PACKAGE CONTENTS

Verify that all items are present in the package:

- Rapoo M300G Wireless Mouse (x1)
- USB Receiver (x1)
- AA Battery (x1)
- Product Manual (x1)

PRODUCT OVERVIEW

Familiarize yourself with the components of your Rapoo M300G mouse.

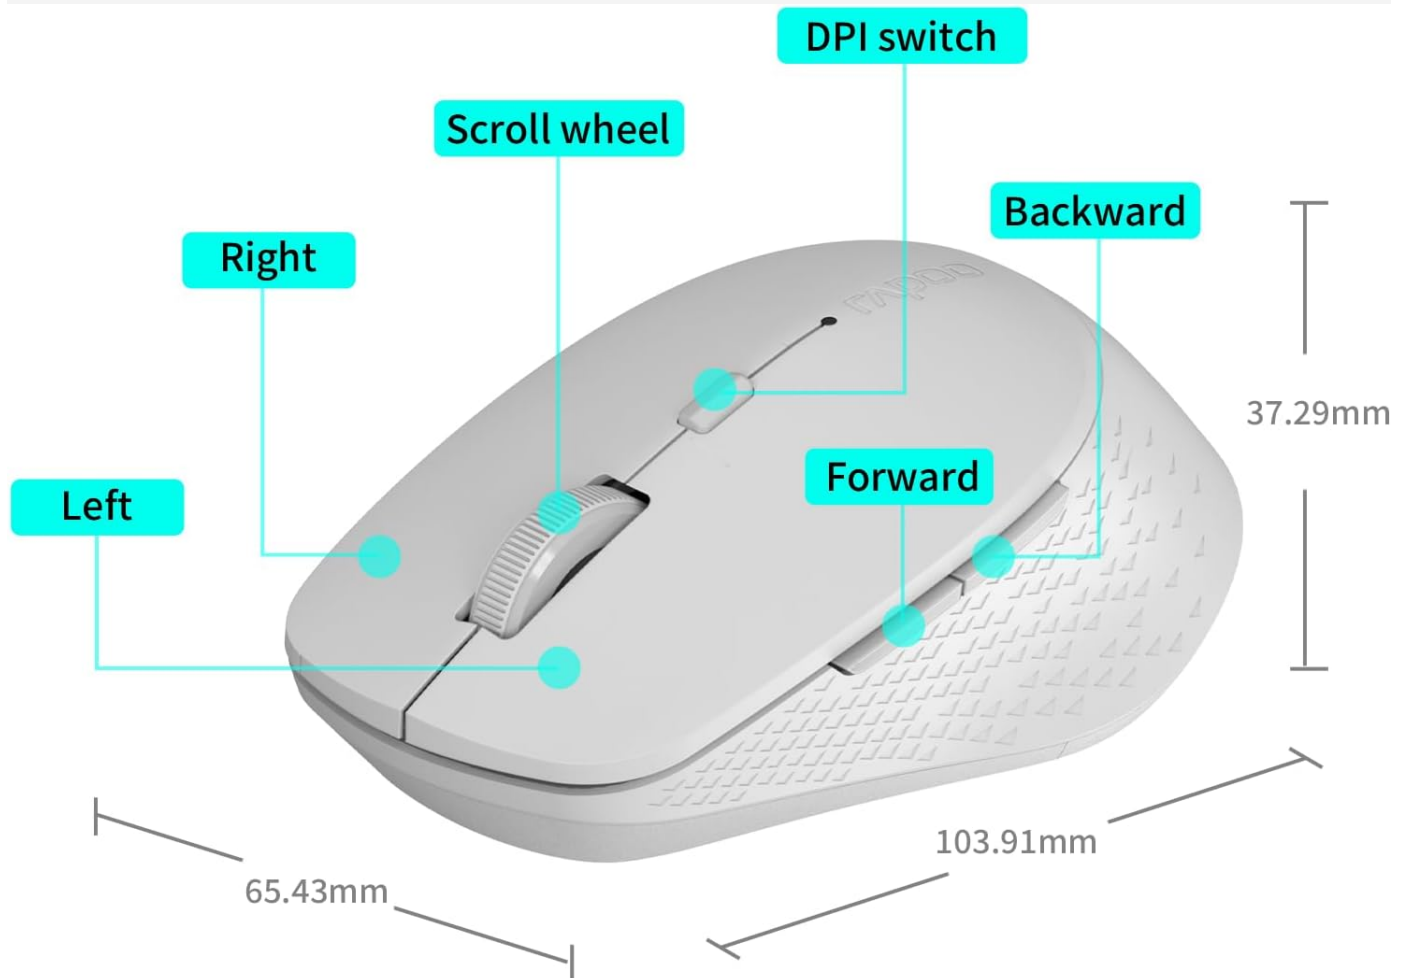

Image: A diagram illustrating the various parts of the Rapoo M300G mouse, including the left and right click buttons, scroll wheel, DPI switch, and forward/backward side buttons.

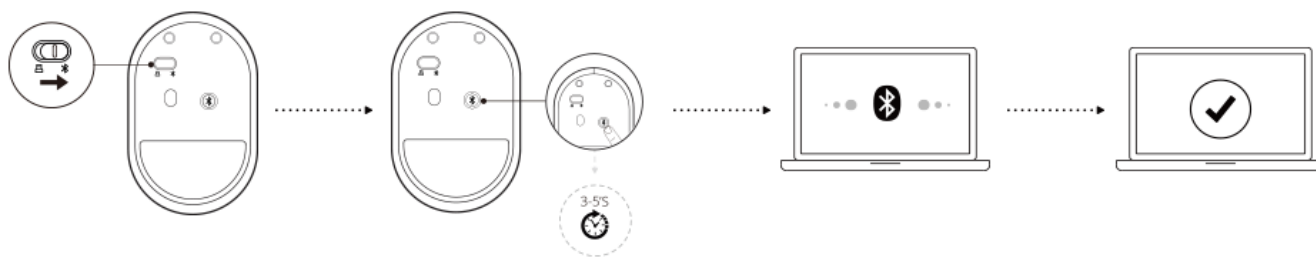

- **Left Button:** Standard click function.
- **Right Button:** Context menu function.
- **Scroll Wheel:** For vertical scrolling and middle-click.
- **DPI Switch:** Adjusts cursor sensitivity.
