and bacteria. Clean the gasket regularly with a mild detergent and water.

- **Toughened Glass Shelves:** The shelves are made of toughened glass, designed for durability and easy cleaning. Remove shelves and wash with soap and water.
- **Easy Clean Back:** The design of the refrigerator's back panel facilitates easy cleaning.

## 5.2 Recess Handle

The recessed handle design is integrated for a sleek look and easy opening. Clean the handle area with a soft cloth to prevent dirt buildup.

## 6. TROUBLESHOOTING

---

Before contacting customer service, please check the following common issues:

- **Refrigerator not cooling:** Ensure the power cord is securely plugged in, the temperature settings are correct, and the doors are fully closed. Check for obstructions in the condenser coils.
- **Unusual noises:** Minor noises are normal during operation. If loud or persistent, check if the refrigerator is level or if any items inside are vibrating against each other.
- **Water leakage:** Check if the drain hole is clogged or if the water collection tray is overflowing. Ensure the refrigerator is level.
- **Excessive frost buildup:** This is a frost-free model. If frost builds up, ensure the door gasket is sealing properly and the door is not left open for extended periods.

If the problem persists, please contact Haier customer support.
