## MAINTENANCE

Proper care will ensure the longevity of your Wishalife City Police Station Toy Building Set.

- **Cleaning:** To clean the building blocks, gently wipe them with a damp cloth using mild soap and water. Avoid harsh chemicals or abrasive cleaners, as these can damage the plastic. Ensure all parts are completely dry before storage.
- **Storage:** Store the set in a cool, dry place away from direct sunlight and extreme temperatures. Keeping the blocks in their original container or a dedicated storage bin will help prevent loss of pieces and protect them from dust.
- **Inspection:** Periodically inspect all pieces for any signs of wear or damage. Replace any broken or severely worn parts to maintain safety and playability.

## TROUBLESHOOTING

- **Missing Pieces:** If you discover any missing pieces during assembly, please double-check the packaging and all sorted piles. If a piece is genuinely missing, contact WishaLife customer support for assistance.
- **Difficulty Connecting Pieces:** Ensure that the pieces are correctly oriented and aligned. Apply gentle, even pressure. If a piece is consistently difficult to connect or seems ill-fitting, verify it is the correct piece according to the instruction manual.
- **Unstable Structures:** If a part of your model feels unstable, re-examine the assembly steps for that section in the instruction manual. Ensure all connections are secure and no steps were missed.
