## 2. WHAT'S IN THE BOX

---

- 1x LibreRun X6 Headphones
- 1x Magnetic Data & Charging Cable
- User Manual

## 3. SETUP

---

### 3.1 Charging the Headphones

Before first use, fully charge your LibreRun X6 headphones. Use the provided magnetic data & charging cable.

1. Connect the magnetic end of the cable to the charging port on the headphones.
2. Connect the USB end of the cable to a compatible USB power source (e.g., computer USB port, USB wall adapter).
3. The indicator light will show charging status. A full charge takes approximately 2 hours.

NOTE:1. Keep the headphones within 10 meters of the device, with no obstructions in between.  
2. Ensure the audio files on the player are intact(for local player).  
3. Ensure the network connection is stable (for web player).  
Otherwise, it may cause the sound to be intermittent.

### 3.2 Bluetooth Pairing

The LibreRun X6 headphones utilize advanced Bluetooth 5.3 technology for stable and efficient connection.

1. Ensure the headphones are powered off.
2. Press and hold the multi-function button until the indicator light flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
4. Select "LibreRun X6" from the list to connect. The indicator light will turn solid blue once connected.

### 3.3 MP3 File Transfer

The headphones feature 32 GB of built-in storage for offline music playback.

1. Connect the headphones to a computer using the magnetic data & charging cable.
2. The headphones will appear as a removable drive on your computer.
3. Drag and drop your MP3 audio files into the headphones' storage folder.
4. Safely eject the headphones from your computer once transfer is complete.

## 4. OPERATING INSTRUCTIONS

### 4.1 Wearing the Headphones

The LibreRun X6 headphones are designed for open-ear comfort, resting on your cheekbones.

1. Place the speakers on your cheekbones, just in front of your ears.
2. Ensure the neckband rests comfortably behind your head.
3. Adjust for a secure and comfortable fit.

## 4.3 Switching Between Bluetooth and MP3 Mode

The headphones can seamlessly switch between Bluetooth streaming and built-in MP3 playback.

- To switch modes, press and hold the multi-function button for 2 seconds.
- A voice prompt will indicate the current mode.

## 5. MAINTENANCE

### 5.1 Cleaning

Regular cleaning helps maintain the performance and longevity of your headphones.

- Wipe the headphones with a soft, damp cloth.
- Do not use harsh chemicals or abrasive cleaners.
- Ensure the charging port is dry before connecting the charging cable.

## 5.2 Water Resistance (IP68)

The LibreRun X6 headphones are IP68 rated, making them sweat and water-resistant, suitable for swimming and various weather conditions. However, proper care is still recommended.

- Rinse the headphones with fresh water after exposure to saltwater or chlorinated water.
- Allow the headphones to air dry completely before charging or storing.
- Avoid prolonged submersion beyond specified depths and durations.

## 6. TROUBLESHOOTING

- **No Sound/Intermittent Sound:**
  - Ensure the headphones are within 10 meters of the connected device with no obstructions.
  - Check battery level; intermittent sound may occur when the battery is low. Recharge if necessary.
  - For MP3 playback, ensure audio files are intact.
  - For streaming, ensure a stable network connection.
- **Unable to Pair:**
  - Ensure headphones are in pairing mode (flashing blue and red light).
  - Turn off and on Bluetooth on your device.
  - Forget the device from your Bluetooth list and try pairing again.
- **Charging Issues:**
  - Ensure the magnetic charging cable is securely connected.
  - Try a different USB power source.
