onerbl PS10-BSA

Onerbl 33V AC/DC Adapter Instruction Manual for Ciar SpA Comfort Engineering PS10-BSA

Model: PS10-BSA

Introduction

This manual provides essential instructions for the safe and effective use of your Onerbl 33V AC/DC Adapter. Please read this manual thoroughly before using the product and retain it for future reference.

Product Overview

The Onerbl 33V AC/DC Adapter is a high-quality replacement power supply designed for compatibility with various Ciar SpA Comfort Engineering devices. It features robust construction and integrated safety mechanisms to ensure reliable power delivery.

Package Contents

- 1 x Onerbl AC/DC Adapter

Setup Instructions

Follow these steps to properly set up your AC/DC adapter:

1. **Verify Compatibility:** Ensure your device requires a 33V DC input and has a compatible connector type. This adapter is compatible with Ciar SpA Comfort Engineering models N500080995, N500080989, N500081057, and PS10-BSA.
2. **Connect to Device:** Plug the DC output connector of the adapter into the power input port of your device.
3. **Connect to Power Outlet:** Insert the AC input plug of the adapter into a standard AC 100-240V, 50/60Hz electrical wall outlet.
4. **Power On:** Once connected, your device should receive power.

Operating Instructions

The Onerbl AC/DC Adapter operates automatically once connected to a power source and a compatible device. No user intervention is required for its basic function.

- Ensure the adapter is placed in a well-ventilated area to prevent overheating.
- Avoid covering the adapter during operation.
- Disconnect the adapter from the power outlet when not in use for extended periods.

Safety Features

This adapter is equipped with multiple protection features:

- **Over Voltage Protection:** Safeguards against excessive voltage input.
- **Over Heat Protection:** Prevents damage from high operating temperatures.
- **Short-Circuit Protection:** Protects against electrical shorts.
- **Over-Current Protection:** Guards against excessive current draw.

Image: Diagram illustrating the adapter's smart chip with icons for short-circuit, over-voltage, and over-current protection.

Maintenance

To ensure the longevity and proper functioning of your Onerbl AC/DC Adapter, follow these simple maintenance guidelines:

- **Cleaning:** Disconnect the adapter from all power sources before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Cable Care:** Avoid bending or crimping the power cord excessively. Do not place heavy objects on the cord.
- **Inspection:** Periodically inspect the adapter and its cables for any signs of damage, such as frayed wires or cracked casing. If damage is found, discontinue use immediately.

Troubleshooting

If you encounter issues with your Onerbl AC/DC Adapter, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device not powering on.	• Adapter not properly connected. • Power outlet is not active. • Device incompatibility. • Damaged adapter or cable.	• Ensure both DC and AC connections are secure. • Test the power outlet with another device. • Verify your device's power requirements match the adapter's specifications. • Inspect the adapter and cable for visible damage. If damaged, discontinue use.
Adapter feels hot during operation.	• Normal operation heat. • Poor ventilation. • Overload or internal fault.	• A slight warmth is normal. • Ensure the adapter is in a well-ventilated area and not covered. • If excessively hot, disconnect immediately and check for device compatibility or potential damage.

If the problem persists after attempting these solutions, please contact customer support.

Specifications

Feature	Detail

Feature	Detail
Brand	onerbl
Manufacturer	Shenzhen Waweis Technology Co., Ltd
Input Voltage	AC 100-240V, 50/60Hz
Output Voltage	33V DC
Amperage	0.5 Amps (500mA)
Wattage	12 Watts
Connector Type	Proprietary
Compatible Devices	Ciar SpA Comfort Engineering Art.: N500080995, N500080989, N500081057, 61122 Pesaro (PU), PS10-BSA, PS10BSA
Included Components	1 x AC Adapter
Special Feature	Travel-friendly design
Cable Length	Approximately 76 inches (6.3 feet)
Dimensions (Adapter Body)	Approximately 2.6 inches (length) x 1.6 inches (width) x 1.2 inches (height)
