3. SETUP AND ASSEMBLY

Follow these steps to set up your mixer grinder for first use:

1. **Unpack:** Carefully remove all components from the packaging.
2. **Clean Jars:** Wash all jars and lids with mild soap and water, then dry thoroughly.
3. **Place Base Unit:** Position the mixer grinder base unit on a stable, flat, and dry surface.
4. **Attach Jar:** Place the desired jar onto the base unit. Ensure it is securely seated.
5. **Secure Lid:** Place the lid on the jar and engage the anti-gravity lid locks by pushing them down until they click into place.
6. **Connect Power:** Plug the power cord into a suitable electrical outlet.

4. OPERATING INSTRUCTIONS

Speed Control and Modes

The Atomberg Zenova Mixer Grinder features a knob control for adjusting speed and selecting modes:

- **Pulse:** Use for short bursts of power to chop or mix ingredients quickly.
- **Speed Settings (1-3):** Gradually increase speed for various grinding tasks.
- **Coarse Mode:** A unique setting designed for achieving a sil-batta-like coarse texture.

Coarse Mode Operation

The Coarse Mode is ideal for preparing chutneys, dips, and masalas that require a distinct, grainy texture. To activate, turn the knob to the 'Coarse' setting. This mode carefully grinds ingredients to prevent over-processing, preserving authentic flavors and textures.

All-new **Coarse Mode™**
for silbatta-like coarse textures

**Ordinary
Mixer Grinders**

Watery texture,
poor taste

**Atomberg's
Coarse Mode™**

Perfect grinding, coarse texture,
magical taste

Silbatta

Jar Usage Guidelines

Each jar is designed for optimal performance in specific applications:

- **1.5L Liquidizing Jar:** Ideal for wet grinding, making smoothies, shakes, and batters.
- **1L Multipurpose Jar:** Suitable for dry grinding spices, nuts, and tough ingredients like turmeric.
- **0.5L Chutney & Spice Grinding Jar:** Perfect for small quantities of chutneys, pastes, and fine spice grinding.
- **0.5L Chopper Jar:** Designed for quick and efficient chopping of vegetables like onions and other ingredients.

Grinds every ingredient that a 1000W* mixer can

Chopping

Onions & vegetables

Knife & Chopping Board

Coarse Grinding

Chutney, thecha & minced meat

Silbatta

Wet Grinding

Idli & dosa batters

Wet Grinder

Tough Grinding

Haldi, masalas & coffee beans

1000W Mixer Grinder

Intelligent Motor for a wide range of speeds

*Tested & Validated by an NABL Accredited External Lab for 10 categories of hard, soft & leafy ingredients

Figure 5: An illustration of the mixer grinder's versatility, showing different ingredients being processed for chopping, coarse grinding, wet grinding, and tough grinding.

Chopping made easy

Perfectly chops daily vegetables like onions and tomatoes in seconds

Best suited for:

Vegetables & fruits

Minced meat & paneer

Nuts & dry fruits

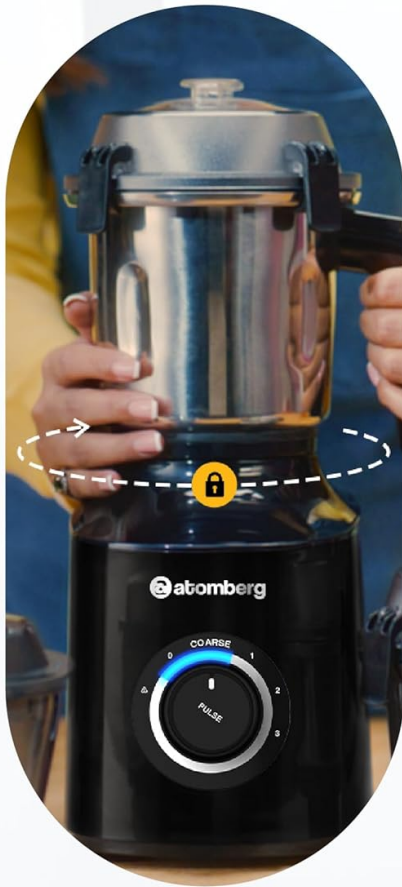

Figure 6: The chopper jar in action, demonstrating its effectiveness in quickly chopping vegetables like onions.

