

Cecotec CM 602200

Cecotec Bolero Flux CM 602200 Black Range Hood User Manual

Model: CM 602200 | Brand: Cecotec

1. INTRODUCTION

This manual provides comprehensive instructions for the safe and efficient operation, installation, and maintenance of your Cecotec Bolero Flux CM 602200 Black Range Hood. Please read this manual thoroughly before using the appliance and retain it for future reference.

2. SAFETY INSTRUCTIONS

To ensure safe operation, always adhere to the following precautions:

- Ensure the power supply voltage matches the rating label on the appliance.
- Disconnect the appliance from the power supply before cleaning or maintenance.
- Installation must be performed by a qualified technician in accordance with local regulations.
- Do not operate the range hood without the grease filters properly installed.
- Avoid direct flame under the range hood.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.

3. PRODUCT OVERVIEW

The Cecotec Bolero Flux CM 602200 is a 60cm wide under-cabinet range hood designed to efficiently remove cooking odors and steam from your kitchen. It features a sleek black finish and mechanical controls for ease of use.

Figure 3.1: Front view of the Cecotec Bolero Flux CM 602200 Black Range Hood.

Key Features:

- **60 cm Wide Design:** Suitable for standard kitchen setups.
- **220 m³/h Suction Power:** Effectively removes cooking fumes and odors.
- **70W Motor:** Provides efficient air extraction.
- **Energy Class B:** High efficiency with reduced consumption.
- **3 Power Levels:** Adjustable suction power for various cooking needs.
- **Mechanical Control:** Simple and intuitive push-button operation.
- **Integrated Lighting:** Illuminates your cooking area.
- **Black Finish:** Modern and minimalist aesthetic.

4. SETUP AND INSTALLATION

The Cecotec Bolero Flux CM 602200 is designed for under-cabinet mounting. A mounting kit and user manual are included for installation. Professional installation is recommended.

Dimensions:

- Length: 48 cm
- Width: 59.5 cm
- Height: 8.2 cm
- Weight: 4.4 kg

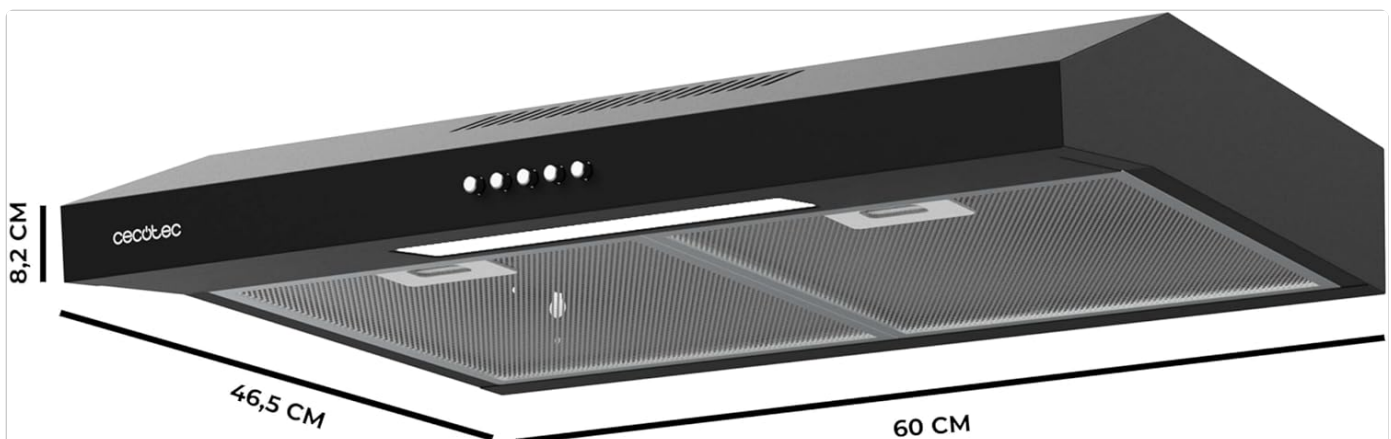

Figure 4.1: Product dimensions for installation reference.

Ensure adequate clearance above the cooking surface as specified by local building codes and the appliance's safety guidelines. The range hood operates as an extraction hood, requiring proper ducting to the outside.

5. OPERATING INSTRUCTIONS

The range hood is controlled via mechanical push-buttons located on the front panel.

Figure 5.1: Mechanical push-button controls for easy operation.

Controls:

- **Power On/Off Button:** Activates or deactivates the range hood.
- **Speed Selection Buttons (1, 2, 3):**
 - **Level 1:** Low speed for light cooking or simmering.
 - **Level 2:** Medium speed for general cooking.
 - **Level 3:** High speed for intense cooking or frying.
- **Light Button:** Turns the integrated cooking area light on or off.

Figure 5.2: The range hood offers three distinct power levels to match your cooking intensity.

Select the appropriate power level based on the amount of steam and odors generated during cooking. For optimal performance, switch on the range hood a few minutes before you start cooking and leave it on for a few minutes after you finish.

6. MAINTENANCE

Regular maintenance ensures the longevity and efficiency of your range hood. Always disconnect the appliance from the power supply before performing any maintenance.

Grease Filter Cleaning:

The range hood is equipped with metal grease filters designed to trap grease particles from cooking fumes. These filters should be cleaned regularly (e.g., monthly, depending on usage) to maintain optimal suction power and prevent fire hazards.

Figure 6.1: Multi-layer grease filters effectively capture cooking grease.

- To remove filters, locate the release latches and gently pull them down.
- Clean the filters by hand in warm soapy water or in a dishwasher on a low-temperature cycle.
- Ensure filters are completely dry before re-installing them.

Exterior Cleaning:

Wipe the exterior surfaces with a soft cloth dampened with mild detergent. Do not use abrasive cleaners or corrosive substances.

7. TROUBLESHOOTING

If you encounter issues with your range hood, refer to the following common troubleshooting steps:

- **No Power:** Check if the appliance is properly plugged in and if the circuit breaker has tripped.
- **Low Suction Power:** Ensure grease filters are clean and not clogged. Verify that the ducting is clear and not

obstructed.

- **Excessive Noise:** Check for loose components or obstructions in the fan. Ensure the range hood is securely mounted.
- **Lights Not Working:** Check if the light bulb needs replacement (if applicable) or if there's a loose connection.

If the problem persists after attempting these steps, contact customer support.

8. TECHNICAL SPECIFICATIONS

Below are the detailed technical specifications for the Cecotec Bolero Flux CM 602200 Range Hood:

Feature	Specification
Brand	Cecotec
Model Number	02857 (CM 602200)
Dimensions (L x W x H)	48 x 59.5 x 8.2 cm
Weight	4.4 Kilograms
Material	Stainless Steel
Finish	Powder Coating (Black)
Control Type	Push-button (Mechanical)
Number of Speeds	3
Suction Power (Airflow Capacity)	220 m³/h
Motor Power	70 W
Voltage	230 Volts
Noise Level	68 Decibels (max)
Energy Efficiency Class	B
Special Feature	Grease Filter
Mounting Type	Under Cabinet Mount
Included Components	Range Hood, Mounting Kit, User Manual
EU Spare Parts Availability	10 Years
