

## RL LIVE YOUR LIGHT R57791102

# Reality Leuchten Maxima LED Table Lamp

Model: R57791102

## INTRODUCTION

Thank you for choosing the Reality Leuchten Maxima LED Table Lamp. This versatile and portable lamp is designed to provide flexible lighting solutions for various environments. Featuring a magnetic connection, it can be easily attached to the included stand, wall mount, or clamping device, offering multiple usage options. This manual provides essential information for the safe and efficient operation of your new lamp.

## SAFETY INSTRUCTIONS

- Read all instructions carefully before use and retain for future reference.
- Do not expose the lamp to water or excessive moisture.
- Do not attempt to disassemble or modify the lamp. This product contains an integrated LED light source that is not user-replaceable.
- Use only the provided USB-C cable for charging.
- Keep out of reach of children and pets.
- Ensure the lamp is placed on a stable surface when using the stand, or securely mounted when using the wall mount or clamp.
- Avoid direct eye exposure to the light source.

## PACKAGE CONTENTS

Please check the package for the following items:

- Maxima LED Lamp (1 unit)
- Table Stand (1 unit)
- Wall Mount (1 unit)
- Clamping Device (1 unit)
- USB-C Charging Cable (1 unit)

## SETUP

---

### Charging the Lamp

Before first use, fully charge the lamp's battery. Connect the included USB-C cable to the charging port on the lamp and the other end to a compatible USB power adapter (not included). Charging takes approximately 3 hours. A full charge provides

approximately 3 hours of light duration.

### Attaching the Lamp to Accessories

The Maxima lamp features a magnetic base for easy attachment to its various accessories:

1. **Table Stand:** Simply place the lamp's magnetic base onto the designated magnetic point on the table stand. Ensure it is stable.
2. **Wall Mount:** Secure the wall mount to a clean, flat surface using appropriate fasteners (not included). Once mounted, attach the lamp's magnetic base to the magnetic point on the wall mount.
3. **Clamping Device:** Open the clamp and secure it to a suitable edge (e.g., shelf, desk). Then, attach the lamp's magnetic base to the magnetic point on the clamping device.

## OPERATING INSTRUCTIONS

### Power On/Off and Brightness Adjustment

The Maxima lamp features a touch sensor for control:

- **To Turn On:** Lightly touch the sensor area on the lamp.
- **To Adjust Brightness:** Continue to touch the sensor area to cycle through three different brightness levels.
- **To Turn Off:** After cycling through all brightness levels, the next touch will turn the lamp off.

## MAINTENANCE

To ensure the longevity and optimal performance of your Maxima LED Lamp:

- **Cleaning:** Disconnect the lamp from any power source before cleaning. Wipe the lamp with a soft, dry cloth. Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish or internal components.
- **Storage:** When not in use for extended periods, store the lamp in a cool, dry place.
- **Battery Care:** To maintain battery health, avoid completely draining the battery frequently. Recharge the lamp regularly, even if not in constant use.

## TROUBLESHOOTING

| Problem                | Possible Cause       | Solution                               |
|------------------------|----------------------|--|
| Lamp does not turn on. | Battery is depleted. | Charge the lamp using the USB-C cable. |

| Problem                        | Possible Cause                       | Solution   |
|--------------------------------|--------------------------------------|--|
| Lamp does not charge.          | Faulty USB-C cable or power adapter. | Try a different USB-C cable or power adapter. Ensure connections are secure. |
| Light is dim or flickers.      | Low battery.                         | Recharge the lamp.   |
| Touch control is unresponsive. | Sensor area is dirty or obstructed.  | Clean the sensor area with a soft, dry cloth.                                |