- **Forward Button:** Navigates forward in web browsers or file explorers.
- **Backward Button:** Navigates backward in web browsers or file explorers.

SETUP INSTRUCTIONS

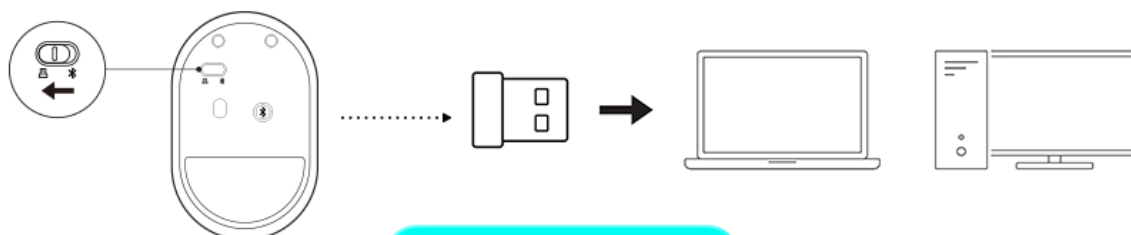

The Rapoo M300G mouse supports both 2.4GHz wireless and Bluetooth connectivity. Choose the method that best suits your device.

1. Battery Installation

Open the battery compartment on the underside of the mouse. Insert the provided AA battery, ensuring correct polarity. Close the compartment.

Bluetooth Mode

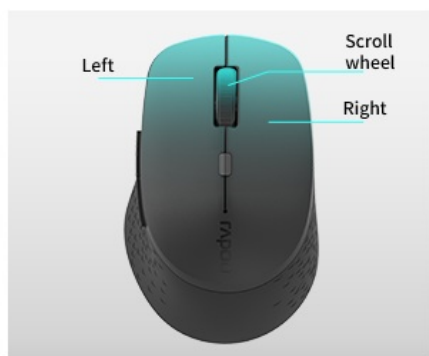

2.4GHz Mode

Image: Illustration of the mouse's underside, highlighting the battery compartment and the integrated USB receiver storage slot.

