2. SETUP GUIDE

Follow these steps to get your DOOGEE T30SE Tablet ready for use.

2.1 Initial Power On

To power on your tablet for the first time, press and hold the power button located on the side of the device for 3-5 seconds until the screen illuminates. Follow the on-screen prompts to select your language and region.

2.2 SIM Card and Storage Expansion

The DOOGEE T30SE supports dual SIM cards and expandable storage up to 1TB via a TF card (sold separately). Use the provided SIM ejector tool to open the SIM tray.

4. MAINTENANCE

Proper care ensures the longevity of your DOOGEE T30SE Tablet.

4.1 Charging

Use the included charger and Type-C data cable to charge your tablet. Connect the Type-C end to the tablet's charging port and the USB-A end to the power adapter, then plug into a wall outlet.

4.2 General Care

The tablet features a 7.6mm ultra-thin metal body. Handle with care to prevent damage. Keep the screen clean using a soft, lint-free cloth. Avoid exposing the tablet to extreme temperatures or moisture.

5. TROUBLESHOOTING

If you encounter any issues with your DOOGEE T30SE Tablet, consider the following general troubleshooting tips:

- **Device Not Responding:** Press and hold the power button for about 10 seconds to force a restart.

- **Connectivity Issues:** Ensure Wi-Fi or mobile data is enabled and you are within range. Try restarting your router or checking your SIM card insertion.

- **App Performance:** Close background applications. Clear app cache via **Settings** > **Apps** > [App Name] > **Storage & Cache**.

- **Battery Drain:** Reduce screen brightness, disable unused features like Bluetooth or GPS, and close power-intensive apps.

- **Software Updates:** Regularly check for system updates via **Settings** > **System** > **System update** to ensure optimal performance and security.

For more detailed assistance, refer to the support information in Section 7.
