SETUP

1. Battery Installation

1. Unscrew the top cap of the stylus to reveal the battery compartment.
2. Insert one AAAA alkaline battery (not included) into the compartment, ensuring correct polarity.
3. Screw the top cap back on securely.

2. Initial Use

Once the battery is installed, the stylus is ready for direct use with compatible devices. No pairing or additional setup is typically required.

OPERATING INSTRUCTIONS

Using the Stylus

The GOWENIC ME-MPP303 Stylus is designed for intuitive use, mimicking the feel of a traditional pen on paper.

- **Writing and Drawing:** Simply touch the pen tip to the screen of your compatible device. The 4096 levels of pressure sensitivity allow for varied line thickness and shading based on the pressure applied.

- **Customizable Buttons:** The stylus features two personalized buttons. These buttons can be configured within your device's settings or specific applications to perform various functions, such as erasing, right-clicking, or launching shortcuts. Refer to your device's operating system or application settings for customization options.

FOR HP TOUCH SCREEN PEN

Easy to use

Experience the accuracy of a pen tip with just a little pressure to edit, draw, write, scribble, and more
4096 levels of pressure sensing

Sensitive feedback with a light touch

Feel comfortable in your hand for better detail

Customize your pen controls with 2 personalized buttons
for your comfort

Feels just like a real pen on paper

It detects over a thousand minutes of pressure changes as you write

MAINTENANCE

Replacing Pen Tips

Over time, the pen tip may wear down. Replace it with one of the provided spare tips to maintain optimal performance.

1. Gently pull the old pen tip straight out from the stylus.
2. Insert a new pen tip firmly into the stylus until it clicks into place.

Cleaning the Stylus

To clean the stylus, wipe it with a soft, dry, lint-free cloth. Avoid using harsh chemicals or abrasive materials.

TROUBLESHOOTING

Stylus Not Responding

- **Check Battery:** Ensure the AAAA battery is correctly installed and has sufficient charge. Replace the battery if necessary.
- **Check Compatibility:** Verify that your device is listed as compatible with the ME-MPP303 stylus.
- **Restart Device:** Sometimes, restarting your device can resolve connectivity issues.
- **Check Pen Tip:** Ensure the pen tip is securely inserted and not damaged. Replace if worn or broken.

Inaccurate or Intermittent Input

- **Clean Screen:** Ensure your device's screen is clean and free of smudges or debris.
- **Replace Pen Tip:** A worn tip can affect accuracy. Replace it with a new one.
- **Environmental Factors:** Strong electromagnetic interference can sometimes affect stylus performance. Try using the stylus in a different environment.

WARRANTY AND SUPPORT

For warranty information and technical support, please refer to the documentation provided with your purchase or contact GOWENIC customer service. Keep your proof of purchase for any warranty claims.
