

CHEFREE AF300

CHEFREE AF300 Air Fryer User Manual

Model: AF300 | Brand: CHEFREE

INTRODUCTION

Thank you for choosing the CHEFREE AF300 Air Fryer. This 2-liter, 4-in-1 multi-cooker is designed for efficient, oil-free cooking, offering a healthier alternative to traditional frying. Its compact design and user-friendly digital touch screen make it a convenient addition to any kitchen. This manual provides essential information for safe operation, maintenance, and troubleshooting to ensure you get the most out of your appliance.

IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons.

- Read all instructions before using the appliance.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against electric shock, do not immerse cord, plugs, or main unit in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner.
- The use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Extreme caution must be used when moving an appliance containing hot oil or other hot liquids.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to "off", then remove plug from wall outlet.
- Do not use appliance for other than intended use.
- Ensure the basket is properly inserted before operating.
- The appliance is equipped with heat-resistant ergonomic handles and automatic shut-off protection when the basket is removed.

PRODUCT COMPONENTS

The CHEFFREE AF300 Air Fryer consists of the following main components:

- Main Unit with Digital Touch Screen Display
- Removable Frying Basket
- Non-stick Crisper Plate (inside the basket)
- Power Cord

BEFORE FIRST USE

Before using your CHEFREE AF300 Air Fryer for the first time, please follow these steps:

1. Remove all packaging materials, stickers, and labels from the appliance.
2. Clean the frying basket and crisper plate thoroughly with hot water, dish soap, and a non-abrasive sponge.
3. Wipe the inside and outside of the main unit with a damp cloth. Do not immerse the main unit in water.
4. Ensure all parts are completely dry before use.

SETUP

Setting up your air fryer is quick and easy:

1. Place the air fryer on a stable, heat-resistant surface, away from walls or other appliances to allow for proper air circulation.
2. Insert the crisper plate into the frying basket.
3. Slide the assembled frying basket back into the main unit until it clicks into place.
4. Plug the power cord into a grounded wall outlet. The digital display will illuminate.

OPERATING INSTRUCTIONS

The CHEF FREE AF300 offers a versatile 4-in-1 cooking experience. Follow these steps for general operation:

Basic Operation:

1. **Power On:** Press the power button () on the digital display.
2. **Preheat (Optional):** For best results, preheat the air fryer for 3-5 minutes at the desired cooking temperature.

3. **Load Food:** Carefully place your food into the frying basket. Do not overfill the basket to ensure even cooking.
4. **Set Temperature and Time:** Use the temperature (+ / -) and time (+ / -) controls on the digital display to adjust settings according to your recipe. The display shows temperature and time separately for easy monitoring.
5. **Start Cooking:** Press the start/pause button ►) to begin cooking.
6. **Shake/Flip Food:** For even cooking, especially with smaller items, shake or flip the food halfway through the cooking process. The air fryer will pause automatically when the basket is removed.
7. **Cooking Complete:** The air fryer will beep when the cooking cycle is complete. Carefully remove the basket and transfer food to a serving dish.

4-in-1 Multifunction Modes:

The CHEFREE AF300 offers four primary cooking functions:

- **Air Fry:** Ideal for crispy foods like fries, chicken wings, and nuggets. Uses hot air circulation to achieve a fried texture with minimal to no oil.
- **Roast:** Perfect for roasting meats, vegetables, or even small whole chickens.
- **Bake:** Suitable for baking cakes, muffins, or other desserts.
- **Reheat:** Convenient for warming up leftovers while maintaining their texture.

CLEANING AND MAINTENANCE

Proper cleaning and maintenance will extend the life of your CHEFFREE AF300 Air Fryer.

Daily Cleaning:

1. Unplug the air fryer and allow it to cool completely before cleaning.
2. Remove the frying basket and crisper plate.
3. Wash the basket and crisper plate with hot water, dish soap, and a non-abrasive sponge. These parts are also **dishwasher safe**.
4. Wipe the exterior of the main unit with a damp cloth. Do not use abrasive cleaners or scourers.
5. Clean the interior of the main unit with a damp cloth, removing any food residue.

LAVABLE AU LAVE-VAISSELLE

Grâce au matériau antiadhésif, les accessoires de l'AF300 peuvent être lavés au lave-vaisselle

Image: The removable basket and crisper plate are dishwasher safe, simplifying the cleaning process.

Storage:

Store the air fryer in a cool, dry place when not in use. Ensure it is clean and dry before storage.

TROUBLESHOOTING

If you encounter any issues with your CHEFEE AF300 Air Fryer, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Air fryer does not turn on.	Not plugged in; power outlet malfunction; basket not properly inserted.	Ensure the power cord is securely plugged into a working outlet. Check if the basket is fully pushed in until it clicks.

Problem	Possible Cause	Solution
Food is not cooked evenly.	Basket is overfilled; food not shaken/flipped.	Do not overfill the basket. Shake or flip food halfway through cooking.
White smoke coming from the appliance.	Grease residue from previous use; fatty ingredients.	Clean the basket and crisper plate thoroughly after each use. For fatty foods, you can add a little water to the bottom of the outer pan to prevent smoke.
Food is not crispy.	Too much moisture; not enough oil (for certain foods); temperature too low.	Pat food dry before air frying. Lightly coat some foods with oil for crispiness. Increase temperature or cooking time slightly.

If the problem persists, please contact CHEFFREE customer support.