2. Connecting via 2.4GHz Wireless Mode

1. Locate the USB receiver inside the mouse's battery compartment.
2. Remove the USB receiver and plug it into an available USB port on your computer.
3. Turn on the mouse using the power switch on the underside.
4. The mouse should automatically connect to your computer. No additional drivers are typically required.

Silent Click Buttons

Reduce distraction or annoyance to you and people nearby, great for office, library, apartment.

50M Durable Microswitch

Up to 50,000,000 keystrokes, data collected from Rapoo Product Tests, 2024 Jan-Feb.

Works On Most Surfaces

Suitable for most surfaces including leather, cloth, paper, wood, resin (Not for mirror or glass).

Image: Visual guide for connecting the mouse. The 2.4GHz mode shows the USB receiver being inserted into a computer.

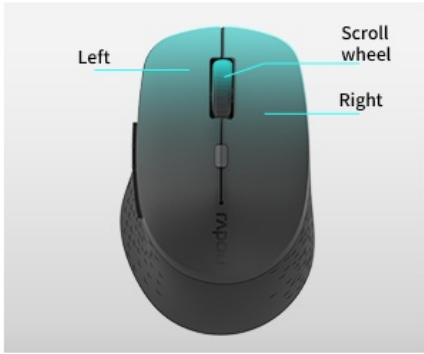

3. Connecting via Bluetooth Mode

The mouse supports Bluetooth 5.0 and 4.0.

1. Turn on the mouse using the power switch on the underside.
2. Press and hold the multifunction button on the underside of the mouse for 3-5 seconds until the indicator light flashes slowly. This indicates pairing mode.
3. On your computer or device, open Bluetooth settings.
4. Search for new devices and select "Rapoo M300G" (or similar) from the list.
5. Follow any on-screen prompts to complete the pairing process. The indicator light will stop flashing once connected.

Image: Diagram detailing the multifunction button on the mouse's underside, explaining its use for DPI adjustment (short press) and Bluetooth pairing (long press).

OPERATING INSTRUCTIONS

1. Switching Between Devices (Multi-Mode)

The Rapoo M300G can connect to two devices simultaneously (one via 2.4GHz, one via Bluetooth). To switch between connected devices, briefly press the multifunction button on the underside of the mouse. The indicator light will change to confirm the active connection mode.

1 Mouse for 2 Devices

Image: The Rapoo M300G mouse demonstrating its ability to connect to two devices simultaneously, one via 2.4GHz and another via Bluetooth.

2. Adjusting DPI (Sensitivity)

The mouse offers 5 adjustable DPI levels: 800, 1000, 1200, 1600, and 2400. To change the DPI, press the DPI switch button located on the top of the mouse, below the scroll wheel. Each press cycles through the available DPI settings.

