP44 waterproof and includes a UL Listed plug for safety and durability in various environments.

The deep green copper wire is designed to blend seamlessly with green plants or dark backgrounds, allowing for creative shaping into various forms like hearts or stars. The string lights are not designed to be cut or connected together.

This image displays the KNONEW 100FT 300 LED Multicolor String Lights neatly wound on a spool, alongside the included UL certified plug, ready for use.

SETUP INSTRUCTIONS

1. **Unpack:** Carefully remove the string lights and the UL listed plug from the packaging.
2. **Placement:** Determine the desired location for your lights. The flexible copper wire allows for easy shaping around objects such as trees, fences, walls, or patio structures.
3. **Connect:** Plug the string lights into the UL listed power adapter.
4. **Power On:** Insert the power adapter into a suitable electrical outlet. Ensure the outlet is protected from water if used outdoors.

The deep green copper wire is designed to be discreet, making it ideal for integration with natural foliage or dark backgrounds.

OPERATING INSTRUCTIONS

The KNONEW string lights feature 8 lighting modes and a built-in memory chip to retain your last setting. The included UL certified plug also serves as a control unit.

- **Changing Lighting Modes:** Press the button on the UL certified plug to cycle through the 8 available lighting modes. The modes include:
 1. Combination
 2. In Waves
 3. Sequential
 4. Slo-glo
 5. Chasing/Flash
 6. Slow Fade
 7. Twinkle/Flash
 8. Steady On
- **Timer Function:** The transformer on the plug allows you to activate a timer function. When set, the lights will operate for 6 hours ON and then automatically turn OFF for 18 hours, repeating the cycle.
- **Memory Function:** The built-in memory chip ensures that the lights will resume the last selected mode when powered on again, eliminating the need to reset your preferred setting daily.

8 Lighting Modes

- 1. Combination
- 2. In Waves
- 3. Sequential
- 4. Slogs
- 5. Chasing/Flash
- 6. Slow Fade

MAINTENANCE

The KNONEW string lights are designed for durability and minimal maintenance.

- **Waterproof Rating:** With an IP44 waterproof rating, these lights can be used outdoors and are resistant to splashes and rain. However, they should not be submerged in water.
- **Cleaning:** To clean the lights, ensure they are unplugged. Gently wipe the LED bulbs and wire with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, especially during off-seasons, carefully coil the lights back onto the spool or a similar storage device to prevent tangling. Store in a cool, dry place.

Certified plug, ensuring safety and quality.

A detailed view of the UL certified plug, emphasizing its safety features, and the IP44 waterproof rating, indicating suitability for outdoor conditions.

TROUBLESHOOTING

• **Lights Not Turning On:**

- Ensure the power adapter is securely plugged into a functional electrical outlet.
- Check the connection between the string lights and the power adapter.
- Verify that the power outlet is receiving electricity by testing it with another device.

• **Lights Flickering or Dim:**

- Ensure all connections are secure.

- Avoid overloading the circuit by plugging too many devices into one outlet.
- **Mode Button Not Responding:**
 - Ensure the plug is receiving power.
 - Press the button firmly and observe if the mode changes.

If issues persist, please refer to the manufacturer's support information.
