4D Build 6070809

4D Build Star Wars Imperial Tie Fighter 3D Model Kit

Model: 6070809

Introduction What's Included Assembly Instructions Display and Care Specifications Safety Information Troubleshooting Warranty & Support

1. Introduction

This manual provides detailed instructions for assembling, displaying, and maintaining your 4D Build Star Wars Imperial Tie Fighter 3D Model Kit. This kit allows you to construct a detailed replica of the iconic Imperial Tie Fighter from the Star Wars universe. Designed for enthusiasts aged 12 and up, this model offers an engaging building experience resulting in a display-ready piece.

The completed 4D Build Imperial Tie Fighter model, showcasing its detailed design and display stand.

2. What's Included

Your 4D Build Imperial Tie Fighter 3D Model Kit contains the following components:

- 6 Cardstock Sheets with 120 punch-out pieces
- 1 Tube of Glue
- Instruction Manual

The kit includes multiple sheets of pre-cut cardstock pieces, ready to be punched out for assembly.

3. Assembly Instructions

Follow the step-by-step instructions provided in the included manual to assemble your Imperial Tie Fighter model. No additional tools are strictly required, as the pieces are designed to punch out easily and interlock.

3.1 General Assembly Steps

1. Carefully punch out all 120 pieces from the 6 cardstock sheets.
2. Refer to the instruction manual for the correct sequence and orientation of pieces.
3. Interlock the pieces by aligning tabs with corresponding slots.
4. Use the provided glue to secure connections where indicated or for added stability. It is recommended to apply glue only after confirming the correct placement of pieces.
5. Assemble the display stand according to its specific instructions.

3.2 Assembly Tips

- While no tools are required, small tools such as tweezers, fine scissors, or a paperclip can assist in punching out smaller pieces or manipulating tabs for a cleaner build.
- The included glue is suitable, but standard craft glue can also be used. Apply sparingly.
- Avoid gluing pieces until you are certain of their correct position, as repositioning can be difficult once glue sets.

The durable cardstock pieces interlock to form the model, designed for easy assembly by teens and adults.

4. Display and Care

The 4D Build Imperial Tie Fighter is designed as a display model and is not intended for active play. Once assembled, it serves as an authentic addition to any collection or as decorative piece.

4.1 Displaying Your Model

- Place the completed model on its included display stand on a flat, stable surface.

- The model measures approximately 7.8 inches (20 cm) in height, 8.5 inches (21.5 cm) in width, and 13.2 inches (33.5 cm) in length. Ensure adequate space for display.

4.2 Care Instructions

- Keep the model away from direct sunlight, excessive heat, and moisture to prevent warping or fading of the cardstock.
- Dust the model gently with a soft, dry cloth or a soft brush. Avoid using liquid cleaners.
- Handle the model with care to prevent bending or damaging the delicate cardstock pieces.

The finished model is designed for display, making it a perfect addition to any room's decor.

5. Specifications

Feature	Detail

Brand	4D Build
Model Name	4D Build Star Wars Imperial Tie Fighter
Item Model Number	6070809
Number of Pieces	120

Assembled Dimensions (L x W x H)	13.2 x 8.5 x 7.8 inches (33.5 x 21.5 x 20 cm)
Recommended Age	12 years and up
Manufacturer	Spin Master

6. Safety Information

- **Choking Hazard:** This kit contains small parts and is not suitable for children under 3 years of age.
- **Adhesive Safety:** Use the included glue in a well-ventilated area. Avoid contact with eyes and skin. In case of contact, rinse thoroughly with water. Keep out of reach of small children.
- **Sharp Edges:** While pieces are designed for safe handling, exercise caution when punching out and assembling to avoid minor cuts from cardstock edges.

7. Troubleshooting

- **Difficulty with Instructions:** If a step seems unclear, re-read the instructions carefully and examine the diagrams. Sometimes, a different perspective can clarify the process.
- **Bending Tabs:** The cardstock tabs can bend if not handled gently. If a tab bends, carefully straighten it before attempting to insert it into a slot. Using a small, flat tool like a paperclip can help guide tabs.
- **Loose Connections:** If pieces do not hold together firmly, apply a small amount of the included glue to the tabs or connection points for added stability. Allow sufficient drying time.
- **Missing or Damaged Pieces:** In the rare event of missing or damaged pieces, please contact customer support for assistance.

8. Warranty & Support

For product support, inquiries, or to report any issues with your 4D Build Imperial Tie Fighter 3D Model Kit, please contact the manufacturer, Spin Master, directly through their official website or customer service channels. Please retain your proof of purchase for any warranty claims.