5. SAFETY FEATURES

The Atomberg Zenova Mixer Grinder incorporates advanced safety features for a worry-free experience:

- **Jar Lock Detection:** The mixer will only operate when the jar is securely locked onto the base unit, preventing accidental starts.
- **Fault LED Indication:** An LED indicator alerts you to potential issues such as overloading, allowing you to take corrective action.
- **No Auto-Restart After Power Cuts:** The appliance will not automatically restart after a power interruption, enhancing safety.
- **Anti-Gravity Lid Locks:** These locks ensure the lids remain securely in place during operation, preventing spills and ensuring hands-free use.

Advanced safety features

Jar lock detection

Starts only when securely locked

Fault indication

Alerts overloading

No auto restart

Prevents accidental start post power-cuts

6. CARE AND MAINTENANCE

Proper care and maintenance will extend the life of your mixer grinder:

- **Cleaning the Base Unit:** Wipe the base unit with a damp cloth. Do not immerse it in water.
- **Cleaning Jars and Lids:** Wash jars and lids with mild detergent and water. Rinse thoroughly and dry immediately. **Note: Jars are not dishwasher safe.**
- **Ventless Design:** The ventless body design prevents dust, pests, and moisture from entering the motor, making cleaning hassle-free and improving durability.
- **Storage:** Store the mixer grinder and its accessories in a clean, dry place when not in use.

