IMPORTANT SAFETY INFORMATION

Please read all safety instructions carefully before assembling or operating your SANODESK Standing Desk. Failure to follow these instructions may result in injury or damage to the product.

- Always ensure the desk is properly plugged in and unplugged before adjusting the height.
- Keep hands and fingers away from the lifting mechanism while in use to prevent pinching.
- Always use the provided safety lock (if applicable) when adjusting the height to prevent sudden movement.
- Do not attempt to adjust the height manually without using the electric lifting system.
- Always follow the assembly instructions carefully to ensure the desk is stable and secure.
- Do not overload the desk. Refer to the specifications for maximum weight capacity.

PRODUCT OVERVIEW

Key Features:

- **Electric Lifting System:** Effortless height adjustment with a 2-button controller.
- **Adjustable Height Range:** From 28.6 inches to 46.3 inches.
- **48" x 24" Whole-Piece Desktop:** Provides ample workspace and enhanced stability.
- **Stable T-shaped Legs:** Constructed from thickened steel pipe for wobble prevention.
- **Durable Finish:** Waterproof and rustproof paint for easy cleaning.

SETUP AND ASSEMBLY

The SANODESK Standing Desk is designed for straightforward assembly. Please ensure you have all components and tools before beginning. Refer to the separate detailed assembly guide included in your product packaging for step-by-step instructions.

Assembly Overview:

1. Unpack all components and verify against the parts list in your assembly guide.
2. Assemble the T-shaped leg frames, ensuring all connections are secure.
3. Attach the desktop to the assembled frame. The whole-piece desktop design simplifies this step.
4. Connect the electric lifting system components as per the guide.
5. Perform a functional test of the lifting mechanism before placing items on the desk.

STABLE AND STURDAY

The scientifically engineered leg structure and industrial-grade steel material create a stable and robust surface for all your work or activities.

OPERATING INSTRUCTIONS

Your SANODESK Standing Desk features an intuitive 2-button controller for adjusting the desk height.

Adjusting Desk Height:

1. Ensure the desk is properly plugged into a power outlet.
2. Locate the 2-button controller, typically mounted on the underside of the desktop.
3. Press and hold the **Up** button to raise the desk to your desired standing height.
4. Press and hold the **Down** button to lower the desk to your desired sitting height.
5. Release the button once the desired height is reached. The desk will stop automatically.

The desk can be adjusted smoothly between 28.6 inches (sitting height) and 46.3 inches (standing height).

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your SANODESK Standing Desk.

Cleaning:

- The desktop and legs are coated with a waterproof and rustproof finish, making them easy to clean.
- Wipe surfaces with a soft, damp cloth and mild detergent.
- Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- Ensure the desk is unplugged before cleaning any electrical components.

General Care:

- Periodically check all screws and bolts to ensure they remain tight.
- Keep the area around the lifting columns clear of obstructions.
- Avoid placing excessive weight on the desk, especially unevenly.

TROUBLESHOOTING

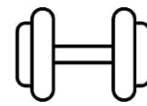

If you encounter issues with your SANODESK Standing Desk, refer to the following common solutions:

- **Desk Not Moving:**
 - Check if the power cord is securely plugged into both the desk and the wall outlet.
 - Ensure the wall outlet is functional by testing it with another device.
 - Verify that no cables or objects are obstructing the lifting mechanism.
- **Uneven Movement or Wobbling:**
 - Ensure all assembly screws and bolts are tightened securely.
 - Check that the desk is placed on a level surface.
 - Distribute weight evenly across the desktop.
- **Unusual Noises:**
 - Minor motor sounds are normal during operation.
 - If you hear grinding or loud clicking, stop operation immediately and inspect for obstructions or loose parts.

If these steps do not resolve the issue, please contact customer support for further assistance.