5 Adjustable DPI

800/1000/1200/1600/2400 DPI for different needs and displays

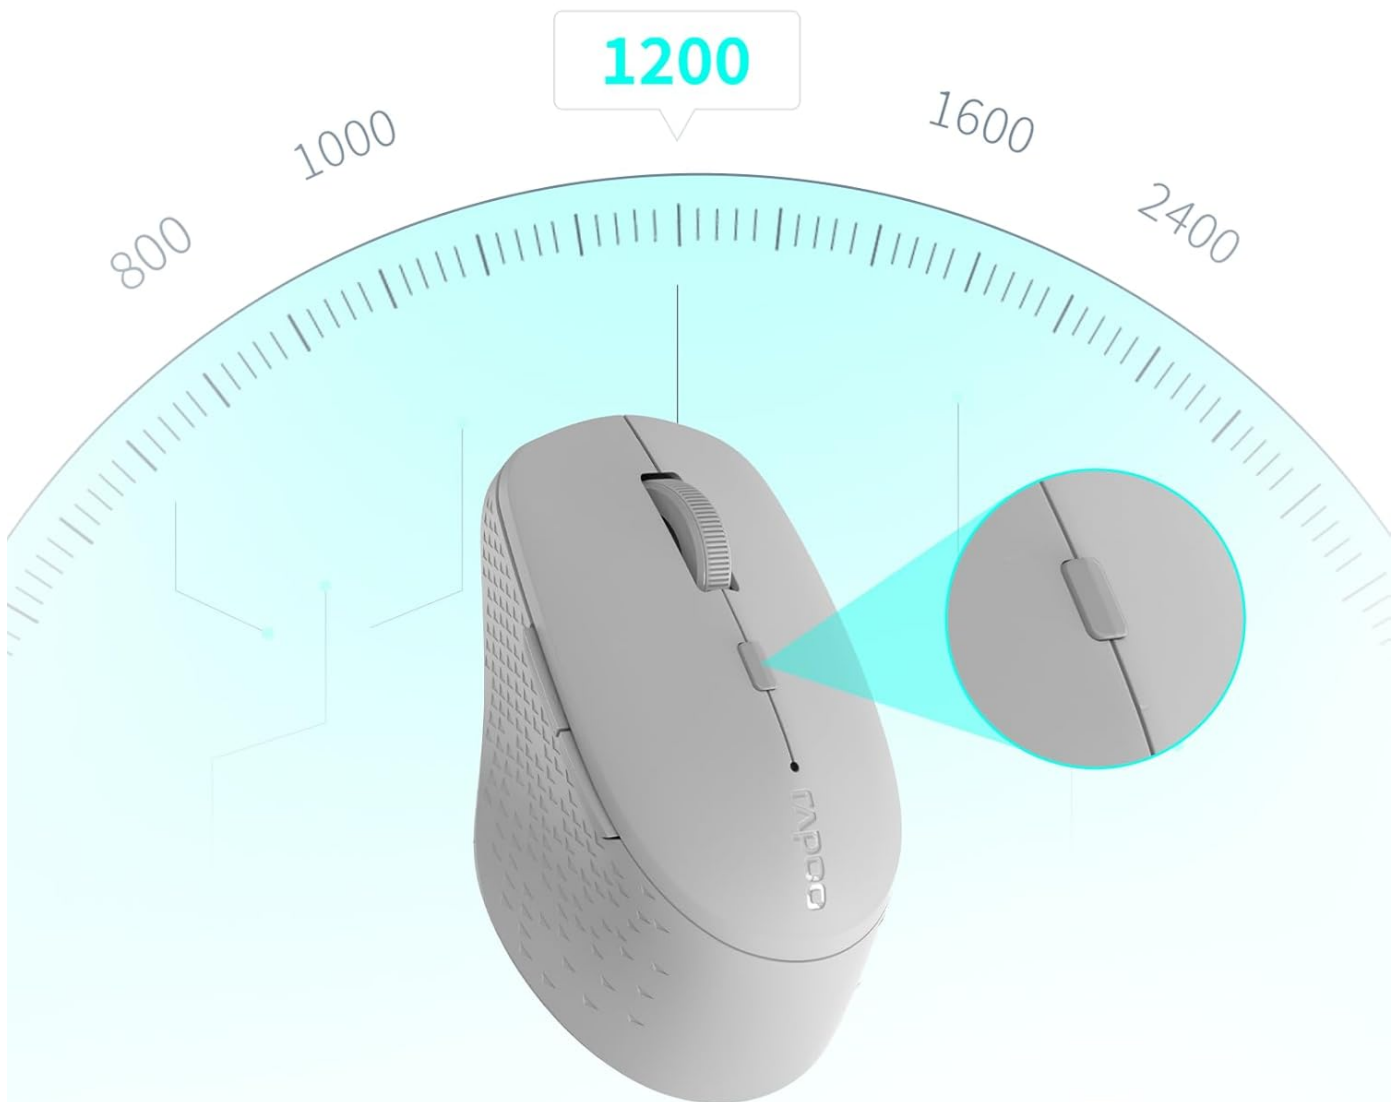

Image: A visual representation of the mouse's adjustable DPI settings, ranging from 800 to 2400, with an arrow pointing to the DPI switch button.

3. Silent Click Feature

The Rapoo M300G features silent click buttons, reducing operational noise by 90%. This design is intended for quiet environments, minimizing disturbance to others.

Noiseless & Durable Click Silent

50,000,000 Click Times

Image: The Rapoo M300G mouse, emphasizing its silent click functionality, suitable for quiet environments.

Multifunction Button Switch

2.4GHz Mode: Short press to adjust DPI
Bluetooth Mode: Short press to adjust DPI,
long press to pair Bluetooth.