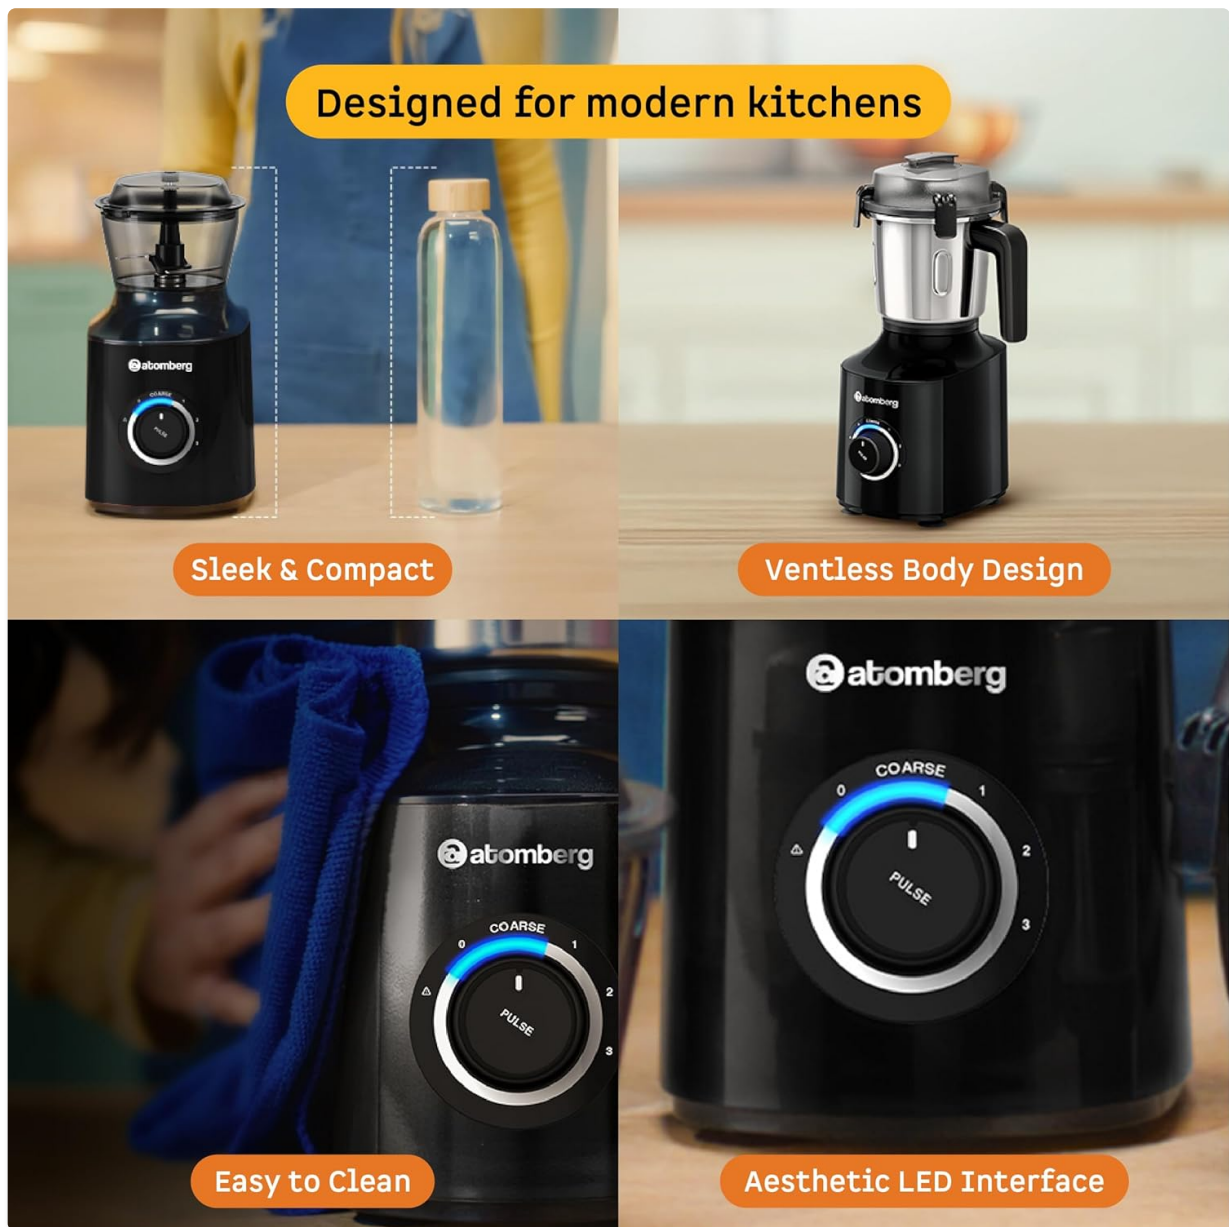

Figure 8: The sleek, ventless design of the mixer grinder, highlighting its ease of cleaning and modern aesthetic.

7. TROUBLESHOOTING

If you encounter any issues, refer to the table below for common problems and solutions:

Problem	Possible Cause	Solution
Mixer does not start	Power cord not plugged in, jar not locked, power outage.	Ensure power cord is securely plugged in. Lock the jar properly. Check power supply.
Motor stops during operation	Overloading, overheating.	Reduce quantity of ingredients. Allow motor to cool down for 15-20 minutes.
Ineffective grinding	Insufficient liquid (for wet grinding), blunt blades, incorrect speed setting.	Add more liquid. Contact customer care for blade replacement. Adjust speed setting.
Leakage from jar	Lid not properly secured, worn-out gasket.	Ensure lid is tightly closed and anti-gravity locks are engaged. Check and replace gasket if worn.

8. TECHNICAL SPECIFICATIONS

- **Brand:** Atomberg
- **Model Name:** Atomberg Zenova Mixer Grinder
- **Colour:** Black
- **Product Dimensions:** 36.5D x 33.5W x 29.1H Centimeters
- **Special Features:** Coarse Mode, Advanced Safety Features, Sleek Design, Adjustable Speed Control
- **Capacity:** 1.5 litres (Liquidizing Jar)
- **Controls Type:** Knob Control
- **Is Dishwasher Safe:** No
- **Manufacturer:** Atomberg Technologies Pvt. Ltd.