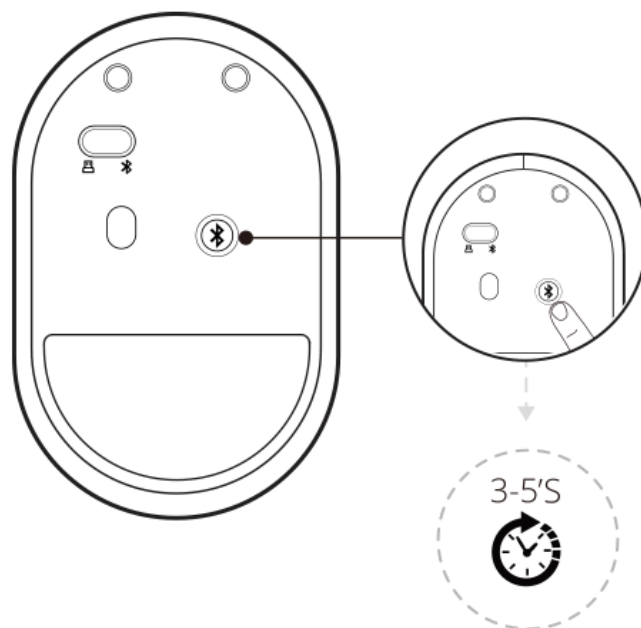

Image: Detailed view of the mouse's silent click buttons, durable microswitches, and its ability to function on various surfaces.

4. Surface Compatibility

The advanced optical tracking engine allows the mouse to operate effectively on various surfaces, including leather, cloth, paper, wood, and resin, without requiring a mouse pad. Performance may vary on glass or mirrored surfaces.

Works On Most Surfaces

Image: The Rapoo M300G mouse positioned on different materials, highlighting its capability to track on diverse surfaces.

MAINTENANCE

1. Battery Replacement

When the mouse performance degrades or the indicator light signals low battery, replace the AA battery. The mouse is designed for low power consumption, offering up to 12 months of battery life under normal conditions.

Upgraded Low Power Bluetooth

Up to 12 months battery life

Image: An illustration emphasizing the Rapoo M300G mouse's extended battery life of up to 12 months.

2. Cleaning

To clean the mouse, use a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, ensuring no moisture enters the internal components. Avoid using harsh chemicals or abrasive materials.

TROUBLESHOOTING

Mouse Not Responding

- **Check Battery:** Ensure the AA battery is correctly installed and has sufficient charge. Replace if necessary.
- **Power Switch:** Verify the mouse is turned on.
- **USB Receiver (2.4GHz Mode):** Ensure the USB receiver is securely plugged into a working USB port. Try a different USB port.

- **Bluetooth Connection (Bluetooth Mode):**
 - Ensure Bluetooth is enabled on your device.
 - Re-enter pairing mode on the mouse (long press multifunction button) and re-pair with your device.
 - Remove the mouse from your device's Bluetooth list and attempt to pair again.
- **Interference:** Move the mouse closer to the receiver/device. Avoid using the mouse near other wireless devices that might cause interference.

Cursor Movement is Erratic

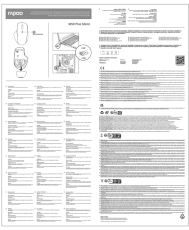

- **Clean Sensor:** Ensure the optical sensor on the underside of the mouse is clean and free from dust or debris.
- **Surface:** Try using the mouse on a different surface. While the mouse works on many surfaces, some highly reflective or uneven surfaces may affect tracking.
- **DPI Setting:** Adjust the DPI setting using the DPI switch button to see if a different sensitivity improves performance.

SPECIFICATIONS

Model	M300G
Connectivity Technology	Bluetooth 5.0, Bluetooth 4.0, 2.4GHz Wireless
Movement Detection Technology	Optical
Adjustable DPI	800 / 1000 / 1200 / 1600 / 2400
Special Features	Silent Clicks, Multi-Device Switching, Portable, Ergonomic Design
Battery Type	1 x AA Battery (included)
Battery Life	Up to 12 months
Product Dimensions	4.09 x 2.57 x 0.04 inches (103.91 x 65.43 x 37.29 mm)
Item Weight	3.52 ounces (100g)
Compatibility	Windows, Mac OS, Linux, iOS, Android, Chrome OS
